

## DIVISION B – ZIKA RESPONSE AND PREPAREDNESS APPROPRIATIONS

The Act includes \$1,108,094,000 in fiscal year 2016 appropriations for Zika response and preparedness. These funds will provide the Department of Health and Human Services and Department of State, and the U.S. Agency for International Development, with additional resources to combat the Zika virus.

Within the funds provided for Centers for Disease Control and Prevention (CDC), a robust level of funding is intended to support mosquito control efforts conducted by State, county, or municipal programs, including mosquito control districts. CDC should consider the risk of active or local transmission of the Zika virus when allocating such funds.

The Secretary of Health and Human Services is encouraged to update the Healthcare Common Procedure Coding System to account for specific coding requirements and adequate reimbursement rates for Zika diagnostic tests recognized by the Food and Drug Administration.

Funds provided in the fifth proviso under the Public Health and Social Services Emergency Fund shall be administered by the Centers for Medicare and Medicaid Services to reimburse for costs of health conditions related to the Zika virus.

A table displaying additional detail for the funding in division B follows:
