

DIVISION H—DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2023

The explanatory statement accompanying this division is approved and indicates Congressional intent. Unless otherwise noted, the language set forth in House Report 117–403 carries the same weight as language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In providing the operating plan required by section 516 of this Act, the departments and agencies funded in this Act are directed to include all programs, projects, and activities, including those in House Report 117–403 and this explanatory statement accompanying this Act. All such programs, projects, and activities are subject to the provisions of this Act.

In cases where House Report 117–403 or this explanatory statement directs the submission of a report, that report is to be submitted to the Committees on Appropriations of the House of Representatives and the Senate. Where this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House of Representatives Subcommittee on Labor, Health and Human Services, Education, and Related Agencies and the Senate Subcommittee on Labor, Health and Human Services, Education, and Related Agencies.

Each department and agency funded in this Act shall follow the directions set forth in this Act and the accompanying explanatory statement and shall not reallocate resources or reorganize activities except as provided herein. Funds for individual programs and activities are displayed in the detailed table at the end of the explanatory statement accompanying this Act. Funding levels that are not displayed in the detailed table are identified within this explanatory statement. Any action to eliminate or consolidate programs, projects, and activities should be pursued through a proposal in the President's Budget so it can be considered by the Committees on Appropriations.

Congressional Reports.—Each department and agency is directed to provide the Committees on Appropriations, within 30 days from the date of enactment of this Act and quarterly thereafter, a summary describing each requested report to the Committees on Appropriations along with its status.

TITLE I

DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION TRAINING AND EMPLOYMENT SERVICES

Advanced Robotics Manufacturing.—The agreement recognizes the need for workforce training and certificate programs targeting collaborative robotics and additive manufacturing, with an emphasis on programs that re-skill incumbent manufacturing workers.

Occupational Licensing.—The agreement is encouraged by progress made through the Department's efforts to incentivize States to reduce barriers to entry into licensed occupations and increase license portability to facilitate mobility of workers in such occupations, with an emphasis on transitioning service members, veterans, and military spouses. The agreement directs the Department to submit a report within 180 days of the date of enactment of this Act detailing the resources needed to continue providing technical assistance to States and relevant organizations.

Skilled Care Workforce.—The agreement urges the Employment and Training Administration (ETA), in collaboration with the Department of Health and Human Services, to support the expansion of the skilled care workforce to care for a rapidly aging U.S. population and provide home and community-based services to older adults and people with disabilities, including through education and training grant programs, as well as traditional and nontraditional apprenticeship programs.

Water and Wastewater Operators.—The agreement is concerned by the nationwide shortage of water and wastewater operators, particularly in rural areas, and urges the Secretary to make funding available through workforce development and apprenticeship activities consistent with National Guideline Standards of

Apprenticeship for Water and Wastewater System Operations Specialists and the Workforce Innovation and Opportunity Act system.

Wireless Infrastructure.—The agreement encourages the Department to continue investments in the development of the wireless infrastructure workforce, including apprenticeships in the wireless sector.

Dislocated Worker National Reserve

Career Pathways for Youth Grants.—The agreement includes \$20,000,000 for grants to support national out-of-school time organizations that serve youth and teens and place an emphasis on age-appropriate workforce readiness programming to expand job training and workforce pathways for youth and disconnected youth.

Strengthening Community College Training Grants (SCCTG).—The agreement provides \$65,000,000 for the SCCTG program.

Workforce Opportunity for Rural Communities.—The agreement provides \$50,000,000 for the Workforce Opportunity for Rural Communities program, to provide enhanced worker training in the Appalachian, Delta, and Northern Border regions. The Department is strongly encouraged to develop funding opportunity announcements and make grant awards in coordination with the Appalachian Regional Commission (ARC), Delta Regional Authority (DRA), and Northern Border Regional Commission (NBRC), and each award shall not exceed \$1,500,000. Within the total, the agreement includes \$21,750,000 for grants in areas served by the ARC; \$21,750,000 for areas served by the DRA, and \$6,500,000 for areas served by the NBRC.

YouthBuild

The Department is encouraged to ensure YouthBuild grants serve geographically diverse areas, including rural areas.

Reintegration of Ex-Offenders

The agreement includes a set-aside of \$30,000,000 for competitive grants to national and regional intermediaries and encourages the Department to prioritize grants to national intermediaries and community-based organizations with recognized expertise and nationwide employer partners that will serve populations with multiple barriers to employment and provide wrap-around services to the individuals served.

Apprenticeship Grant Program

The agreement provides \$285,000,000 to support registered apprenticeships.

The agreement directs the Department to provide semiannual briefings to the Committees on all spending activities.

Community Project Funding/Congressionally Directed Spending

The agreement includes \$217,324,000 for the projects, and in the amounts, specified in the table titled "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

JOB CORPS

Atlanta Job Corps Center.—The agreement directs the Department to provide a briefing within 90 days of enactment of this Act on plans to reopen the Atlanta Job Corps Center.

Civilian Conservation Centers.— The agreement directs the Department to prioritize the development of new natural resource and conservation trade offerings, particularly focused on wildland firefighting and emergency response, and to include information in its fiscal year 2024 Congressional Justification on such efforts including any potential barriers to introducing such new trades.

Gulfport Job Corps Center.—The agreement requests quarterly updates regarding progress on the Gulfport Job Corps Center project.

Job Corps Rural Training Sites.—The agreement encourages the Department to enhance opportunities for students in underserved or remote communities through partnerships between high quality center operators and existing rural training sites.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

Unemployment Insurance Compensation

The agreement includes \$3,134,635,000 for Unemployment Insurance Compensation activities, an increase of \$283,819,000, for additional resources for States to increase staffing capacity and to accommodate sustained increases in workload.

Employment Service

National Activities.—The agreement includes \$2,500,000 to continue efforts to reduce the processing backlog for the work opportunity tax credit program and for assisting States to modernize information technology for processing certification requests, which may include training and technical assistance. Consistent with the effort to modernize information technology for processing, the agreement supports compatible rules across States. Further, the agreement recognizes that processing requests for remote workers may best be accomplished in the State where the workers reside and not where the employer is located.

Foreign Labor Certification

The agreement recognizes the importance of the H-2B program and urges the Department to take all necessary and appropriate steps to ensure prompt processing of H-2B visa applications. The agreement also directs the Department to provide a report within 180 days of enactment of this Act detailing the percentage of applications requesting temporary labor certifications under the H-2B visa classification that are not issued a final decision by the Department by the employer's original anticipated start date of work.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

The agreement requests a briefing within 180 days of enactment of this Act on safety and health efforts of individuals working in agriculture.

BUREAU OF LABOR STATISTICS

The agreement includes \$10,000,000 in additional funds for the Bureau of Labor Statistics (BLS), which will allow BLS to implement the National Longitudinal Survey of Youth (NLSY) without reducing or eliminating existing statistical work or reducing the number of full-time equivalent positions below the fiscal year 2022 ceiling.

The agreement includes sufficient resources to maintain and expand the NLSY, including with continued work to develop the new NLSY cohort. Specifically, the agreement provides \$14,500,000 to continue planning and developing the new NLSY cohort established by the Further Consolidated Appropriations Act, 2020 and maintained in the last two fiscal years. The agreement notes that fiscal year 2023 amounts for the new cohort align with budgeted levels provided by BLS in a five-year plan transmitted to the Committees in fiscal year 2021. BLS shall

complete all necessary work in fiscal year 2023 for the new cohort that was outlined in its five-year plan and shall not use any allocated resources for NLSY in this agreement for any other purpose. Further, BLS is directed to support the continued fielding of the NLSY79 and NLSY97 cohorts and shall refrain from implementing any reductions to either survey.

Within 90 days of enactment of this Act, BLS shall brief the Committees on its plans for executing these directives and carrying out its implementation of the new NLSY cohort five-year plan without delay.

Within 30 days of enactment of this Act, BLS is directed to brief the Committees on its use of resources provided for a relocation to the Suitland Federal Center.

DEPARTMENTAL MANAGEMENT

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already

participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

GENERAL PROVISIONS

The agreement modifies a provision related to the Treasure Island Job Corps Center.

The agreement modifies a provision related to H-1B fees.

TITLE II

DEPARTMENT OF HEALTH AND HUMAN SERVICES HEALTH RESOURCES AND SERVICES ADMINISTRATION (HRSA)

PRIMARY HEALTH CARE

Health Centers

Alcee L. Hastings Program for Advanced Cancer Screening in Underserved Communities.—The agreement includes no less than \$10,000,000 for this activity and encourages HRSA to use the additional funding to award grants to approved but unfunded applicants from the fiscal year 2022 notice of funding opportunity.

Children's Mental Health Services.—The agreement continues to urge HRSA to provide funding to Health Centers to support vital mental health services for children.

Early Childhood Development.—The agreement includes no less than \$30,000,000 to expand and further integrate early childhood development services and expertise, including by hiring or contracting for early childhood development specialists, as described in House Report 117-403 and the fiscal year 2023 budget request.

Ending the HIV Epidemic.—The agreement includes \$157,250,000 within the Health Centers program for the Ending the HIV Epidemic Initiative.

HRSA Strategy to Address Intimate Partner Violence and Project Catalyst.—
The agreement includes no less than \$2,000,000 for this activity.

Native Hawaiian Health Care.—The agreement includes no less than \$27,000,000 for the Native Hawaiian Health Care Program, of which not less than \$10,000,000 shall be provided to Papa Ola Lokahi for administrative purposes authorized under 42 U.S.C. 11706, including to expand research and surveillance

related to the health status of Native Hawaiians and strengthen the capacity of the Native Hawaiian Health Care Systems.

School-Based Health Centers.—The agreement includes \$55,000,000 for school-based health centers authorized under section 330 of the Public Health Service (PHS) Act, as directed in P.L. 116-260.

Technical Assistance.—The agreement provides no less than \$2,500,000 to enhance technical assistance and training activities, further quality improvement initiatives, and continue the development of and support for Health Centercontrolled networks so that new and existing centers can improve patient access to quality health services.

The agreement does not include dedicated funding for the Integrating High-Quality Contraceptive Care activity described in House Report 117-403.

HEALTH WORKFORCE

Addressing Workforce Shortages.—The agreement supports HRSA's efforts to develop the workforce needed to care for a rapidly aging U.S. population. The agreement encourages HRSA to address the skilled care workforce needs of seniors through existing workforce education and training programs.

Language Access in Behavioral Health Services.—The agreement notes that racial and ethnic minority communities continue to face acute challenges accessing behavioral health services, including within health centers, due to the lack of providers who speak their language or understand their culture. Specifically, the agreement recognizes that these health centers serve a higher percentage of persons with limited English proficiency (LEP) as a direct result of their mission. The agreement encourages HRSA to assess the need for and provision of language services and culturally and linguistically competent health care in these health

centers, in an effort to further improve practitioner recruitment and retention and increase language access to behavioral health services.

National Health Service Corps (Corps)

Maternity Care Target Areas (MCTAs).—The agreement includes \$5,000,000, an increase of \$4,000,000 above the fiscal year 2022 enacted level, within the Corps to implement requirements contained in the Improving Access to Maternity Care Act, including establishing criteria for and identifying MCTAs and collecting and publishing data on the availability and need for maternity care health services in Health Professional Shortage Areas.

NHSC Loan Repayment Application Process.—The agreement requests the report that was requested in House Report 117-403 within 180 days of enactment of this Act.

The agreement does not include dedicated funding for the Behavioral Health Demonstration Program and the Rural Demonstration Program described in House Report 117-403.

Scholarships for Disadvantaged Students

Midwife Training.—The agreement includes \$5,000,000 to support grants to educate midwives to address the national shortage of maternity care providers.

Primary Care Training and Enhancement

Eating Disorders Screening and Referrals.—The agreement includes up to \$1,000,000, in coordination with SAMHSA's Center of Excellence for Eating Disorders, to provide trainings for primary care health professionals to screen, briefly intervene, and refer patients to treatment for the severe mental illness of

eating disorders, as authorized under section 13006 of the 21st Century Cures Act (P.L. 114–255).

Training in Oral Health Care

The agreement provides \$42,673,000 for Training in Oral Health Care programs, which includes not less than \$13,000,000 each for general and pediatric dentistry.

Area Health Education Centers (AHECs)

The agreement provides \$47,000,000 for this activity, an increase of \$2,000,000 above the fiscal year 2022 enacted level. Within the total, the agreement includes no less than \$3,000,000 to continue competitive grants for AHEC recipients to expand experiential learning opportunities through simulation labs designed to educate and train health care professionals serving rural, medically underserved communities. HRSA shall include as an allowable use the purchase of simulation training equipment.

Mental and Behavioral Health

Graduate Psychology Education.—The agreement includes \$25,000,000 for this activity.

Behavioral Health Workforce Education and Training

Mental and Substance Use Disorder Workforce Training Demonstration.—The agreement includes \$34,700,000 for this activity. Within the total, the agreement includes \$25,000,000 for the Addiction Medicine Fellowship Program to foster robust community-based clinical training of addiction medicine or addiction psychiatry physicians in underserved, community-based settings who see patients at various

access points of care and provide addiction prevention, treatment, and recovery services across health care sectors.

Peer Support.—The agreement includes no less than \$14,000,000 for community-based experiential training for students preparing to become peer support specialists and other types of behavioral health-related paraprofessionals, as described in House Report 117-403.

Substance Use Disorder Treatment and Recovery (STAR) Loan Repayment Program.—The agreement includes \$40,000,000 for this program.

The agreement does not include dedicated funding for Behavioral Health Integration into Community Based Settings, the Community Improvement Program, and Crisis Workforce Development activities described in House Report 117-403.

Public Health and Preventive Medicine

The agreement includes an increase of \$500,000 for the Preventive Medicine Residency Training Program and an increase of \$500,000 for Public Health Training Centers.

Advanced Nursing Education

Certified Nurse Midwives (CNMs).—The agreement includes \$8,000,000 to grow and diversify the maternal and perinatal health nursing workforce by increasing and diversifying the number of CNMs, with a focus on practitioners working in rural and underserved communities. The program will award scholarships to students and registered nurses to cover the total cost of tuition for the duration of the nurse midwifery program.

Sexual Assault Nurse Examiners Program.—The agreement includes \$15,000,000, an increase of \$2,000,000 above the fiscal year 2022 enacted level, to

expand training and certification of registered nurses, advanced practice registered nurses, and forensic nurses to practice as sexual assault nurse examiners.

Nurse Education, Practice, Quality and Retention (NEPQR)

The agreement includes \$59,413,000 for competitive grants within the NEPQR program. Within this total, the agreement provides \$10,750,000, an increase of \$5,000,000 above the fiscal year 2022 enacted level, to expand competitive grants to enhance nurse education through the expansion of experiential learning opportunities. The grants shall include as an allowable use the purchase of simulation training equipment. HRSA shall prioritize grantees with a demonstrated commitment to training rural health professionals in States with high rates of chronic age-related illness, including stroke, heart disease, and chronic obstructive pulmonary disease.

MATERNAL AND CHILD HEALTH

Maternal and Child Health Block Grant Special Projects of Regional and National Significance (SPRANS)

Early Childhood Development Expert Grants.—The agreement includes \$10,000,000 to place early childhood development experts in pediatric settings, as described in House Report 117-403.

Hereditary Hemorrhagic Telangiectasia Centers of Excellence.—The agreement continues to include \$2,000,000 for this activity.

Infant-Toddler Court Teams.—The agreement includes \$18,000,000 for Infant-Toddler Court Teams, as described in House Report 117-403.

Maternal Mental Health Hotline.—The agreement includes \$7,000,000 to provide grants, contracts, or cooperative agreements to expand support for a maternal mental health hotline.

National Fetal Infant and Child Death Review (FICDR).—The agreement includes \$5,000,000 for the national FICDR program to expand support and technical assistance to States and tribal communities and improve the availability of data on sudden unexpected infant deaths and child mortality.

Minority-Serving Institutions.—The agreement includes \$10,000,000 to establish a research network that is comprised of and supports minority-serving institutions to study health disparities in maternal health outcomes, as described in the fiscal year 2023 budget request.

Regional Pediatric Pandemic Network.—The agreement provides \$25,000,000 for the Regional Pediatric Pandemic Network to coordinate among the Nation's pediatric hospitals and their communities to prepare for and coordinate research-informed responses to future pandemics. With the increase provided, HRSA is directed to achieve parity in the two awardees' funding levels.

State Maternal Health Innovation Grants.—The agreement includes \$55,000,000 for this activity.

The agreement does not include dedicated funding for the following activities described in House Report 117-403: Addressing Emerging Issues and Social Determinants of Maternal Health, Behavioral Health Integration into Community Based Settings, Bias Recognition in Clinical Skills Testing, Bias Training for Health Care Professionals, Group Prenatal and Postpartum Care Programs, and Growing and Diversifying the Doula Workforce.

Set-asides within SPRANS.—The agreement includes the following set-asides within SPRANS. Within the total for Oral Health, the agreement includes \$250,000 for demonstration projects.

	FY 2023
Budget Activity	Agreement
Set-aside for Oral Health	\$5,250,000
Set-aside for Epilepsy	3,642,000
Set-aside for Sickle Cell Disease	7,000,000
Set-aside for Fetal Alcohol Syndrome	1,000,000

Maternal and Child Health Programs

Autism and Other Developmental Disorders

Leadership Education in Neurodevelopmental and Related Disabilities

Program (LEND).—The agreement includes not less than \$38,245,000 for this activity.

Heritable Disorders

Severe Combined Immune Deficiency (SCID).—The agreement includes \$4,000,000 to support newborn screening and follow-up for SCID and other newborn screening disorders.

Healthy Start

The agreement includes \$145,000,000 to support this program, including funds to support a new targeted expansion of an enhanced Healthy Start program model to approximately 10 new communities, as described in the fiscal year 2023 budget request.

Maternal Mortality.—The agreement continues to provide no less than \$15,000,000 for Healthy Start grantees to support nurse practitioners, certified

nurse midwives, physician assistants, and other maternal-child advanced practice health professionals within all program sites nationwide.

Early Hearing Detection and Intervention (EHDI)

The agreement recognizes the requirement under the PHS Act for EHDI funds to support prompt evaluation and diagnosis of children referred from screening programs and appropriate educational, audiological, medical, and communication (or language acquisition) interventions (including family support), for children identified as deaf or hard-of-hearing. The agreement encourages HRSA to provide the most accurate, comprehensive, up-to-date, and evidence-based information to children identified as deaf or hard-of-hearing and their families. The agreement also encourages HRSA to work with partners to advance awareness about the wide range of modalities available for children who are deaf and hard of hearing, including but not limited to auditory-oral therapy, auditory-verbal therapy, Signed Exact English (SEE), American Sign Language (ASL), Total Communication (TC), and Cued Speech; as well as a full range of assistive hearing technologies, such as hearing aids and cochlear implants.

Poison Control Centers (PCCs)

The agreement provides \$26,846,000, an increase of \$1,000,000 above the fiscal year 2022 enacted level, for PCCs. The agreement directs HRSA to provide increased funds directly to the PCCs and requests a spend plan for the funds within 30 days of enactment of this Act. The agreement also requests an update within 30

days of enactment of this Act on the status of efforts to work with the Federal Communications Commission to address the geolocation needs for incoming calls.

Alliance for Innovation in Maternal Health Safety Bundles

The agreement includes \$15,300,000 for this activity, authorized in section 330O of the PHS Act.

Pregnancy Medical Home Demonstration

The agreement includes \$10,000,000 to support a demonstration to incentivize maternal health care providers to provide integral health care services to pregnant women and new mothers, as authorized in section 330P of the PHS Act.

RYAN WHITE HIV/AIDS PROGRAM

Ending the HIV Epidemic.—The agreement includes \$165,000,000 within the Ryan White program for the Ending the HIV Epidemic initiative.

HEALTH SYSTEMS

Organ Transplantation

Living Organ Donation Reimbursement Program.—The agreement supports significant expansion of income eligibility for the program to allow as many donors as possible to qualify for reimbursement.

The agreement supports HHS' efforts to increase transparency and promote competition regarding Organ Procurement Organizations (OPOs) and the Organ Procurement Transplantation Network (OPTN), as described in House Report 117-403.

C.W. Bill Young Cell Transplantation Program

The agreement provides \$33,009,000 for the C.W. Bill Young Cell Transplantation Program and requests a detailed spend plan within 30 days of enactment of this Act.

National Cord Blood Inventory (NCBI)

To further strengthen communication and collaboration between HRSA and its contracted cord blood banks, the agreement directs HRSA to host quarterly stakeholder calls open to all cord blood banks contracting with HRSA to build the NCBI, as described in House Report 117-403.

RURAL HEALTH

Rural Health Outreach

Delta States Rural Development Network Grant Program.—The agreement includes not less than \$27,000,000 for the Delta States Rural Development Network Grant Program and the Delta Region Community Health Systems Development Program. In addition, of the funds provided, the agreement provides not less than \$15,000,000 to support HRSA's collaboration with the Delta Regional Authority (DRA) to continue the Delta Region Community Health Systems Development Program to help underserved rural communities better address their health care needs. Within 90 days of enactment of this Act, the agreement directs HRSA and DRA to jointly brief the Committees on this program's progress.

Northern Border Regional Grant Program.—The agreement provides no less than \$3,000,000 for HRSA's collaboration with the Northern Border Regional Commission (NBRC) to provide direct support to member States to help

underserved rural communities with planning and implementing service coordination improvements that better population health.

Rural Maternity and Obstetrics Management Strategies (RMOMS).—The agreement includes \$8,000,000 for RMOMS.

Rural Hospital Flexibility Grants

Rural Emergency Hospital Technical Assistance Program.—The agreement includes no less than \$5,000,000 for this activity.

Rural Residency Planning and Development

The agreement provides \$12,500,000 for the Rural Residency Planning and Development program. This includes \$2,000,000 to increase family medicine/obstetrics training programs in States with high infant morbidity and mortality rates. HRSA is directed to brief the Committees on their plans no less than 15 days prior to releasing a funding opportunity announcement.

Rural Communities Opioids Response Program (RCORP)

The agreement includes \$145,000,000, an increase of \$10,000,000, to expand RCORP. Within the funding provided, the agreement includes \$10,000,000 to continue the three Rural Centers of Excellence (Centers), as established by P.L. 115–245 and continued through P.L. 116-260 and 117-103. Funding provided to the Centers may also be used for research and dissemination activities to address rural tobacco and alcohol addiction. Within the total for RCORP, the agreement also includes \$4,000,000 to support career and workforce training services for the NBRC region to assist individuals affected by an opioid use disorder.

FAMILY PLANNING

The Family Planning program administers Title X of the PHS Act. This program supports preventive and primary health care services at clinics nationwide. The agreement does not include language proposed by the House.

HRSA-WIDE ACTIVITIES AND PROGRAM SUPPORT

Oral Health Literacy.—The agreement includes \$300,000 for the activity described under this heading in House Report 117-403.

Community Projects/Congressionally Directed Spending.—Within the funds included in this account, \$1,521,681,000 shall be for the Community Project Funding/Congressionally Directed Spending projects, and in the amounts, as specified in the table included in this explanatory statement accompanying this division.

Office of Pharmacy Affairs

In lieu of the report requested in House Report 117-403, the agreement directs HRSA to provide a briefing within 120 days of enactment of this Act on actions taken to safeguard covered entities' lawful access to discounted drugs.

Telehealth

Telehealth Centers of Excellence (COE).—The agreement includes \$8,500,000 for the Telehealth COE awarded sites.

Provider Bridge.—The agreement includes \$500,000 to continue the development of the Provider Bridge as part of the Licensure Portability Grant Program.

CENTERS FOR DISEASE CONTROL AND PREVENTION

The agreement provides \$9,217,590,000 in total program level funding for the Centers for Disease Control and Prevention (CDC), which includes \$8,258,932,000 in budget authority and \$903,300,000 in transfers from the Prevention and Public Health (PPH) Fund.

IMMUNIZATION AND RESPIRATORY DISEASES

The agreement provides a total of \$919,291,000 for Immunization and Respiratory Diseases, which includes \$499,941,000 in discretionary appropriations and \$419,350,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Section 317 Immunization Program	\$681,933,000
Acute Flaccid Myelitis	6,000,000
Influenza Planning and Response	231,358,000

317 Immunization Program.—The agreement includes an increase to enhance immunization efforts, including increasing awardee base awards with a focus on expanding and sustaining critical immunization program infrastructure and promoting routine vaccination. CDC is expected to use this funding to promote health equity related to protection from vaccine preventable diseases, as well as

address vaccine hesitancy. In expanding existing immunization infrastructure, CDC is directed to implement new strategies for hard-to-reach populations, such as those who may be vaccine-hesitant, those who are members of racial or ethnic minority groups, and those who are underserved due to socioeconomic or other reasons. The agreement urges CDC to prioritize and to allocate resources to engage providers, healthcare stakeholders, educators, community organizations, and families on the importance of ensuring that all individuals receive their recommended routine vaccinations. The agreement also requests CDC provide the Committees an update on the achievements of the ongoing "Vaccinate with Confidence" campaign and the rate of routine vaccination across all ages, as well as a forward-looking plan to administer missed doses. CDC should include in the plan recommendations about what other tools it could employ to promote health equity.

Influenza Planning and Response.—The agreement includes an increase to enhance CDC's influenza activities.

HIV/AIDS, VIRAL HEPATITIS, SEXUALLY TRANSMITTED DISEASES AND TUBERCULOSIS PREVENTION

The agreement provides \$1,391,056,000 for HIV/AIDS, Viral Hepatitis, Sexually Transmitted Diseases, and Tuberculosis Prevention. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Domestic HIV/AIDS Prevention and Research	\$1,013,712,000

	FY 2023
Budget Activity	Agreement
HIV Initiative	220,000,000
School Health-HIV	38,081,000
Viral Hepatitis	43,000,000
Sexually Transmitted Infections	174,310,000
Tuberculosis	137,034,000
Infectious Diseases and the Opioid Epidemic	23,000,000

Ending the HIV Epidemic (EHE) Initiative.—The agreement includes an increase to advance the activities of EHE, including increasing equitable access to pre-exposure prophylaxis (PrEP).

Infectious Diseases and the Opioid Epidemic.—The agreement includes an increase for activities as outlined in House Report 117-403. In addition, the agreement strongly encourages CDC to prioritize jurisdictions with the highest age-adjusted mortality rate related to substance use disorders and acute hepatitis C infection. CDC is also strongly encouraged to prioritize jurisdictions that are experiencing high rates of new HIV infections or outbreaks or emerging clusters of infectious diseases associated with drug use, including those not eligible for EHE funding.

School Health.—The agreement includes an increase for the expansion of school health activities.

Sexually Transmitted Infections (STIs).—The agreement includes an increase for STI prevention and control activities in public health programs, and CDC is directed to move the grant year forward by at least one month.

Tuberculosis (TB).—The agreement includes an increase to advance TB elimination efforts.

Viral Hepatitis.—The agreement includes an increase to advance efforts to eliminate viral hepatitis.

EMERGING AND ZOONOTIC INFECTIOUS DISEASES

The agreement provides \$750,772,000 for Emerging and Zoonotic Infectious Diseases, which includes \$698,772,000 in discretionary appropriations and \$52,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Antibiotic Resistance Initiative	197,000,000
Vector-Borne Diseases	62,603,000
Lyme Disease	26,000,000
Prion Disease	7,500,000
Chronic Fatigue Syndrome	5,400,000
Emerging Infectious Diseases	202,997,000
Harmful Algal Blooms	3,500,000

· · · · · · · · · · · · · · · · · · ·	FY 2023
Budget Activity	Agreement
Food Safety	71,000,000
National Healthcare Safety Network	24,000,000
Quarantine	58,772,000
Advanced Molecular Detection	40,000,000
Epidemiology and Lab Capacity	40,000,000
Healthcare-Associated Infections	12,000,000

Advanced Molecular Detection (AMD).—The agreement includes an increase to bolster genomic epidemiology expertise and capacity. The agreement requests a status update on how funding provided in the American Rescue Plan Act (P.L. 117-2) and in fiscal year 2022 appropriations have increased capabilities at public health departments in the fiscal year 2024 Congressional Justification.

Antimicrobial and Antibiotic Resistance (AR).—The agreement includes an increase for activities and directives outlined in House Report 117-403. In addition, CDC is directed to improve data collection and increase support for U.S. health departments to detect, contain, and prevent AR infections and increase collaborative efforts at the international, national, regional, State, tribal, and local levels. Finally, the agreement directs CDC to work with other HHS agencies to provide an annual briefing described under the section of the explanatory statement dealing with the Office of the Secretary within 30 days of enactment of this Act and every succeeding annual appropriations Act.

Centers of Excellence in Newcomer Health.—The agreement notes with concern the underlying physical and mental health needs of refugees, including those from Afghanistan, which are often not detected or addressed at basic screenings at the time of resettlement. The agreement urges CDC to expand the number of Centers of Excellence in Newcomer Health, giving preference to applicants from communities with a large number of Afghan and other refugees. Finally, the agreement encourages CDC to make geographic diversity a priority when making awards.

Emerging Infectious Diseases.—The agreement includes an increase for emerging infectious disease work. In addition, recognizing the important role wastewater testing plays for our Nation's biosecurity, the agreement encourages CDC to continue working with States and localities to broaden the scope of wastewater surveillance capabilities to track COVID-19 and additional pathogens and to assist with public health data analysis. The agreement requests information in the fiscal year 2024 Congressional Justification on best practices in developing wastewater surveillance programs in rural settings and institutions of higher education, and strategies to increase participation among State and local governments and correctional facilities.

Food Safety.—The agreement includes an increase to help address critical unmet needs.

Harmful Algal Blooms.—The agreement includes an increase for the activities outlined in House Report 117-403.

Lyme Disease and Related Tick-Borne Illnesses.—The agreement provides an increase in recognition of the importance of the prevention and control of Lyme disease and related tick-borne diseases, and encourages CDC to support surveillance and prevention of Lyme disease and other high consequence tick-borne diseases in endemic areas as well as areas not yet considered endemic. The

agreement includes funding for CDC's vector-borne diseases program to expand the programs authorized under the Kay Hagan Tick Act (P.L. 116-94) to promote a public health approach to combat rising cases of tick-borne diseases, including activities directed in House Report 117-403. CDC is directed to develop and implement methods to improve surveillance to more accurately report the disease burden, including through the development of real time data for reporting Lyme disease and other tick-borne diseases, as well as a process for estimating the prevalence of Post-Treatment Lyme Disease Syndrome. CDC is directed to use funding to improve early diagnosis of Lyme and related tick-borne diseases to prevent the development of late stage disease and more serious and long-term disability. CDC is encouraged to coordinate with the National Institutes of Health (NIH), the National Institute of Mental Health, and the National Institute of Neurological Disorders and Stroke on publishing reports that assess diagnostic advancements, methods for prevention, the state of treatment, and links between tick-borne disease and psychiatric illnesses. The agreement urges CDC, in coordination with NIH, to include in their surveillance the long-term effects on patients suffering from post-treatment Lyme disease syndrome, or "chronic Lyme disease." Additionally, given the impact of Lyme disease and the status of ongoing clinical trials, the agreement requests a report within 180 days of enactment of this Act on CDC's research to-date and recommendations on actions needed to facilitate a successful Lyme disease vaccine rollout that will build confidence and encourage uptake should a vaccine be approved by the FDA.

Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (ME/CFS).—The agreement commends CDC for its recent progress in ME/CFS medical education and its participation in the Interagency Working Group for ME/CFS. The agreement encourages CDC to develop a national epidemiological and disease tracking study of post-infectious syndromes prevalence, specifically the rates of

post-acute COVID-19 syndrome and ME/CFS in adults and children. The agreement urges CDC to strengthen collaboration with 1) interagency partners, 2) disease experts and stakeholders, and 3) the NIH's Collaborative Research Centers on study design protocol. Additionally, the agreement urges CDC to conduct a series of epidemiological studies into the causes, diagnosis, and risk factors of ME/CFS. Finally, the agreement urges CDC to engage physicians and patients in an effort to increase awareness of ME/CFS and disseminate updated clinical guidance.

Mycotic Diseases.—The agreement provides an increase of \$2,000,000 in Emerging Infectious Diseases for mycotic diseases and directs CDC to fully utilize its clinical trial partners and the Mycoses Study Group to address the growing threat from mycological infection in the United States and around the world.

National Healthcare Safety Network (NHSN).—The agreement includes an increase for NHSN and supports the modernization of the system's infrastructure.

Prion Disease.—The agreement includes an increase to advance efforts on human prion diseases, including Creutzfeldt-Jakob Disease, which are rapidly progressive and fatal neurodegenerative diseases that occur in both humans and animals, and recognizes the critical work of the National Prion Disease Pathology Surveillance Center.

Quarantine.—The agreement includes an increase to enhance programs to protect the U.S. from infectious diseases.

Vector-Borne Diseases.—The agreement includes an increase for enhanced vector-borne disease activities, including those outlined in House Report 117-403.

CHRONIC DISEASE PREVENTION AND HEALTH PROMOTION

The agreement provides \$1,430,414,000 for Chronic Disease Prevention and Health Promotion, which includes \$1,175,464,000 in discretionary appropriations and \$254,950,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Tobacco	\$246,500,000
Nutrition, Physical Activity, and Obesity	58,420,000
High Obesity Rate Counties	16,500,000
School Health	19,400,000
Glaucoma	4,000,000
Vision and Eye Health	2,500,000
Alzheimer's Disease	38,500,000
Inflammatory Bowel Disease	1,500,000
Interstitial Cystitis	1,100,000
Excessive Alcohol Use	6,000,000
Chronic Kidney Disease	4,500,000
Chronic Disease Education and Awareness	4,500,000

	FY 2023
Budget Activity	Agreement
Prevention Research Centers	28,961,000
Trevention Research Contention	20,701,000
Heart Disease and Stroke	155,105,000
Diabetes	155,129,000
National Diabetes Prevention Program	37,300,000
Breast and Cervical Cancer	235,500,000
WISEWOMAN	34,620,000
Breast Cancer Awareness for Young Women	6,960,000
Cancer Registries	53,440,000
Colorectal Cancer	44,294,000
Comprehensive Cancer	22,425,000
Johanna's Law	11,500,000
Ovarian Cancer	14,500,000
Prostate Cancer	15,205,000
Skin Cancer	5,000,000
Cancer Survivorship Resource Center	725,000
Oral Health	20,250,000
Safe Motherhood/Infant Health	108,000,000

	FY 2023
Budget Activity	Agreement
Arthritis	11,000,000
Epilepsy	11,500,000
National Lupus Registry	10,000,000
Racial and Ethnic Approaches to Community	
Health (REACH)	68,950,000
Good Health and Wellness in Indian Country	24,000,000
Social Determinants of Health	8,000,000
Million Hearts	5,000,000
National Early Child Care Collaboratives	5,000,000
Hospitals Promoting Breastfeeding	9,750,000

Alzheimer's Disease.—The agreement provides an increase to support provisions authorized by the BOLD Infrastructure for Alzheimer's Act (P.L. 115-406).

Cancer.—The agreement supports the Cancer Moonshot by providing an increase for every CDC Cancer Program. In addition to skin cancer discussed separately under this account, the agreement includes an increase for Breast and Cervical Cancer for the activities included in House Report 117-403, as well as increases for Breast Cancer Awareness for Young Women, the National Program of Cancer Registries, colorectal cancer, the National Comprehensive Cancer

Control Program, Johanna's Law, ovarian cancer, prostate cancer, and the Cancer Survivorship Resource Center.

Chronic Disease Education and Awareness.—The agreement includes an increase to expand this competitive grant program to a variety of chronic diseases not addressed by a specific National Center for Chronic Disease and Prevention and Health Promotion program.

Chronic Kidney Disease.—The agreement includes an increase to advance the activities included in House Report 117-403.

Diabetes.—The agreement includes an increase to enhance efforts to prevent diabetes and reduce its complications, and to expand the Diabetes Prevention Program.

Early Child Care Collaboratives.—The agreement provides an increase for these activities.

Epilepsy.—The agreement provides an increase for epilepsy activities.

Excessive Alcohol Use.—The agreement includes an increase for the activities included in House Report 117-403.

Farm-to-School.—The agreement continues \$2,000,000 within Nutrition, Physical Activity, and Obesity for research and education activities promoting healthy eating habits for students. The agreement intends that these grants support multi-agency and multi-organizational State farm to early childhood programs with priority given to entities with experience running farm to early childhood programs. The agreement directs CDC to coordinate farm to early childhood program efforts with the Office of Community Food Systems at the Department of Agriculture.

Food Allergies.—The agreement includes \$2,000,000 for a school-based effort to address food allergies and reduce potentially fatal anaphylactic reactions.

Heart Disease and Stroke.—The agreement provides an increase for heart disease and stroke activities, including \$8,000,000 for implementation of the Cardiovascular Advances in Research and Opportunities Legacy Act, of which \$5,000,000 is to expand an existing, national sudden cardiac arrest registry to capture data from all States and \$3,000,000 is for heart valve disease education and awareness. The agreement includes an increase to strengthen and expand evidence-based heart disease and stroke prevention activities focused on high risk populations. The agreement also includes increases for the WISEWOMAN program to be expanded to additional States and for the Million Hearts initiative to increase education and outreach.

High Obesity Rate Counties.—In addition to the directives outlined in House Report 117-403, the agreement continues to support land grant universities in partnership with their cooperative extensions for counties with an obesity prevalence over 40 percent. CDC grantees are directed to work with State and local public health departments and other partners to support measurable outcomes through community and population-level evidenced-based obesity intervention and prevention programs. Funded projects should integrate evidence-based policy, systems, and environmental approaches to better understand and address the environmental and societal implications of obesity.

Inflammatory Bowel Disease (IBD).—The agreement includes an increase to advance IBD efforts.

Lupus.—The agreement provides an increase for activities to advance public health knowledge about lupus.

Mississippi Delta Health Collaborative (MDHC).—The agreement encourages CDC to build on its longstanding investment in MDHC by working to replicate the

work in additional sites while maintaining the current strategy. The agreement directs CDC to provide an update on these activities in the fiscal year 2024 Congressional Justification.

Oral Health.—The agreement includes an increase for efforts to reduce oral disease and provide effective interventions.

Prevention Research Centers.—The agreement provides an increase to continue the national network conducting prevention research and translating research results into policy and public health practice that address local health needs.

Racial and Ethnic Approaches to Community Health (REACH).—The agreement provides an increase to address racial and ethnic health disparities, including the Good Health and Wellness in Indian Country program.

Reducing E-cigarette Use During Pregnancy.—The agreement supports CDC's efforts to address tobacco use during pregnancy and encourages CDC to include initiatives specifically targeted at e-cigarette use during pregnancy, including initiatives to raise awareness among patients and clinicians about the risks of e-cigarette use during pregnancy. CDC is encouraged to partner with other HHS agencies to ensure pregnant women can access safe and effective tobacco cessation services and medications. The agreement requests an update on these activities in the fiscal year 2024 Congressional Justification.

Safe Motherhood and Infant Health.—The agreement builds on the commitment made in the fiscal year 2022 bill by providing an increase for this portfolio of programs to improve the health of pregnant and postpartum women and their babies, including reducing disparities in maternal and infant health outcomes. The agreement directs CDC to use the funding increase to expand and increase support for Maternal Mortality Review Committees (MMRCs), Perinatal Quality Collaboratives (PQCs), and other programs including Sudden Unexplained Infant Death (SUID) and the Sudden Death in the Young (SDY) Case Registry. In

addition to the activities outlined in House Report 117-403, CDC is directed to expand support for MMRCs and improve data collection at the State level to create consistency in data collection, analysis and reporting across State MMRCs. This investment is necessary to provide accurate national statistics on U.S. maternal mortality rates and inform data-driven actions to prevent these deaths. The agreement requests CDC provide a report to the Committees within 90 days of enactment of this Act on barriers to effective and consistent data collection and opportunities to improve coordination among State MMRCs. CDC is also encouraged to work with a national organization on educational materials and peer support programs for patients on the impact of blood disorders on maternal health. Additionally, the agreement encourages CDC to prioritize funding to expand PQCs to additional States and territories and provide increased support to existing PQCs. The agreement requests an update on the expansion of PQCs beyond the States currently funded, as well as any barriers to expansion, including those created by the COVID-19 pandemic. The agreement encourages CDC to increase awareness through the PQCs of newer options and technologies for postpartum hemorrhage management that have the potential to reduce the need for transfusions, extended hospital stays, and maternal harm. Finally, the agreement directs CDC to expand the number of States and jurisdictions participating in the monitoring and surveillance of SUID and the SDY Case Registry to improve data collection. This data works to identify, develop, and implement best practices to prevent infant death, including practices to improve safe sleep, in coordination with appropriate nonprofits.

Skin Cancer Education and Prevention.—The agreement notes concern with the growing number of people diagnosed with preventable forms of skin cancer, which is now the most commonly diagnosed cancer in the U.S. The agreement provides an increase of \$1,000,000 for skin cancer education and prevention and encourages

CDC to increase its collaboration and partnership with local governments, business, health, education, community, non-profit, and faith-based sectors.

School Health.—The agreement provides an increase to expand the number of States in the Healthy Schools program.

Tobacco.—The agreement provides an increase to reduce deaths and prevent chronic diseases, including addressing the youth use of e-cigarettes.

Vision and Eye Health.—The agreement includes an increase and directs CDC to initiate efforts to update national prevalence estimates on vision impairment and eye disease through the use of National Health and Nutrition Examination Survey.

BIRTH DEFECTS AND DEVELOPMENTAL DISABILITIES

The agreement provides \$205,560,000 for Birth Defects and Developmental Disabilities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Birth Defects	19,000,000
Fetal Death	900,000
Fetal Alcohol Syndrome	11,500,000
Folic Acid	3,150,000
Infant Health	8,650,000
Autism	28,100,000
Disability & Health	45,500,000

	FY 2023
Budget Activity	Agreement
Tourette Syndrome	2,500,000
Early Hearing Detection and Intervention	10,760,000
Muscular Dystrophy	7,500,000
Attention Deficit Hyperactivity Disorder	1,900,000
Fragile X	2,000,000
Spina Bifida	7,500,000
Congenital Heart	8,250,000
Public Health Approach to Blood Disorders	10,400,000
Hemophilia Activities	3,500,000
Hemophilia Treatment Centers	5,100,000
Thalassemia	2,100,000
Neonatal Abstinence Syndrome	4,250,000
Surveillance for Emerging Threats to Mothers	
and Babies	23,000,000

Autism.—The agreement includes an increase to expand the Autism Developmental Disabilities Monitoring (ADDM) Network and to re-establish surveillance of cerebral palsy in at least two ADDM sites.

Congenital Heart Disease.—The agreement includes an increase to further implement the screening, surveillance, research, and awareness activities authorized by the Congenital Heart Futures Reauthorization Act (P.L. 115-342).

Disability and Health.—The agreement includes an increase of \$3,000,000 to continue to strengthen existing programs that address healthy athletes and an increase of \$1,000,000 to continue existing activities that improve physical activity and fund health promotion for people with mobility disabilities. In addition, the agreement includes an increase of \$2,500,000 and recommends CDC use the funds to encourage partnership between national disability organizations and institutions of higher education to conduct implementation science research on health promotion, disease prevention, and intervention strategies for people with disabilities.

Fetal Alcohol Spectrum Disorders.—The agreement provides an increase to expand efforts related to fetal alcohol spectrum disorders.

Muscular Dystrophy.—The agreement provides an increase to enhance Muscular Dystrophy research and disease surveillance initiatives.

Neonatal Abstinence Syndrome (NAS).—The agreement includes an increase to support efforts to address the rise in NAS resulting from the overuse of opioids and other related substances during pregnancy, including research on opioid use during pregnancy and related adverse outcomes from infancy through childhood, and to identify best practices for care, evaluation, and management to help children.

Public Health Approach to Blood Disorders.—The agreement includes an increase to expand sickle cell data collection and analysis.

Surveillance for Emerging Threats to Mothers and Babies Network (SET-NET).—The agreement includes an increase to expand the efforts and reach of SET-NET to detect and respond to emerging threats to mothers and babies. The agreement directs CDC to provide a briefing to the Committees on its spend plan for this funding within 90 days of enactment of this Act and an update on these activities in the fiscal year 2024 Congressional Justification. Finally, CDC was provided additional funding in fiscal year 2019 to expand its Zika surveillance to determine the long-term health impacts of infants born to mothers infected with the Zika virus. The agreement requests an update in the fiscal year 2024 Congressional Justification from this ongoing surveillance.

Tourette Syndrome.—The agreement provides an increase and directs CDC to continue to educate physicians, educators, clinicians, allied professionals, and the general public about the disorder and to improve scientific knowledge on prevalence, risk factors, and co-occurring conditions of Tourette Syndrome.

PUBLIC HEALTH SCIENTIFIC SERVICES

The agreement provides a total of \$754,497,000 for Public Health Scientific Services. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Health Statistics	\$187,397,000
Surveillance, Epidemiology, and	
Informatics	298,100,000
Advancing Laboratory Science	23,000,000

	FY 2023
Budget Activity	Agreement
Public Health Data Modernization	175,000,000
Public Health Workforce	71,000,000

Advancing Laboratory Science.—The agreement provides an increase to strengthen CDC's laboratory science and safety.

National Center for Health Statistics.—The agreement includes an increase to monitor the health of our Nation and to make much-needed investments in the next generation of surveys and products.

National Neurological Conditions Surveillance System.—The agreement provides a total of \$5,000,000 within Surveillance, Epidemiology, and Informatics to continue efforts on the two initial conditions.

Primary Immunodeficiencies.—The agreement provides \$3,500,000 for education, awareness, and genetic sequencing surveillance related to primary immunodeficiencies.

Public Health Data Modernization.—The agreement provides an increase to advance the progress of this effort with State, tribal, local, and territorial (STLT) partners. The agreement urges CDC to work with representatives from STLT health departments through a regular convening mechanism to establish a public health data sharing process to ensure that notifiable case data are reported to CDC during an emergency response event in a timely and efficient manner that is the least burdensome for STLT public health departments. This process should include the use of an established minimal data set and transmission via existing and automated reporting mechanisms to the extent possible.

Public Health Workforce.—The agreement provides an increase to aid in the rebuilding and sustainment of the public health workforce.

ENVIRONMENTAL HEALTH

The agreement provides \$246,850,000 for Environmental Health programs, which includes \$229,850,000 in discretionary appropriations and \$17,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Environmental Health Laboratory	\$70,750,000
Newborn Screening Quality Assurance Program	21,000,000
Newborn Screening/Severe Combined	
Immunodeficiency Diseases	1,250,000
Safe Water	8,600,000
Amyotrophic Lateral Sclerosis Registry	10,000,000
Trevor's Law	3,000,000
Climate and Health	10,000,000
Environmental Health Activities	21,000,000
Environmental and Health Outcome Tracking Network	34,000,000

Asthma	33,500,000
Childhood Lead Poisoning	51,000,000
Lead Exposure Registry	5,000,000

Asthma.—The agreement includes an increase for the activities included in House Report 117-403.

Childhood Lead Poisoning.—The agreement includes an increase to support the expansion of direct CDC assistance and funding to additional State and local public health departments and to expand programmatic data capabilities.

Newborn Screening.—The agreement includes an increase to expand newborn screening efforts.

Trevor's Law.—The agreement provides an increase to better understand the relationship between environmental exposures and pediatric cancer, and to build capacity to conduct cancer investigations in accordance with Trevor's Law (P.L. 114-182).

Vessel Sanitation.—The agreement includes \$4,000,000 to support the critical public health functions of the vessel sanitation program, and reiterates the requested information in House Report 117-403. The agreement expects CDC to resume user fee collections in fiscal year 2023 and to provide an update on what is needed to sustain future operations to the Committees within 120 days of enactment of this Act.

INJURY PREVENTION AND CONTROL

The agreement provides \$761,379,000 for Injury Prevention and Control activities. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Domastic Wielenge and Convol Wielenge	29 200 000
Domestic Violence and Sexual Violence	38,200,000
Child Maltreatment	7,250,000
Child Sexual Abuse Prevention	3,000,000
Youth Violence Prevention	18,100,000
Domestic Violence Community Projects	7,500,000
Rape Prevention	61,750,000
Suicide Prevention	30,000,000
Adverse Childhood Experiences	9,000,000
National Violent Death Reporting	
System	24,500,000
Traumatic Brain Injury	8,250,000
Elderly Falls	3,050,000
Drowning	2,000,000
Injury Prevention Activities	29,950,000

	FY 2023
Budget Activity	Agreement
Opioid Overdose Prevention and	
Surveillance	505,579,000
Injury Control Research Centers	11,000,000
Firearm Injury and Mortality Prevention	
Research	12,500,000

Adolescent Mental Health.—The agreement urges CDC to establish a program that leverages existing CDC activities dedicated to adolescent mental health to improve adolescent mental wellbeing and advance equity, with a focus on culturally responsive prevention and early intervention. In collaboration with centers across CDC, HHS, the Department of Education, youth, experts, and advocates, CDC is encouraged to coordinate the development and implementation of national goals and a national strategy to improve adolescent mental wellbeing that align with the objectives outlined in Healthy People 2030. Special consideration should be made for underserved communities to ensure their voices are represented in decision-making and idea generating. In addition, the agreement urges CDC to conduct applied research and evaluation studies to improve the implementation of evidence-based policies and community-based practices that advance the national strategy and promote adolescent mental health.

Adverse Childhood Experiences.—The agreement includes an increase to expand efforts, including technical assistance to States.

Domestic Violence and Sexual Violence.—The agreement provides \$1,000,000 to collect data on the connection between brain injuries and domestic and sexual violence, and to implement a data collection project that follows up on and operates under CDC's National Intimate Partner and Sexual Violence Survey or other appropriate survey mechanism and asks questions about the prevalence and circumstances surrounding brain injuries.

Core State Injury Prevention Program (Core SIPP).—The agreement includes an increase of \$1,000,000 to enhance efforts to identify and respond to injury threats with data-driven public health actions.

Firearm Injury and Mortality Prevention Research.—The agreement includes funding to conduct research on firearm injury and mortality prevention. Given violence and suicide have a number of causes, the agreement recommends the CDC take a comprehensive approach to studying these underlying causes and evidence-based methods of prevention of injury, including crime prevention. All grantees under this section will be required to fulfill requirements around open data, open code, pre-registration of research projects, and open access to research articles consistent with the National Science Foundation's open science principles. The Director of CDC is to report to the Committees within 30 days of enactment of this Act on implementation schedules and procedures for grant awards, which strive to ensure that such awards support ideologically and politically unbiased research projects.

Injury Control Research Centers.—The agreement includes an increase to increase the number of awards for multi-disciplinary research on the causes, outcomes, and prevention of injuries and violence.

Opioid or Other Drug Use and Overdose Prevention.—The agreement includes an increase to enhance activities and encourages CDC to ensure that funding for opioid and stimulant abuse and overdose prevention reaches local communities to

advance local understanding of the opioid overdose epidemic and to scale-up prevention and response activities. In addition to the activities included in House Report 117-403, the agreement encourages CDC to include community member naloxone education as a strategy for local community overdose prevention funds. The agreement continues to support rigorous monitoring, evaluation and improvements in data quality and monitoring at a national level, including data collection and analysis on overdose deaths. CDC is directed to continue expansion of case-level syndromic surveillance data, improvements of interventions that monitor prescribing and dispensing practices, better timeliness and quality of morbidity and mortality data, as well as the enhancement of efforts with medical examiners and coroner offices. The agreement urges CDC to continue to maximize the use of State-based Prescription Drug Monitoring Programs (PDMPs) as a public health tool to assist in clinical decision-making and surveillance. CDC is further directed to continue to expand an innovative model to coordinate care for high-risk patients receiving opioid treatment and encouraged to work with the Office of the National Coordinator for Health Information Technology to enhance integration of PDMPs and electronic health records.

Opioid Prescribing Guidelines.—The agreement applauds CDC's efforts to update the Clinical Practice Guideline for Prescribing Opioids for Chronic Pain, for use by primary care clinicians for chronic pain in outpatient settings outside of active cancer treatment, palliative care, and end-of-life care. The agreement directs CDC to continue its work educating patients and providers, and to encourage uptake and use of the Guidelines. The agreement urges CDC to continue coordination with other Federal agencies in implementation and related updates in safe prescribing practices to ensure consistent, high-quality care standards across the Federal government.

Public Safety Officer Suicide Reporting System.—The agreement continues funding for the activities described in the Helping Emergency Responders Overcome Act of 2020, as directed in P.L. 116-260.

Suicide Prevention.—The agreement includes an increase and in addition to the direction included in House Report 117-403, the agreement directs CDC to expand its comprehensive suicide prevention program to additional States and develop a plan for integrating its Emergency Department Surveillance of Nonfatal Suicide Related Outcomes pilot to collect real-time data on non-fatal suicide related outcomes and self-harm behavior into the program. Effective and faster data collection is imperative to suicide prevention efforts so that risk factors can be evaluated, high-risk populations can be identified and prioritized, and new and more efficient prevention strategies can be implemented.

Traumatic Brain Injury.—The agreement provides an increase to initiate concussion surveillance, particularly among children and youth.

Youth Violence Prevention.—The agreement provides an increase to support violence interventions and encourages CDC to fund a range of interventions, including programs that provide de-escalation and conflict mitigation skills. CDC is urged to scale up existing partnerships with organizations that have demonstrated success in reducing violence and its risk factors, including those involving healthcare and community outreach organizations, as well as supporting academic-community collaborations and research to advance the science and practice of violence prevention, while reducing inequities from which such violence stems.

NATIONAL INSTITUTE FOR OCCUPATIONAL SAFETY AND HEALTH (NIOSH)

The agreement provides a total of \$362,800,000 for NIOSH in discretionary appropriations. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
National Occupational Research Agenda	\$119,500,000
Agriculture, Forestry, and Fishing	29,000,000
Education and Research Centers	32,000,000
Personal Protective Technology	23,000,000
Mining Research	66,500,000
National Mesothelioma Registry and Tissue Bank	1,200,000
Firefighter Cancer Registry	5,500,000
Other Occupational Safety and Health Research	115,100,000

Agriculture, Forestry, and Fishing.—The agreement includes an increase to expand efforts to protect workers in this sector.

Coal Workers' Health Surveillance Program Mobile Medical Unit.—The agreement directs CDC to prioritize the maintenance of mobile medical units and urges CDC to consider the purchase of an additional mobile medical unit to improve access to screening for miners, as early screening and detection of black lung can improve health outcomes and reduce mortality.

Education and Research Centers (ERCs).—The agreement includes an increase to support efforts to reduce work-related injuries and illness. In addition, the agreement directs NIOSH to increase support for new and existing ERCs to support education and training programs for undergraduate and graduate students, particularly in Environmental and Industrial Hygiene, Occupational Health Nursing, Occupational Medicine Residency, and Occupational Safety and Health Engineering.

Firefighter Cancer Registry.—The agreement includes an increase for this voluntary, anonymous registry system.

Mining Research.—The agreement provides an increase and directs \$2,000,000 of this increase to support research and outreach activities to prevent work-related illness, injury and death in the western U.S., with an increased focus on potentially underrepresented and disproportionately impacted workers. CDC is also urged to increase support for research on exposure assessment, behavioral science, and mental health in the mining industry. Additionally, the agreement directs \$2,000,000 of this increase to expand grant opportunities to universities with graduate programs in mining and explosives engineering to fund additional research initiatives in automation, robotics, and intelligent mining systems to improve workplace safety and health in U.S. mining operations.

Occupational Injury and Illness.—The agreement does not include the directive for the report as described in House Report 117-403.

Radiation Exposure in Medical Procedures.—The agreement requests the report directed in House Report 117-403 to reflect consultation with EPA and FDA.

Total Worker Health.—The agreement provides an increase of \$1,000,000 to expand the program.

GLOBAL HEALTH

The agreement provides \$692,843,000 for Global Health activities. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Global AIDS Program	\$128,921,000
Global Tuberculosis	11,722,000
Polio Eradication	180,000,000
Measles and Other Vaccine Preventable	
Diseases	50,000,000
Parasitic Diseases and Malaria	29,000,000
Global Public Health Protection	293,200,000

Global Public Health Protection.—The agreement includes an increase and recognizes CDC's unique role in supporting public health capacity development.

Parasitic Diseases and Malaria.—The agreement includes an increase to enhance parasitic diseases and malaria activities.

Polio Eradication.—The agreement includes an increase to support CDC activities related to wild poliovirus and vaccine-derived polio surveillance, vaccine procurement, and outbreak response. CDC is urged to continue to provide technical assistance to countries for polio immunization campaigns, conduct environmental surveillance of polio viruses to ensure prompt detection and to prevent potential outbreaks of paralytic polio disease.

Population-based Surveillance Platforms.—The agreement includes \$7,000,000, an increase of \$3,000,000 from within the increase for Global Public Health Protection, to support existing longitudinal population-based infectious disease surveillance platforms that enable comparative analysis between urban and rural populations in the developing world.

Soil Transmitted Helminth (STH) and Related Diseases of Poverty.—The agreement includes \$1,500,000 to extend the currently funded CDC projects aimed at surveillance, source remediation and clinical care to assess and reduce STH or other parasitic infections related to health disparities.

Tuberculosis.—The agreement includes an increase to advance tuberculosis prevention, diagnosis, and treatment efforts.

PUBLIC HEALTH PREPAREDNESS AND RESPONSE

The agreement provides \$883,200,000 for public health preparedness and response activities. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Public Health Emergency Preparedness	
Cooperative Agreement	\$735,000,000
Academic Centers for Public Health	
Preparedness	9,200,000
CDC Preparedness and Response	139,000,000

CDC Preparedness and Response.—The agreement provides \$21,900,000 in the Public Health and Social Services Emergency Fund for HHS Protect for the activities directed in House Report 117-403.

Public Health Emergency Preparedness Cooperative Agreement.—The agreement includes an increase for cooperative agreement awards.

BUILDINGS AND FACILITIES

The agreement provides \$40,000,000 in discretionary budget authority.

Buildings and Facilities.—The agreement includes funding to make progress on CDC's backlog of maintenance and repairs, including at its Atlanta campuses. The agreement supports the completion of the Atlanta Masterplan Build Out.

Mine Safety Research Facility.—The agreement notes bill language and funding to support the design and construction of a mine safety research facility to replace the Lake Lynn Experimental Mine and Laboratory were provided in fiscal years 2021 and 2022. The agreement requests the continuation of quarterly updates on progress in the construction of the facility, costs incurred, and unanticipated challenges which may affect timeline for total costs until completion of the facility. Further, upon CDC's completion of the purchase of property for the new mine safety research facility, the agreement directs HHS to fund the design and construction of the facility from the Nonrecurring Expenses Fund.

CDC-WIDE ACTIVITIES

The agreement provides \$723,570,000 for CDC-wide activities, which includes \$563,570,000 in discretionary appropriations and \$160,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Preventive Health and Health Services Block	
Grant	\$160,000,000
Public Health Leadership and Support	128,570,000
Infectious Disease Rapid Response Reserve	
Fund	35,000,000
Public Health Infrastructure and	
Capacity	350,000,000
Center for Forecasting and Outbreak	50,000,000
Analytics	50,000,000

Infectious Disease Rapid Response Reserve Fund (Reserve Fund).—The agreement includes an increase toward the replenishment of this fund to ensure that CDC is positioned to respond quickly to an imminent public health emergency. CDC is directed to provide a spend plan in conjunction with the Congressional notification required 15 days in advance of any transfer or obligation. The spend plan shall include estimates of anticipated uses of funds, including estimated personnel and administrative costs, disaggregated by program, project, or activity.

CDC is required to provide quarterly reports, pursuant to P.L. 115-245, and the agreement directs CDC to make every effort to provide such reports on-time. Additionally, CDC is directed to provide information in each quarterly report on all amounts available in the Reserve Fund for the current fiscal year and the preceding two fiscal years, including (1) obligations by object class categories; (2) with respect to such obligations, the notification to which it relates; and (3) the total amount unobligated in the Reserve Fund.

Local Health Departments.—The agreement notes that Federal funding intended for both State and local health departments does not consistently reach local health departments beyond those directly funded. The agreement encourages CDC to require States to fund local health departments when programmatically appropriate.

Public Health Infrastructure and Capacity.—The agreement provides an increase of \$150,000,000 for this disease-agnostic resource. The agreement directs that no less than 70 percent of this funding be awarded to health departments.

Public Health Leadership and Support.—The agreement includes an increase to support CDC's foundational public health activities and to facilitate partnerships. The agreement commends CDC for its commitment to the development of a diverse healthcare and public health workforce. The agreement provides an increase of \$3,500,000 to expand the John R. Lewis CDC Undergraduate Public Health Scholars Program, including the opportunity for more HBCUs to participate, as well as tribal colleges and universities. In addition, the agreement provides \$5,000,000 to establish an Office of Rural Health (ORH). The ORH will enhance the implementation of CDC's rural health portfolio, coordinate efforts across CDC programs, and develop a strategic plan for rural health at CDC that maps the way forward both administratively and programmatically. The agreement encourages ORH to accelerate innovation, make scientific and communication

resources tailored to current rural public health needs, build and improve public health functions and service delivery and provide leadership in matters of public health infrastructure.

NATIONAL INSTITUTES OF HEALTH (NIH)

The agreement provides \$47,459,000,000 for NIH, including \$1,085,000,000 from the 21st Century Cures Act (P.L.114-255, Cures Act), an increase of \$2,500,000,000, or 5.6 percent, above the fiscal year 2022 enacted level. The agreement provides a funding increase of no less than 3.8 percent above the fiscal year 2022 enacted level to every Institute and Center (IC). Per the Cures Act, \$216,000,000 is transferred to the National Cancer Institute (NCI) for cancer research; \$225,000,000 to the National Institute of Neurological Disorders and Stroke (NINDS) and \$225,000,000 to the National Institute on Mental Health (NIMH) for the BRAIN Initiative; and \$419,000,000 to the Office of the Director (OD) for the *All of Us* precision medicine initiative.

The agreement directs NIH to include updates on the following research, projects, and programs in the fiscal year 2024 Congressional Justification: metastatic breast cancer; NCI's plans to update the Surveillance, Epidemiology, and End Results Registry; pulmonary fibrosis; cellular immunity; and opportunities to enhance childhood cancer research efforts, including coordinating efforts already underway through the Trans-NIH Pediatric Research Consortium.

NATIONAL CANCER INSTITUTE (NCI)

Cancer Moonshot.—The agreement directs NCI to provide a report to the Committees within 180 days of enactment of this Act describing the steps it will take to advance efforts to develop a robust pipeline of new treatments for recalcitrant cancers, defined in the Recalcitrant Cancer Research Act of 2012 (P.L. 112–239) as those with a five-year survival rate below 50 percent.

Childhood Cancer Data Initiative (CCDI).—The agreement includes no less than \$50,000,000 for the CCDI, including no less than \$750,000 to continue to support enhancement of the CCDI Molecular Characterization Initiative.

Childhood Cancer STAR Act.—The agreement includes no less than \$30,000,000 for continued implementation of sections of the Childhood Cancer Survivorship, Treatment, Access, and Research (STAR) Act (P.L. 115-180). The agreement directs NIH to provide an update in the fiscal year 2024 Congressional Justification on opportunities to enhance childhood cancer research efforts and the actions NCI has taken to ensure pediatric cancer expertise is included on all panels, as appropriate.

Colorectal Cancer.—The agreement directs NCI to include an update in the fiscal year 2024 Congressional Justification on opportunities to advance progress against colorectal cancer with an emphasis on: (1) opportunities to develop more effective therapeutics; (2) rising rates in people under the age of 50, including rapidly increasing rates in the 20 to 39 year old age range; and (3) the persistent health disparities in prevalence, screening, and outcomes. The update should describe how NCI plans to play a role in addressing these challenges and what existing and future innovative research opportunities can be leveraged to advance progress.

Deadliest Cancers.—The agreement directs NIH to identify the greatest obstacles and most promising research opportunities to advance progress against each of the deadliest cancers in the fiscal year 2024 Congressional Justification.

Native American Cancer Outcomes.—The agreement continues to be concerned that Native Americans experience overall cancer incidence and mortality rates that are strikingly higher than non-Native populations, and encourages NCI to expand research efforts to reduce American Indian cancer disparities and improve outcomes, specifically by supporting efforts to develop durable capacity for tribally engaged cancer disparities research through an integrated program of research, education, outreach, and clinical access.

NCI Paylines.—The agreement provides an increase of \$150,000,000 for NCI to prioritize competing grants and to sustain commitments to continuing grants.

Pancreatic Cancer.—The agreement encourages NCI to leverage the investment in NCI's National Clinical Trials Network to accelerate the survival rate for pancreatic cancer patients by maximizing the knowledge gained from every trial and suggests that trials for pancreatic cancer include parallel and concurrent correlative studies, as appropriate, to better understand what treatments work best for which patients. The agreement directs NCI to consider ways to maximize learning from pancreatic cancer trials and provide an update in the fiscal year 2024 Congressional Justification on next steps towards this goal.

Radiopharmaceutical Development.—The agreement directs NIH, in conjunction with the Department of Energy, to provide an update in the fiscal year 2024 Congressional Justification on the impact shortages of medical isotopes and radiopharmaceuticals have on the ability to conduct cancer research, including an analysis of infrastructure necessary to do so.

NATIONAL HEART, LUNG, AND BLOOD INSTITUTE (NHLBI)

Cardiovascular Disease (CVD).—Recognizing that CVD remains the leading cause of death and most expensive condition in the United States, the agreement supports cutting-edge cardiovascular research and drug discovery across the disciplines of medicine, immunology, imaging, chemistry, biomedical engineering, physics, statistics, mathematics, and entrepreneurship to design new therapies and strategies that are more effective. The agreement directs NHLBI to highlight the areas with the greatest potential for transformative progress in CVD research in the fiscal year 2024 Congressional Justification and to prioritize funding that reduces

cardiovascular disease among the hardest-hit – African Americans living in the rural South.

Community Engagement Alliance Against COVID-19 Disparities (CEAL) Initiative.—The agreement includes \$30,000,000 for the CEAL initiative, \$10,000,000 above the fiscal year 2022 enacted level.

Congenital Heart Disease (CHD).—The agreement encourages NHLBI to prioritize CHD activities outlined in its strategic plan and directs NIH to provide an update in the fiscal year 2024 Congressional Justification on steps being taken to close research gaps.

Health Disparities Research for Methamphetamine-related Cardiovascular Diseases.—The agreement encourages NHLBI to work with NIDA to examine the cardiovascular effects of methamphetamine misuse and implications for treatment in vulnerable and minority populations.

Lung Injury.—The agreement urges NHLBI to strengthen the nation's ability to respond to respiratory health threats with increased support for research into basic science and the mechanisms of lung injury and repair, as well as clinical intervention trials addressing both acute and chronic lung diseases.

Valvular Heart Disease Research.—The agreement provides \$20,000,000 for research into the causation of and risk factors for valvular heart disease. Such research should focus on the use of advanced technological imaging and other relevant methods to generate data related to valvular heart disease, and assessing potential risk factors for sudden cardiac arrest or sudden cardiac death from valvular heart disease. Additionally, the agreement supports efforts by NIH to convene a workshop of subject matter experts and stakeholders to identify research needs and opportunities to develop recommendations for the identification and

treatment of individuals with mitral valve prolapse, including individuals who may be at risk for sudden cardiac arrest or sudden cardiac death.

NATIONAL INSTITUTE OF DENTAL AND CRANIOFACIAL RESEARCH (NIDCR)

National Dental Practice-Based Research Network.—The agreement recommends that NIDCR continues funding support of National Dental Practice-Based Research Networks.

Temporomandibular Disorders (TMD).—The agreement encourages NIDCR to maintain a patient-centered approach in the implementation of the TMD–IMPACT Concept and to seek collaborators from other government agencies such as the Department of Veterans' Affairs (VA) and the Department of Defense (DOD), as well as from within NIH itself. The agreement directs NIH to provide an update in the fiscal year 2024 Congressional Justification on efforts to implement the next phase of the initiative, including the recruitment of other NIH ICs as partners, the role of the patient perspective, and NIDCR's use of the National Academies of Sciences, Engineering, and Medicine (NASEM) Report on TMDs and the TMJ Patient-led Roundtable.

NATIONAL INSTITUTE OF DIABETES AND DIGESTIVE AND KIDNEY DISEASES (NIDDK)

Diabetes.—Consistent with the fiscal year 2023 budget request, the agreement includes \$8,550,000 to restore cuts to the mandatory Special Diabetes Program that result from Budget Control Act sequestration. Further, given the growing prevalence of diabetes, the agreement is concerned that additional research is needed to determine how to improve the treatment of a common complication, diabetic foot ulcers to reduce amputations, and urges NIDDK to support such

efforts. Further, given the aging population, the agreement urges NIDDK to work with NIA to explore the relationship between diabetes and neurocognitive conditions, such as dementia and Alzheimer's disease, in racially and ethnically diverse populations.

Dietary Supplements and Liver Injury.—The agreement strongly encourages NIDDK to provide safety and quality information on dietary supplements as it relates to drug-induced liver injury.

Hepatitis B.—The agreement applauds the NIH for its work to update the Strategic Plan for Trans-NIH Research to Cure Hepatitis B and urges that the update identify what has been learned since the plan was first released and what additional research is needed to find a cure. The agreement supports efforts to create common resource services and materials for the research community and further urges that targeted calls for research, based on the needs as identified in the updated Plan, be issued and funded in fiscal year 2023 and beyond.

Kidney Disease.—The agreement applauds recent changes to clinical practice in the diagnosis of kidney disease and concurs with recommendations that additional resources should be devoted to development of new markers for estimating kidney function.

Pain Management Research.—The agreement includes an increase of \$5,000,000 for NIDDK to support additional research in this area as described in the fiscal year 2023 budget request.

NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE (NINDS)

Alzheimer's Disease and Alzheimer's Disease-Related Dementias (AD/ADRD).— The agreement includes an increase of \$226,000,000 across NIH for AD/ADRD research, including an increase of \$75,000,000 in NINDS and an increase of \$151,000,000 in NIA.

Developmental Dyspraxia.—The agreement commends the work NINDS does to support research on developmental disorders, such as developmental dyspraxia, aimed at learning more about these disorders and finding ways to prevent and treat them.

Frontotemporal Degeneration (FTD) Research.—The agreement encourages NIH to continue to support research to identify and validate biomarkers for FTD and other neurodegenerative diseases among diverse cohorts. The agreement also urges NIH to support efforts to better understand the social determinants of health that lead to inequity in access to diagnosis and care for FTD and other dementias so that new treatments and best practices in care will be available to all, regardless of age, racial, ethnic, cultural, socioeconomic, and geographic background. Equally critical is the development of a data biosphere that enhances secure sharing of clinical and research data and biological samples for FTD. The agreement encourages NIH to find ways to support better communication across researchers, and between clinical science and broader society, to ensure that research advances have maximum effect on improving health. The agreement urges NIH to continue to advance regulatory science and develop innovative clinical trial designs that recruit diverse populations so that potential therapies can be effectively tested.

Opioids, Stimulants, and Pain Management.—The agreement includes no less than \$280,295,000 in NINDS for the HEAL Initiative, \$10,000,000 above the fiscal year 2022 enacted level. The agreement encourages NINDS to continue its

efforts through the HEAL initiative in fiscal year 2023, with a focus on grant opportunities to support research and education to improve outcomes for people with both chronic pain and addiction in diverse settings across the United States, particularly those located in areas with high incidence of people living with chronic pain.

Undiagnosed Diseases Network (UDN).—The agreement includes \$18,000,000 to fund the UDN and directs the continuation of the coordinating center, all clinical sites, DNA sequencing core, central biorepository, model organisms screening center, and other necessary testing in the pursuit of diagnoses, including but not limited to: metabolomics, infectious and toxic exposures, and immune abnormalities.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES (NIAID)

Centers for Research in Emerging Infectious Diseases (CREID).—NIAID works with partners in 30 countries to understand how and where viruses and other pathogens can emerge to develop diagnostic tests and treatments. The agreement urges NIAID to ensure the CREID Network is sufficiently supported to coordinate and conduct research on, and active surveillance for, emerging pathogens.

Consortium of Food Allergy Research (CoFAR).—The agreement includes \$12,100,000, an increase of \$3,000,000 above the fiscal year 2022 enacted level, for CoFAR to expand its clinical research network to add new centers of excellence in food allergy clinical care and to select such centers from those with proven expertise in food allergy research.

Multidisciplinary Grants for Vector-borne Disease Research.—The agreement encourages NIAID to support multi-year awards for multidisciplinary research on vector-borne diseases. As appropriate, such awards may leverage research efforts by other government agencies, including, but not limited to, Department of

Agriculture programs on vector-borne diseases, as well as surveillance efforts, such as those supported by CDC. Priority shall be given to grants focused on vector-borne diseases requiring pathogen biosafety levels 2 and 3.

Regional Biocontainment Laboratories (RBLs).—The agreement provides \$52,000,000 to ensure the 12 RBLs for biomedical research requiring biosafety level 3 (BSL-3) containment are prepared to assist national, State, and local public health efforts in the event of a bioterrorism or infectious disease emergency. Of this amount, the agreement directs that no less than \$1,000,000 shall be provided to each of the 12 RBLs to support the maintenance of a capable research workforce, facilities, and equipment. The agreement directs that the remaining funding shall go to the 12 RBLs to: (1) support research on biodefense, emerging infectious disease agents, and other infectious disease threats to global public health; (2) train new researchers; (3) maintain a workforce skilled in BSL-3 research; and (4) establish best practices for the safe, effective, and efficient conduct of research in BSL-3 facilities.

Responding to Infectious Diseases.—The agreement provides no less than \$565,000,000, an increase of \$25,000,000 above the fiscal year 2022 enacted level, to support NIAID research to combat antimicrobial resistance (AMR) and the training of new investigators to improve AMR research capacity as outlined in the 2020-2025 National Action Plan to Combat Antibiotic-Resistant Bacteria. The agreement directs NIAID to work with other HHS agencies to provide the annual briefing described under the section of the explanatory statement dealing with the Office of the Secretary within 30 days of enactment of this Act and every succeeding annual Appropriations Act.

Universal Flu Vaccine.—The agreement includes \$270,000,000, an increase of \$25,000,000 above the fiscal year 2022 enacted level. Rather than the narrative

summary it provided in May 2022, going forward, the agreement directs NIAID to provide a dashboard cataloging and describing the key trials and programs it is supporting with these funds, including sample sizes, milestones, objectives, and outcomes, with the first such report due within 90 days of enactment of this Act.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES (NIGMS)

Health Disparities Research.—The agreement includes an increase of \$5,000,000 for NIGMS to support research related to identifying and reducing health disparities.

Increasing Diversity in Biomedical Research.—The agreement provides a targeted increase of \$10,000,000 for programs like the Maximizing Opportunities for Scientific and Academic Independent Careers program and the Minority Access to Research Careers undergraduate programs.

Institutional Development Awards (IDeA).—The agreement provides \$425,956,000 for IDeA, \$15,503,000 above the fiscal year 2022 enacted level. The agreement opposes any efforts to change eligibility for the IDeA program to a system that would be based on States' populations.

EUNICE KENNEDY SHRIVER NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT (NICHD)

Angelman Syndrome (AS).—AS is a rare neurogenetic disorder that affects approximately one in 15,000 people—approximately 500,000 individuals worldwide. Individuals with AS have an average life expectancy but require continuous care and are unable to live independently. The agreement urges NICHD to expand funding for basic, clinical, and translational research into the mechanics

of Angelman Syndrome, identify early diagnostic markers, and develop new treatment methods.

ASXL Syndromes.—Bohring-Opitz Syndrome (ASXL1 gene), Shashi-Pena Syndrome (ASXL2 gene), and Bainbridge-Ropers Syndrome (ASXL3 gene) are three ultra-rare neurogenetic disorders, with a combined number of individuals diagnosed globally at 500. Those diagnosed, primarily children, experience global delays, gastrointestinal complications, delayed or absent speech, and autism-like symptoms. The agreement urges NICHD to expand funding for basic, clinical, and translational research into the mechanics of the ASXL Syndromes, identify early diagnostic methods, and develop new treatment methods.

Cerebral Palsy (CP).—The agreement encourages NIH to continue to prioritize and invest in research on CP and to focus on basic and translational discoveries, as well as implementation, observational, and clinical studies aimed at early detection and intervention, comparative effectiveness, and functional outcomes. The agreement encourages NIH to support greater investment in research focused on the areas in need of growth, as outlined in the Strategic Plan on Cerebral Palsy Research, including research on lifespan issues to address the needs of transitionage youth and adults with CP, and research to support the development and delivery of new and improved screening tools, treatments, and interventions. The agreement also encourages NIH to consider research opportunities focusing on the motor and health benefits of physical activity specifically for individuals with CP across all Gross Motor Functional Classification levels, which is vital to help prevent chronic disease and premature aging.

Endometriosis.—The agreement strongly urges NIH to increase funding to expand basic, clinical, and translational research into the mechanics of

endometriosis, identify early diagnostic markers, and develop new treatment methods.

Health Impacts on Children of Technology and Social Media Use.—The agreement includes no less than \$15,000,000 for this activity, as described in House Report 117-403.

Impact of COVID-19 on Children.—The agreement includes an increase of \$2,500,000 for NICHD to support additional research into multisystem inflammatory syndrome in children (MIS-C) and other ways in which COVID-19 affects children.

Impact of COVID-19 on Pregnant and Lactating Women.—The agreement includes an increase of \$3,000,000, the same as the fiscal year 2023 budget request, to support research on the effects of COVID-19 on pregnancy, lactation, and postpartum health with a focus on individuals from racial and ethnic minority groups.

Implementing a Maternal Health and Pregnancy Outcomes Vision for Everyone (IMPROVE) Initiative.—The agreement includes no less than \$43,400,000 for this activity.

Uterine Fibroids.—The agreement encourages NICHD to expand research related to uterine fibroids etiology, prevention, diagnosis, disparities, and treatment.

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

Additional Research.—The agreement includes an increase of \$40,000,000 to support research on a wide range of health conditions, which may include infectious disease, and chronic conditions such as asthma, mental health, and health disparities.

Environmental Exposures and Cancer in Firefighters.—The agreement encourages NIH and CDC/NIOSH to continue their efforts to better understand the cancer risks firefighters may experience, including efforts to measure environmental exposures in firefighters and determine the mechanisms that lead to increased cancer incidence, morbidity, and mortality. The agreement also encourages NIH to continue to support research to improve health equity among firefighters to evaluate potential differences in exposures and risk.

NATIONAL INSTITUTE ON AGING (NIA)

Alzheimer's Disease and Alzheimer's Disease-Related Dementias (AD/ADRD).—The agreement includes an increase of \$226,000,000 across NIH for AD/ADRD research, including an increase \$151,000,000 in NIA and an increase of \$75,000,000 in NINDS, ensuring it remains the largest single effort of its kind within the agency. The agreement directs NIA, working with NINDS, to enter into an agreement with NASEM within 60 days of enactment of this Act to identify research priorities for preventing and treating AD/ADRD. An ad hoc committee of NASEM will conduct a study and recommend research priorities to advance the prevention and treatment of AD/ADRD. In conducting its study, the committee will: (1) examine and assess the current state of biomedical research aimed at preventing and effectively treating AD/ADRD, along the R&D pipeline from basic to translational to clinical research; (2) assess the evidence on nonpharmacological interventions aimed at preventing and treating AD/ADRD; (3) identify key barriers to advancing AD/ADRD prevention and treatment (e.g., infrastructure challenges that impede large scale precision medicine approaches, inadequate biomarkers for assessing response to treatment, lack of diversity in biobanks and clinical trials), and opportunities to address these key barriers and catalyze advances across the field; and (4) explore the most promising areas of research into preventing and

treating AD/ADRD. The committee's study will include dementia caused by Alzheimer's disease as well as related conditions such as frontotemporal disorders, Lewy body dementia, vascular dementias, and multiple etiology dementias. Dementias with a clear etiology (e.g., incident stroke, AIDS, traumatic brain injury) will be excluded from the analysis. Based on its review of the literature, consultations, and other expert input, the committee will develop a report with its findings, conclusions, and specific recommendations on research priorities for preventing and treating AD/ADRD, including identifying specific near and medium-term scientific questions (i.e., in a 3 to 10 year period) that may be addressed through NIH funding. The report will also include strategies for addressing major barriers to progress on these scientific questions. The agreement includes \$1,500,000 within the total funding for NIA for AD/ADRD research to cover the costs of this study.

Alzheimer's Disease Research Center (ADRC).—The agreement directs NIA to provide a report to the Committees within 180 days of enactment of this Act detailing the number of individual Alzheimer's disease patients who have gained access to a clinical trial through the outreach of an ADRC, the number of Alzheimer's disease diagnoses given to patients at an ADRC, and a detailed report on patients' and caregivers' needs that were met through the work of ADRCs that cannot be attained at a provider office.

Brain Health and Exposome Studies.—The agreement encourages NIA to address the research gaps and opportunities identified in the 2021 Alzheimer's Disease Research Summit as NIA works to establish Centers on Exposome Studies in ADRD as directed in the Consolidated Appropriations Act, 2022 (P.L. 117-103), especially those gaps and opportunities focused on understanding healthy brain aging and applying this understanding to disease prevention.

Clinical Trials.—Although Alzheimer's disease and other dementias disproportionately affect Black Americans, Hispanic Americans, Asian American and Pacific Islanders, and Native Americans, they continue to be underrepresented in AD/ADRD clinical trials. The agreement directs NIA to work with ADRCs and other organizations to promote participation in clinical trials within underrepresented populations and, to the maximum scientifically-feasible extent, reduce the burden of participating. These efforts should include expanding community engagement and outreach to these populations, incentivizing trial locations in areas of unmet need, encouraging the diversity of clinical trial staff, allowing appropriate flexibility in trial design and inclusion and exclusion criteria, and utilizing technology like remote patient monitoring, where appropriate, to facilitate clinical trial participation and retention. Further, the agreement urges NIA to provide an assessment of the data and metrics it collects related to the planning, recruitment, and retention of clinical trial participants from underrepresented communities and, when possible, how those data have been or plan to be used in grant-making decisions. The assessment should also address how NIA plans to provide more timely data to the Committees and greater transparency to the public about the planning, engagement, and recruitment efforts of its extramural grantees, including a focus on addressing barriers to inclusive and representative enrollment such as eligibility criteria, language accessibility, and adequate planning for diverse enrollment among grantees. The agreement requests that NIA provide this assessment within 180 days of enactment of this Act. In addition, with various treatments for Alzheimer's disease in the pipeline, the agreement encourages NIA to support a wide range of trials, including those with a patient-based national registry of regulatory grade, longitudinal evidence for patients receiving any FDAapproved disease modifying therapies for Alzheimer's disease in real-world clinical practice.

Health Disparities in Aging.—The agreement encourages NIH to support and develop long-term studies of healthy individuals that seek to identify structural drivers of health inequities. These may complement ongoing longitudinal studies of aging—such as the Health and Retirement Study, the National Health and Aging Trends Study, and others—to guide efforts to maximize health and enhance quality of life at older ages. These studies should integrate biological, behavioral, sociocultural, and environmental perspectives as outlined in the NIA Health Disparities Framework.

NATIONAL INSTITUTE OF ARTHRITIS AND MUSCULOSKELETAL AND SKIN DISEASES (NIAMS)

Opioids and Pain Management Research.—The agreement includes an increase of \$5,000,000 for NIAMS to support additional research in this area as described in the fiscal year 2023 budget request.

NATIONAL INSTITUTE OF NURSING RESEARCH (NINR)

Health Disparities Research.—The agreement includes an increase of \$10,000,000 for NINR to support research related to identifying and reducing health disparities.

NATIONAL INSTITUTE ON DRUG ABUSE (NIDA)

Opioids, Stimulants, and Pain Management.—The agreement includes no less than \$355,295,000 in NIDA for the HEAL Initiative. The agreement encourages NIDA to continue its efforts through the HEAL initiative in fiscal year 2023, with a focus on grant opportunities to support research and education to improve

outcomes for people with both chronic pain and addiction in diverse settings across the United States, particularly those located in areas with high incidence of people living with chronic pain. The agreement also includes an additional \$10,000,000 to support related research on pain and pain management, as described in the fiscal year 2023 budget request.

Reducing Opioid Disparities.—The agreement supports efforts to address the disproportionate effects of the opioid overdose epidemic on Black/African Americans. NIDA, in coordination with NIMHD, is encouraged to support collaborations between qualified educational institutions and treatment partners with demonstrated excellence in addiction science and community-based research to lead several large multi-year research efforts. Funding calls should highlight the need for research to reduce barriers to care at the levels of State funding bodies, treatment agencies, individual clinicians, and among patients and community members. Specific areas of focus may include research that examines and mitigates stigma toward medications for opioid use disorder, evaluates reimbursement structures to incentivize improved patient outcomes, implements and evaluates effective environmental supports like crisis and respite housing and transportation assistance, and integrates treatment and recovery support services into non-medical, community-based settings (e.g., interventions delivered by peer and community health workers).

NATIONAL INSTITUTE OF MENTAL HEALTH (NIMH)

Cost of Serious Mental Illness (SMI).— Despite increased spending on mental health services, the prevalence of SMI has grown by more than fifty percent since 2008, from 3.7 percent to 5.6 percent of Americans in 2020. While some progress has been made at identifying effective treatments for early SMI, many patients and families struggle to access appropriate services. To better understand what is needed to advance more effective, accessible treatments, the agreement directs NIMH to deliver with the fiscal year 2024 Congressional Justification a "professional judgment" budget. This budget should estimate the additional funding needed to support opportunities to accelerate SMI research during fiscal year 2024, including efforts to expand existing scientific programs focused on improving early identification, accurate diagnosis, biomarker assessment, intervention development, and implementation of effective services, among individuals in the early stages of SMI. In this document, NIMH will include specific scientific questions and areas it would use the funding identified in the professional judgement budget to address. These should be time-limited, goaldriven investments that accelerate emerging science and support high-risk/highreward research.

Impact of COVID-19 on Mental Health.—The agreement includes an increase of \$5,000,000 for NIMH to expand research on the impact of the COVID-19 pandemic on mental health.

Mental Health Treatment Research.—The agreement provides an increase of \$5,000,000 to support research to inform mental health treatment approaches, service delivery, and system transformation, consistent with the fiscal year 2023 budget request.

NATIONAL HUMAN GENOME RESEARCH INSTITUTE (NHGRI)

Community Engagement.—The agreement recognizes the critical role that community engagement plays in enabling researchers to build authentic partnerships that enhance diversity and inclusion in research cohorts. The CEAL program, created to help address the disparate impacts of the COVID–19 pandemic on communities historically underrepresented in biomedical research, has been successful in building such partnerships. Community engagement is also key when there is public hesitancy to participate in research, such as with human genetics and genomics research. The agreement is encouraged by the success of the CEAL program and urges NHGRI, in consultation with NHLBI and NIMHD, to establish and coordinate a community engagement program modeled after CEAL that will support efforts to increase the participation of individuals historically underrepresented and hesitant to participate in human genetics and genomics research.

Data Sharing.—The agreement urges NIH to convene a working group to develop and disseminate best practices on genomic data sharing for use by entities engaged in biomedical research and international collaboration. That working group should review potential risks involved in sharing genomic data between NIH-supported research studies with private, public, and academic institutions that partake in science and technology research and their research partners, with a focus on international partners. The review should also include recommendations regarding areas where Federal agencies can strengthen coordination to increase education to such private and academic research institutions to ensure the institutions can better protect themselves from national security threats with a strengthened understanding of intellectual property rights, research ethics, data misuse, as well as education on how to recognize and report such threats.

NATIONAL CENTER FOR COMPLEMENTARY AND INTEGRATIVE HEALTH (NCCIH)

Pain Management.—The agreement includes an additional \$5,000,000 to support research into non-pharmacological treatments for pain management and urges NCCIH, along with DOD and VA, to continue to support research, including comorbidities such as opioid misuse, abuse, and disorder among military personnel, veterans, and their families. The agreement urges NIH, VA, and DOD to expand research on non-pharmacological treatments for veterans and service members.

NATIONAL INSTITUTE ON MINORITY HEALTH AND HEALTH DISPARITIES (NIMHD)

Chronic Disease Centers.—In fiscal year 2021, NIMHD undertook an initiative to support regional comprehensive research and coordinating centers on the prevention, treatment, and management of multiple chronic diseases associated with health disparities. The agreement includes an additional \$11,000,000 for NIMHD to provide supplemental grants to the 11 Centers, with a focus on developing and delivering emerging therapeutic interventions addressing the disproportionate burden of disease.

Health Disparities Research.—The agreement includes an increase of \$25,000,000 for NIMHD to support research related to identifying and reducing health disparities.

Research Centers in Minority Institutions.—The agreement provides \$88,765,000 for this activity.

Research Endowment Program.—The agreement notes the recent passage of the John Lewis NIMHD Research Endowment Revitalization Act to reinvigorate the Research Endowment Program. The agreement has provided \$12,000,000 to

implement the revitalized program and urges NIMHD to work swiftly on its implementation. The agreement further notes that the statutory goal of the program is to assist eligible institutions in achieving a research endowment that is comparable to the mean endowment of health professions schools in their health professions discipline. The agreement requests a report no later than 60 days after enactment of this Act on implementation plans and engagement with key stakeholders.

FOGARTY INTERNATIONAL CENTER (FIC)

Health Disparities Research.—The agreement includes an increase of \$5,000,000 for FIC to support research related to identifying and reducing health disparities.

NATIONAL CENTER FOR ADVANCING TRANSLATIONAL SCIENCES (NCATS)

Clinical and Translational Science Awards (CTSAs).—The agreement provides \$629,560,000, an increase of \$22,914,000 above the fiscal year 2022 enacted level. The agreement maintains its strong support for the CTSA program and reaffirms previous language preserving the size, scope, and historic mission of the CTSA program, including the direction that no hub shall receive less than 95 percent of the resources that were provided prior to fiscal year 2022. Last year, the agreement expressed concerns with a new Funding Opportunity Announcement and its potential to divert appropriated resources away from CTSA hubs. The agreement is concerned that NCATS continues to push to disaggregate CTSA activities, which makes the application process burdensome on investigators and resulted in nearly all institutions submitting partial applications. No later than 30 days after enactment of this Act, NCATS is directed to brief the Committees on options to

reverse disaggregation, preserve historic CTSA activities and institutional support, including training as many young investigators as possible, and ensure that any hub funded receive not less than 95 percent of the resources that were previously provided. Finally, the agreement reiterates previous direction that NCATS inform the Committees prior to any planned changes to the size of hub awards, scope of the program, or strategic changes to the program, specifically noting that the Committees shall be consulted prior to any new CTSA initiatives being implemented.

Collaboration with Business Incubators.—The agreement urges NCATS to redouble its efforts to leverage its mission by exploring opportunities or potential collaborations with business incubators that host small to midsize science, research and pharmaceutical companies that use service-based approaches to nurture and guide their member companies to success.

Cures Acceleration Network (CAN).—The agreement includes up to \$70,000,000 for the CAN to reduce barriers between research discovery and clinical trials. This increase will allow NCATS to address or expand existing CAN cure concepts focused on diagnostic technologies, gene therapy vectors, artificial intelligence/machine learning (AI/ML)-enabled chemistry for drug development, and the next phase of dissemination of tissue chip technology. Further, the agreement urges NCATS to consider supporting activities within CAN and other NCATS' offices or divisions that focus on precision medicine—from precision prevention, to precision diagnosis, to precision therapeutics. Activities should also include the ability to generate the data to demonstrate the efficacy and cost effectiveness of precision medicine.

Full Spectrum of Medical Research.—The agreement applauds NIH efforts to support and advance the full spectrum of medical research, which ensures

breakthroughs in basic science are translated into therapies and diagnostic tools that benefit patient care while disseminating cutting-edge information to the professional community. The agreement notes the importance of flagship initiatives, including the CTSA program, to these important efforts.

OFFICE OF THE DIRECTOR (OD)

Administrative Offices.—For fiscal year 2023, the agreement provides the Budget Office \$4,550,000 and directs it to recruit and hire a new GS15 staff member or higher to serve as the Committees' primary liaison with NIH. The Budget Office is urged to recruit internally from within NIH to fill this position within 120 days of enactment of this Act.

Adoption of Dogs, Cats, and Rabbits Used in Research.—The agreement requests NIH to provide a report to the Committees no later than 180 days after enactment of this Act on the feasibility and/or challenges of post-research adoption.

ALS Research, Treatments, and Expanded Access.—The agreement recognizes it is critically important that NIH continue to grow its investment in ALS research to capitalize on the momentum to find new treatments for ALS and a cure for the disease. The agreement recognizes that each year, only a small portion of research funds are spent on new research projects. The agreement strongly urges NIH to maintain the ALS drug ecosystem with additional grant funding for extramural research through NINDS. In addition, the agreement urges NIH to continue to increase support and momentum for ALS research that can lead to new treatments and better care as quickly as possible, as well as support expanded access research for ALS investigational drugs.

In addition, the agreement directs NIH to handle funding of expanded access grants as authorized in the ACT for ALS (P.L. 117–79) as separate, not competitive with, funding for other research on ALS and includes \$75,000,000 for this purpose, an increase of \$50,000,000 above the fiscal year 2022 enacted level.

The agreement urges NINDS and OD to strengthen the expanded access grant application process. This should include allowing applicants 60 days from the official publication date of the Funding Opportunity Announcement (FOA) to solicit applications to conduct scientific research utilizing data from expanded access to investigational drugs or biological products to allow potential applicants sufficient time to develop meaningful collaborations and responsive projects. NINDS and OD are also directed to offer technical assistance to interested applicants during the grant process and prior to the submission due date of the FOA. Further, the agreement directs NINDS and OD to host webinars for potential applicants to prepare grant applications and also to offer forums for stakeholder engagement throughout the grant process.

The agreement directs NINDS and OD to brief the Committees prior to any execution of expanded access grants or programmatic funding. Further, once awards are announced, the agreement directs NINDS and OD to provide the Committees with an explanation of the funded grants, including a clear breakdown of what the funding is to be used for. The agreement directs NINDS and OD to fund as many applications as possible and to fund them for one year increments as is common with other NINDS grants.

Furthermore, if after NINDS completes its review of expanded access research grant applications and awards grants to eligible applications for expanded access programs under Section 2 and there are additional funds, those funds shall be used to fund Section 3 public-private research partnerships under the Act for ALS.

Finally, if sufficient eligible applications are not received, or NINDS and OD have any reason to believe any funding should lapse for any reason, the ICs are directed to notify the Committees prior to the notifications of awards. This notification shall include: (1) a detailed explanation as to why applications cannot be funded; (2) the technical assistance provided to applicants to assist them in submitting eligible grant applications; and (3) a proposed plan to award funding for other ALS research prior to the end of the fiscal year.

Analyzing Differences in COVID-19 Study Outcomes.—The agreement recognizes that the COVID-19 pandemic has exposed an array of related health disparities, including a difference in acute disease severity and outcomes between female and male patients. To better understand how sex, race, and other variables impact study outcomes, the agreement directs the ICs, in coordination with OD and the Office of Research on Women's Health, to support research to assess whether sex, race, and other differences play a role in study outcomes.

Artificial Intelligence/Machine Learning (AI/ML).—The agreement provides \$135,000,000 to support NIH's efforts to build capacity to leverage machine learning to accelerate the pace of biomedical innovation. This includes \$50,000,000 for AI/ML-focused investments and other ML-focused initiatives and \$85,000,000, an increase of \$15,000,000, for the Office of Data Science Strategy (ODSS). ODSS is encouraged to launch a pilot with the Department of Energy to study the potential for quantum computing for biomedical sciences. The agreement directs ODSS and the Chief Information Officer to provide biannual updates to the Committees on their efforts. In addition, the agreement includes an increase of \$3,000,000 for the Office of Portfolio Analysis (OPA) under the Division of Program Coordination, Planning, and Strategic Initiatives. The agreement strongly

supports NIH's efforts to build AI-based analytical tools to help NIH optimize investments in biomedical research by identifying emerging topics and predicting which ones will produce transformative breakthroughs. These tools—which themselves could be transformative—will also help NIH assess the return on investment of past investments, providing insight that has largely been absent in biomedical research. The agreement expects OPA to use the additional funding to expedite the development and adoption of the tools by NIH. The agreement directs OPA to provide the Committees an update on its efforts within 60 days of enactment of this Act, including the percentage of NIH program staff in each IC that use OPA's tools.

Autoimmune Diseases.—Since many autoimmune diseases affect women predominantly, the agreement includes \$10,000,000 to implement the recommendations of a recent NASEM report to establish an Office of Autoimmune Disease Research (OADR) within the Office of Research on Women's Health (ORWH). The agreement directs OADR to: (1) coordinate the development of a multi-IC strategic research plan with concrete, meaningful milestones to set priorities; (2) as part of the internal and external outreach for the strategic plan, identify emerging areas of innovation and research opportunity; (3) coordinate and foster collaborative research across ICs; (4) annually evaluate the autoimmune research portfolio to determine progress made across NIH; (5) provide resources to support planning, collaboration, and innovation; and (6) develop and oversee a publicly accessible central repository for autoimmune disease research. The agreement directs ORWH and OADR to brief the Committees within 150 days of enactment of this Act on NIH's efforts to stand up OADR and the status of the aforementioned directives.

Biomedical Research Facilities.—The agreement provides \$80,000,000 for grants to public and nonprofit entities to expand, remodel, renovate, or alter existing research facilities or construct new research facilities as authorized under 42 U.S.C. section 283k. Further, the agreement urges NIH to consider recommendations made by the NIH Working Group on Construction of Research Facilities, including making awards that support a significant number of newly constructed or renovated facilities. Finally, the agreement encourages NIH to prioritize projects focused on specialized imaging capacities.

Brain Research through Advancing Innovative Neurotechnologies (BRAIN) Initiative.—The agreement includes \$680,000,000 for the BRAIN Initiative, including \$450,000,000 authorized in the Cures Act. The overall funding level includes \$95,000,000 for the Human Brain Cell Atlas; \$10,000,000 for the Armamentarium for Brain Cell Access; and \$30,000,000 for the Brain Connectivity Map. The agreement directs NIH to brief the Committees on the progress and achievements of key projects, as well as mid-term objectives and anticipated/actual outcomes, within 90 days of enactment of this Act.

Childhood Post-infectious Neuroimmune Disorders/PANS/PANDAS.—The agreement encourages NIH to prioritize research in this area, and include an update in the fiscal year 2024 Congressional Justification on the progress being made on the understanding of the costs, causes, diagnostic criteria, and treatment of these conditions.

Chimera Research.—The agreement supports NIH's funding limitation regarding the introduction of human pluripotent cells into non-human vertebrate animal pre-gastrulation stage embryos. The agreement takes seriously the bioethical considerations regarding the creation of human-animal chimeras and the continuation of research using these cells.

Chimpanzee Maintenance, Care, and Transportation.—The agreement directs NIH to provide a report to the Committees quarterly, beginning no later than February 1, 2023, that shall include: (1) the number of chimpanzees transported to the national sanctuary over the last quarter; (2) a census of all government-owned and supported chimpanzees, remaining, if any, at the Alamogordo Primate Facility (APF), the Keeling Center for Comparative Medicine and Research (KCCMR), or the Southwest National Primate Research Center (SNPRC); and (3) a list of any chimpanzee deaths, including details on the cause of death and the specific rationale behind any euthanasia decisions, that have occurred at any time after January 1, 2020, at APF, KCCMR, SNPRC, and the national sanctuary system.

Collection and Reporting of Animal Research Numbers and Agency Funding.—
The Joint Explanatory Statement accompanying the Consolidated Appropriations
Act, 2022 requested a plan to improve the accuracy and transparency of collected
data on the use of animals in NIH-funded research. The agreement further
encourages NIH to develop and include a draft form for collecting this information
annually and to include details on how the agency will address any incomplete
reporting of NIH-funded research with animals and encourage prospective
documentation of study design and analysis plans.

Common Data Elements (CDEs).—The agreement recognizes the increasing importance of CDEs that enable standardized and consistent use of data in research, especially translational and clinical research, and that facilitate efforts to replicate and validate findings, for a disease area. The NIH encourages use of CDEs including use of the NIH's CDE repository. To encourage development and use of CDEs in disease areas where they currently do not exist, the agreement directs ODSS to work with ICs to support efforts to develop CDEs, including

through collaborations with research stakeholders. The agreement also directs ODSS to provide a list of diseases and disease areas actively under development, such as autoimmune and immune-mediated conditions, to inform further NIH efforts to support development of such elements.

Common Fund.—The Common Fund supports cross-cutting, trans-NIH programs that require participation by multiple ICs, strategic planning, coordination, and have the potential for extraordinary impact. The agreement provides a \$65,000,000 increase to the Common Fund with the expectation that it will focus on time limited, goal-driven investments that accelerate emerging science and support high-risk/high-reward research. The agreement directs NIH to brief the Committees about its plans for these funds and other notable Common Fund initiatives within 120 days of enactment. Further, this briefing should include detailed plans on how to support any Common Fund programs within two years of graduation from the program.

Cybersecurity.—The agreement provides \$265,000,000, an increase of \$40,000,000 above the fiscal year 2022 enacted level, to strengthen cybersecurity at NIH.

Developmental Delays.—The agreement includes an increase of \$10,000,000 for research on developmental delays, including speech and language delays in infants and toddlers, characterizing speech and language development and outcomes in infants and toddlers through early adolescence. Such research shall include studies, including longitudinal studies.

Diversity in NIH Kidney Disease Research Populations.—The agreement directs NIH to include an update in the fiscal year 2024 Congressional Justification regarding the NIH kidney disease research program, including research on health disparities in the prevention, diagnosis, and treatment of kidney disease among racial and ethnic minority populations.

Dual Purpose/Dual Benefit Research.—The agreement encourages a partnership between NIH, the National Institute of Food and Agriculture, and the other relevant 115 Federal research and development agencies to develop a next generation interagency program using agriculturally important large animal species. The agreement expects NIH to continue this important cooperative partnership program to further strengthen ties between human medicine, veterinary medicine, and animal sciences, with the goal to improve animal and human health and provide enhanced applicability and return on investment in research.

Early-career Pediatric Researchers.—The agreement encourages NIH, through the Trans-NIH Pediatric Research Consortium, to explore an NIH-wide early career development award that is focused on early-career researchers in the field of pediatrics that includes efforts to recruit researchers from diverse backgrounds, including those that are from groups underrepresented in the biomedical workforce. The agreement requests an update on progress in the fiscal year 2024 Congressional Justification.

Environmental Influences on Child Health Outcomes (ECHO).—The agreement includes \$180,000,000, the same level as fiscal year 2022, for the ECHO program. ECHO currently funds the Navajo Birth Cohort Study. The agreement encourages OD to consider expanding the study to include a larger representation of indigenous children in the national cohort to allow for a better understanding of the impacts of environmental exposure in these unique populations.

Firearm Injury and Mortality Prevention Research.—The agreement includes \$12,500,000, the same level as fiscal year 2022, to conduct research on firearm injury and mortality prevention. Given violence and suicide have a number of causes, the agreement recommends NIH take a comprehensive approach to studying these underlying causes and evidence-based methods of prevention of injury, including crime prevention. All grantees under this section will be required to fulfill requirements around open data, open code, pre-registration of research projects, and open access to research articles consistent with the National Science Foundation's open science principles. The Director is to report to the Committees within 30 days of enactment of this Act on implementation schedules and procedures for grant awards, which strive to ensure that such awards support ideologically and politically unbiased research projects.

Foreign Influence.—To support NIH's efforts to expeditiously complete grant compliance reviews, the agreement continues to include \$2,500,000 for this activity within the Office of Extramural Research.

Harassment Policies.—The agreement directs NIH to establish a strategic plan and timeline to implement the recommendations of the 2020 NIH Workplace Climate and Harassment Survey, and to continue to regularly conduct similar surveys and make the findings public to facilitate progress tracking and accountability.

Heritable Genetic Information Study.—The agreement directs NIH to enter into an agreement with NASEM within 60 days of enactment of this Act to identify the biological basis of health risks relevant to the regulation of heritable genetic information in food animals. NASEM will conduct a study to identify genetic and other molecular mechanisms that could present risks to human health based on heritable genetic information (natural, induced, intended, or designed) in food animal species. In conducting this study, NASEM will: (1) identify biological

mechanisms that may present novel hazards associated with animal food species that harbor intended, induced, or designed heritable genetic information that would not be presented by standard breeding or reproductive technologies practiced in animal agriculture; (2) assess the absolute and relative likelihood of animal agricultural presenting such hazards; and (3) identify experimental strategies and methodologies to evaluate the human safety of animals (or the derived agricultural products) that harbor intended, induced, or designed heritable genetic information for agricultural applications. Based on its review of the literature, consultations with the Departments of Health and Human Services and Agriculture, and other expert input, NASEM will report its findings, conclusions, and recommendations, including identification of specific near- and medium-term scientific questions (i.e., in a 3 to 10 year period) that may be addressed through NIH or HHS funding. The report will also include strategies for addressing major scientific or technical barriers to progress on these scientific questions. The agreement provides \$1,300,000 to cover the costs of this study.

Humane Research Alternatives.—The agreement recognizes that non-human primate research models make significant contributions to advancing science's understanding of diseases and disorders afflicting humans and animals, including in the discovery and evaluation of new therapeutics before they go to clinical trials in human and animal patients. However, recognizing that humane, cost-effective, and scientifically suitable non-animal methods are available for certain research models, but underutilized, the agreement directs NIH to report to the Committees no later than 180 days after enactment of this Act on the feasibility of establishing incentives to encourage investigators to utilize non-animal methods whenever appropriate for the research question and how to establish standardized guidelines for peer review evaluation of the justification for research with animals.

HIV/AIDS Research.—The agreement includes an increase of \$100,000,000 above the fiscal year 2022 level for research related to HIV/AIDS across NIH.

I-Corps.—The agreement encourages NIH to expand access to healthcare commercialization programs such as I-Corps@NIH and the Concept to Clinic: Commercializing Innovation (C3i) programs for their Small Business Innovation Research and Small Business Technology Transfer Programs recipients.

INCLUDE Initiative.—The agreement includes no less than \$90,000,000 for this activity and requests an updated plan as described in House Report 117-403.

Lyme Disease and Related Tick-Borne Illnesses.—The agreement urges NIH to develop new tools that can more effectively prevent, diagnose, and treat Lyme disease, including its long-term effects, and other tick-borne diseases. The agreement encourages NIH to evaluate the effectiveness of laboratory tests associated with the detection of Borrellia burgdori to diagnose the disease early, as well as the promotion and development of potential vaccine candidates for Lyme disease and other tick-borne diseases. The agreement urges NIH to conduct research to better understand modes of transmission for Lyme and other tick-borne diseases, including vertical transmission. The agreement encourages NIH to incentivize new investigators to enter the field of tick-borne disease research. The agreement directs NIH to coordinate with CDC on publishing reports that assess diagnostic advancements, methods for prevention, the state of treatment, and links between tick-borne disease and psychiatric illnesses.

National Security.—The agreement believes that NIH should consider relevant national security issues when developing and executing the NIH-wide Strategic Plan.

Native Hawaiians (NH).—The agreement directs NIH to provide the Committees a report within 90 days after enactment of this Act describing how it currently coordinates NH health research-related activities across the agency and with the NH community. The agreement encourages NIMHD to partner with entities with a proven track record of working closely with NH communities and NH-serving organizations to support the development of NH investigators.

Office of Nutrition Research.—The agreement continues to fund the Office of Nutrition at the fiscal year 2022 level.

Office of Research on Women's Health (ORWH).—The agreement includes \$76,480,000 for ORWH. Within the total for ORWH, the agreement provides \$5,000,000, an increase of \$1,000,000 above the fiscal year 2022 enacted level, for the Building Interdisciplinary Research Careers in Women's Health (BIRCWH) program to fund additional BIRCWH fellows at existing sites. To address the persistent gaps that remain in the knowledge of women's health, the agreement includes \$2,000,000 within ORWH to contract with NASEM to conduct a study on the gaps present in women's health research across all NIH ICs. Specifically, the study should be designed to explore the proportion of research on conditions that are more common or unique to women, establish how these conditions are defined and ensure that it captures conditions across the lifespan, evaluates sex differences and racial health disparities, and determine the appropriate level of funding that is needed to address gaps in women's health research at NIH. The agreement requests NASEM, not later than 18 months after the date on which the agreement is entered, to submit to Congress a report containing the findings of the study and the recommendations to address research gaps in women's health research, including measurable metrics to ensure that this research is accurately tracked to meet the continuing health needs of women. As mentioned above, the agreement also

includes \$10,000,000 within ORWH to establish the Office of Autoimmune Disease Research.

Office of the Chief Officer for Scientific Workforce Diversity.—The agreement includes no less than \$22,415,000 for this office.

Palliative Care.—The agreement reiterates the need for NIH to develop and implement a trans-Institute strategy to expand and intensify national research programs in palliative care. The agreement urges NIH to ensure that palliative care is integrated into all areas of research across NIH and requests an update on plans to realize this coordination in the fiscal year 2024 Congressional Justification.

Postural Orthostatic Tachycardia Syndrome (POTS).—POTS is one of the most common forms of dysautonomia, estimated to impact up to 3,000,000 Americans prior to the COVID-19 pandemic. Recent research suggests that 67 percent of individuals experiencing post-acute sequelae of SARS-COV-2 (PASC), also known as Long COVID, are developing moderate to severe dysautonomia, most commonly presenting as POTS. Due to the sudden increase in the patient population affected by this debilitating disorder, the agreement strongly encourages NIH to support new research on POTS, to address the gaps in current knowledge identified during the NIH's July 2019 workshop, Postural Orthostatic Tachycardia Syndrome (POTS): State of the Science, Clinical Care, and Research. The agreement strongly encourages NIH to establish a multi-Institute Notice of Special Interest to spur additional needed research addressing the identified gaps in knowledge.

Prenatal Opioid Use Disorders and Neonatal Abstinence Syndrome (NAS).—
The agreement encourages NIH to coordinate with other agencies at HHS to support additional research on prevention, identification, and treatment of prenatal opioid exposure and NAS, including the best methods for screening and treating pregnant women for opioid use disorder and the best methods for screening for NAS. Additionally, the agreement encourages NIH to support research through the ACT NOW and HBCD studies to enhance understanding of the impact of pharmacological and non-pharmacological treatments for NAS on costs and outcomes in the short-term and longitudinally. The agreement further encourages NIH to coordinate with other agencies at HHS to support research on innovative care models to optimize care and long-term outcomes for families.

Sexual Orientation and Gender Identity Research Center.—The agreement does not provide funding to establish the Center.

BUILDINGS AND FACILITIES

The agreement includes \$350,000,000 for Buildings and Facilities. For the third time in as many years, the agreement does not include authority for NIH to transfer up to 1 percent of its research funding to Buildings and Facilities. This is highly unusual authority for a Federal agency and NIH has once again provided no explanation for why this mechanism would be appropriate for NIH, but not other Federal agencies. Should NIH request this authority in its fiscal year 2024 budget request, it is directed to provide to the Committees an RCDC report at the same time the Congressional Justification is delivered detailing estimated expenditures by disease category before and after the 1 percent authority is used in fiscal year 2024. At the same time, NIH is directed to provide a list of the projects it would fund using this transfer authority.

The agreement directs NIH to continue to provide quarterly updates of its efforts to develop best practices and its maintenance and construction plans for projects whose cost exceeds \$3,500,000, including any changes to those plans and the original baseline estimates for individual projects. It also directs NIH to describe in its fiscal year 2024 and future Congressional Justifications how the projects requested in its budgets tie to its capital planning process, including the RFAC's role in determining which projects are selected for inclusion in the budget.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION (SAMHSA) MENTAL HEALTH

Certified Community Behavioral Health Clinics (CCBHC).—The agreement continues to encourage SAMHSA to work with CMS to review and update the Department's approach to CCBHC certification activities. SAMHSA and CMS are directed to provide an update on the review and implementation of the CCBHC expansion included in the Bipartisan Safer Communities Act within 90 days of enactment of this Act. Within the increase, the agreement includes \$3,000,000 for the expansion and operation of the CCBHC-Expansion National Training and Technical Assistance Center to assist stakeholders on the application of certification criteria, data reporting requirements, financing questions, and best practices related to the expansion of the demonstration program included in the Bipartisan Safer Communities Act (P.L. 117–159).

Children's Mental Health Services.—The agreement includes an increase to expand efforts, including reaching more children and training more people in mental health activities and practices.

Mental Health Block Grant.—The agreement continues to include a five percent set-aside of the total for evidence-based crisis care programs that address the needs of individuals with serious mental illnesses, children with serious emotional disturbances, or individuals experiencing a mental health crisis.

National Child Traumatic Stress Initiative.—The agreement includes an increase and directs SAMHSA to ensure the network maintains its focus on collaboration, data collection, and the provision of direct services, and that new grant opportunities should not be limited to training only.

Within the total provided for Mental Health Programs of Regional and National Significance (PRNS), the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Capacity:	
Seclusion and Restraint	\$1,147,000
Project AWARE	140,001,000
Healthy Transitions	30,451,000
Mental Health Awareness Training	27,963,000
Infant and Early Childhood Mental Health	15,000,000
Children and Family Programs	7,229,000
Consumer and Family Network Grants	4,954,000
Project LAUNCH	25,605,000
Mental Health System Transformation	3,779,000
Primary and Behavioral Health Care Integration	55,877,000
Mental Health Crisis Response Grants	20,000,000
988 Program	501,618,000
National Strategy for Suicide Prevention	28,200,000
Zero Suicide	26,200,000

Budget Activity	FY 2023 Agreement
American Indian and Alaska Native	3,400,000
Garrett Lee Smith-Youth Suicide Prevention	
State Grants	43,806,000
Campus Grants	8,488,000
American Indian and Alaskan Native Suicide	
Prevention Initiative	3,931,000
Tribal Behavioral Grants	22,750,000
Homelessness Prevention Programs	33,696,000
Minority AIDS	9,224,000
Criminal and Juvenile Justice Programs	11,269,000
Assisted Outpatient Treatment	21,420,000
Assertive Community Treatment for Individuals	
with Serious Mental Illness	9,000,000
Interagency Task Force on Trauma Informed Care	2,000,000
Science and Service:	
Garrett Lee Smith-Suicide Prevention Resource	
Center	11,000,000
Practice Improvement and Training	7,828,000

Budget Activity	FY 2023 Agreement
Primary and Behavioral Health Integration Technical	
Assistance	1,991,000
Consumer & Consumer Support Technical	
Assistance Centers	1,918,000
Minority Fellowship Program	11,059,000
Disaster Response	1,953,000
Homelessness	2,296,000

Behavioral Health Crisis Services and 988 Program (988).—The agreement reflects a one-time appropriation provided in section 145 of P.L. 117-180 and provides an increase in funding to support local crisis center capacity and centralized network functions in order to respond to the increase in contacts as the National Suicide Prevention Lifeline (Lifeline) continues its transition to 988. The agreement encourages SAMHSA to expand existing intervention and suicide prevention hotline and web services and focus outreach on youth. The agreement also encourages SAMHSA to partner with academic institutions and organizations in areas with high concentrations of veterans and active duty military personnel to ensure access to 988 and crisis lifeline resources. The agreement requests a briefing within 90 days of enactment of this Act on the implementation of the 988 program, which shall include a spend plan for the resources allocated through 988. Within the increase for 988, the agreement provides \$7,000,000 for the Behavioral Health Crisis and 988 Coordinating Office. In addition, within the increase for 988, the agreement provides \$7,000,000 for Spanish speakers

seeking access to the Lifeline through texts or chats. SAMHSA shall make this funding available to one or more organizations with the capacity and experience to offer culturally competent, Spanish language text and chat services for mental health support and crisis intervention. Furthermore, within the increase for 988, the agreement provides \$29,700,000 and directs the activities included in House Report 117-403, including making funding competitively available to provide the capacity and infrastructure to handle vulnerable youth callers, chats, and texts through interactive voice response technology and other technology solutions where appropriate.

COVID-19 Impact.—The agreement does not include directives for the reports described in House Report 117-403.

Depression.—The agreement encourages a national Depression Center of Excellence to help translate academic treatment advances into clinical care. This Center would help address the need for earlier clinical detection of depression and new strategies to prevent recurrences of depressive illnesses, as well as ways of reducing their length and severity.

Mental Health Awareness Training.—The agreement includes an increase for Mental Health Awareness Training and directs SAMHSA to continue to include as eligible grantees local law enforcement agencies, fire departments, and emergency medical units with a special emphasis on training for crisis de-escalation techniques. SAMHSA is also encouraged to allow training for college students, veterans and armed services personnel and their family members and to broaden applicable settings to include non-educational and non-healthcare settings where appropriate.

Mental Health Centers of Excellence.—The agreement urges SAMHSA to continue supporting centers of excellence focused on the development, evaluation, and distribution of evidence-based resources regarding comprehensive treatment recommendations for mental health patients. These recommendations may include supportive services, wraparound services, and social determinants of care where applicable. The centers will also work to disseminate treatment recommendations to the broader network of mental health clinicians.

Mental Health Crisis Response Grants.—The agreement includes an increase for the activities directed in House Report 117-403.

Project AWARE.—The agreement includes an increase for school-and campus-based mental health services and support. Of the amount provided, the agreement directs \$17,500,000 for grants to support efforts in high-crime, high-poverty areas and, in particular, communities that are seeking to address relevant impacts and root causes of civil unrest, community violence, and collective trauma. Additionally, within this increase, the agreement provides \$12,000,000 to increase student access to evidence-based, culturally relevant, trauma support services and mental health care through established partnerships with community organizations as authorized by section 7134 of the SUPPORT Act (P.L. 115-271).

SUBSTANCE ABUSE TREATMENT

State Opioid Response (SOR) Grants.—The agreement provides an increase and notes that large swings in funding between grant cycles can pose a significant challenge for States seeking to maintain programs that were instrumental in reducing drug overdose fatalities. The agreement directs SAMHSA to avoid significant cliffs between States with similar opioid mortality data, and to prevent unusually large changes in a State's SOR allocation when compared to the prior year's allocation. In ensuring the formula avoids such cliffs, the Assistant Secretary may consider options including, but not limited to, expanding the number of States that are eligible for the 15 percent set aside. The agreement continues to direct SAMHSA to conduct a yearly evaluation of the program to be transmitted to the Committees no later than 180 days after enactment of this Act and make such an evaluation publicly available on SAMHSA's website.

SOR Overdose Data Report.—The agreement recognizes that drug overdose mortality data collection and reporting is complex, often with multi-substance use contributing to mortality. The agreement encourages SAMHSA to evaluate the data used to calculate SOR allocations, including whether accurate, State-level data exists for mortality rates for opioid use disorders and whether such data should be used to calculate the 15 percent set-aside within SOR.

Substance Abuse Prevention and Treatment Block Grant (SABG).—The agreement does not include a new set-aside within the SABG for recovery services, but urges SAMHSA to strongly encourage States to use a portion of their SABG funding for recovery support services.

Within the total provided for Substance Abuse Treatment Programs of Regional and National Significance, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Capacity:	
Opioid Treatment Programs and Regulatory	
Activities	\$10,724,000
Screening, Brief Intervention, and Referral to	
Treatment	33,840,000
PHS Evaluation Funds	2,000,000
Targeted Capacity Expansion - General	122,416,000
Medication-Assisted Treatment for Prescription	
Drug and Opioid Addiction	111,000,000
Grants to Prevent Prescription Drug/Opioid Overdose.	16,000,000
First Responder Training	56,000,000
Rural Focus	31,000,000
Pregnant and Postpartum Women	38,931,000
Recovery Community Services Program	4,434,000

	FY 2023
Budget Activity	Agreement
Children and Families	30,197,000
Treatment Systems for Homeless	37,114,000
Minority AIDS	66,881,000
Criminal Justice Activities	94,000,000
Drug Courts	74,000,000
Improving Access to Overdose Treatment	1,500,000
Building Communities of Recovery	16,000,000
Peer Support Technical Assistance Center	2,000,000
Comprehensive Opioid Recovery Centers	6,000,000
Emergency Department Alternatives to Opioids	8,000,000
Treatment, Recovery, and Workforce Support	12,000,000
Youth Prevention and Recovery Initiative	2,000,000
Science and Service:	
Addiction Technology Transfer Centers	9,046,000
Minority Fellowship Program	7,136,000

Building Communities of Recovery.—The agreement provides an increase for enhanced long-term recovery support principally governed by people in recovery from substance use disorders. The agreement encourages SAMHSA to continue supporting recovery support programs principally governed by people in recovery from substance use disorders, including peer support networks.

First Responder Training.—The agreement urges SAMHSA to take steps to encourage and support the use of First Responder Training funds for opioid safety education and training, including initiatives that improve access for licensed health care professionals, including paramedics, to emergency devices used to rapidly reverse the effects of opioid overdoses. Within the increase, the agreement provides \$10,500,000 to make awards to rural public and non-profit fire and EMS agencies as authorized in the Supporting and Improving Rural Emergency Medical Service's Needs (SIREN) Act (P.L. 115-334). The agreement again encourages SAMHSA to allow the purchase of equipment, including naloxone and to continue to fund grants with award amounts lower than the maximum amount allowable.

Medication-Assisted Treatment for Prescription Drug and Opioid Addiction.—The agreement directs SAMHSA to ensure that these grants include as an allowable use the support of medication-assisted treatment and other clinically appropriate services to achieve and maintain abstinence from all opioids, including programs that offer low-barrier or same day treatment options. Within the amount provided, the agreement includes \$14,500,000 for grants to Indian Tribes and Tribal Organizations.

Opioid Use in Rural Communities.—The agreement encourages SAMHSA to support initiatives to advance opioid use prevention, treatment, and recovery objectives, including by improving access through telehealth. SAMHSA is encouraged to focus on addressing the needs of individuals with substance use disorders in rural and medically underserved areas. In addition, the agreement

encourages SAMHSA to consider early interventions, such as co-prescription of overdose medications with opioids, as a way to reduce overdose deaths in rural areas.

Opioid Use Disorder Relapse.—The agreement recognizes SAMHSA's efforts to address opioid use disorder relapse within Federal grant programs by emphasizing that opioid detoxification should be followed by medication to prevent relapse to opioid dependence. The agreement encourages SAMHSA to continue these efforts.

Pregnant and Postpartum Women.—The agreement provides an increase and again encourages SAMHSA to fund an additional cohort of States under the pilot program authorized by the Comprehensive Addiction and Recovery Act (P.L. 114-198).

Recovery Housing.—In order to increase the availability of high-quality recovery housing, the agreement encourages SAMHSA to examine opportunities to provide direct technical assistance to communities in multiple states and promote the development of recovery ecosystems that incorporate evidence-based recovery housing for substance use disorder intervention. SAMHSA is encouraged to explore the establishment of a Center of Excellence with a non-profit, in collaboration with a college of public health, which has expertise and experience in providing technical assistance and research in recovery housing and focuses on homeless and justice-involved individuals utilizing blended funding and an intervention model with demonstrated outcomes.

Treatment Assistance for Localities.—The agreement again recognizes the use of peer recovery specialists and mutual aid recovery programs that support Medication-Assisted Treatment. The agreement directs SAMHSA to support evidence-based, self-empowering, mutual aid recovery support programs that expressly support Medication-Assisted Treatment in its grant programs.

Youth Prevention and Recovery Initiative.—The agreement includes funding for activities outlined in House Report 117-403.

SUBSTANCE ABUSE PREVENTION

Within the total provided for Substance Abuse Prevention Programs of Regional and National Significance, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Capacity:	-
Strategic Prevention Framework	\$135,484,000
Strategic Prevention Framework Rx	10,000,000
Federal Drug-Free Workplace	5,139,000
Minority AIDS	43,205,000
Sober Truth on Preventing Underage Drinking	14,500,000
National Adult-Oriented Media Public Service	
Campaign	2,500,000
Community-based Coalition Enhancement Grants	11,000,000
Intergovernmental Coordinating Committee on the	
Prevention of Underage Drinking	1,000,000
Tribal Behavioral Health Grants	23,665,000

	FY 2023
Budget Activity	Agreement
Science and Service:	
Center for the Application of Prevention Technologies	9,493,000
Science and Service Program Coordination	4,072,000
Minority Fellowship Program	1,321,000

At-Home Prescription Drug Disposal.—The agreement supports efforts to encourage at-home prescription drug deactivation and disposal, and urges SAMHSA to support these types of programs.

Office of Prevention Innovation (OPI).—The agreement notes concern with the manner in which SAMHSA established OPI, without providing notice to the public for comment and failure to include the office in the fiscal year 2023 budget request. Further, the agreement is concerned that the work conducted by the OPI may be outside of the authorized scope for the Center for Substance Abuse Prevention. The agreement requests an update from SAMHSA on OPI and its activities within 120 days of enactment of this Act.

Strategic Prevention Framework-Partnerships for Success Program.—The agreement encourages the program to support comprehensive, multi-sector substance use prevention strategies to stop or delay the age of initiation of each State's top three substance use issues for 12 to 18 year old youth as determined by the State's epidemiological data. The agreement directs SAMHSA to ensure that State alcohol and drug agencies remain eligible to apply along with community-based organizations and coalitions.

Substance Misuse Prevention.—The agreement remains supportive of efforts to reduce the risks associated with drug use, including efforts to avoid drug overdose deaths and the spread of diseases such as HIV and hepatitis. However, these programs primarily serve individuals already struggling with substance misuse and should not be considered primary prevention programs. As such, the agreement strongly encourages SAMHSA to ensure this funding is administered through the Center for Substance Abuse Treatment and not through the Center for Substance Abuse Prevention.

HEALTH SURVEILLANCE AND PROGRAM SUPPORT

Within the total provided for health surveillance and program support, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Health Surveillance	\$50,623,000
PHS Evaluation Funds	30,428,000
Program Support	84,500,000
Public Awareness and Support	13,260,000
Performance and Quality Information Systems	10,200,000
Drug Abuse Warning Network	13,000,000
Behavioral Health Workforce Data	1,000,000
PHS Evaluation Funds	1,000,000

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$160,777,000 for the projects, and in the amounts, specified in the table titled "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

Data on Substance Use Disorder Treatment.—The agreement recognizes the challenges associated with treatment and recovery data collection and again encourages SAMHSA to request that States submit data on quality metrics for the evidenced-based treatment and recovery programs that enable individuals to achieve long-term recovery funded through the SABG, SOR, and State Targeted Response to the Opioid Crisis grant programs.

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY (AHRQ) The agreement includes \$373,500,000 for AHRQ. Within the total, the agreement includes the following amounts:

	FY 2023
Budget Activity	Agreement
Health Costs, Quality, and Outcomes:	
Prevention/Care Management	\$11,542,000
Health Information Technology (IT)	16,349,000
Patient Safety Research	89,615,000
Health Services Research, Data, and	
Dissemination	101,103,000

	FY 2023
Budget Activity	Agreement
Long COVID	10,000,000
Medical Expenditure Panel Survey	71,791,000
Program Management	73,100,000

Antimicrobial Resistance (AMR).—The agreement directs AHRQ to work with other HHS agencies to provide the annual briefing described under the section of the explanatory statement dealing with the Office of the Secretary within 30 days of enactment of this Act and every succeeding annual appropriations act.

Center for Primary Care Research.—The agreement continues \$2,000,000 for this activity.

Diagnostic Errors.—The agreement includes \$20,000,000 to fund research, testing, and solutions to avoid diagnostic error and to support Diagnostic Safety Centers of Excellence to disseminate related findings. Funding provided will support eight centers, with each center focusing on specific conditions, populations, or settings of diagnostic safety as noted in the fiscal year 2023 budget request.

Grief and Bereavement Care.—The agreement notes that more Americans are experiencing grief and loss as a result of the COVID-19 pandemic. The agreement includes \$1,000,000 to fund an evidence review and technical expert panel to assess the feasibility of developing consensus-based quality standards for high quality bereavement and grief care. AHRQ is directed, in consultation with stakeholders including the National Quality Forum (NQF), the Patient-Centered Outcomes Research Institute (PCORI), and community-based providers including

hospice programs, to establish an evidence-base on what constitutes high-quality grief and bereavement care.

Heart Disease Research.—Heart disease is the leading cause of death for Americans. Understanding how to reduce the rate of cardiac events and to control the metabolic processes that lead to such events is needed. The agreement supports AHRQ studying and assessing the current evidence for lipid control and cardiovascular event reduction. In addition, the agreement directs AHRQ to assess the current evidence on the costs and benefits—including the costs to the Federal Treasury—of angioplasties conducted in non-emergency situations and make recommendations based on its findings within 180 days of enactment of this Act.

Improving Maternal Health.—The agreement urges AHRQ to fund research to understand the complex challenges of ensuring safe and healthy pregnancies and childbirth, particularly for underserved women who are at substantially higher risk of complication and death.

Long COVID Research.—The agreement includes \$10,000,000 for health-systems research on how best to deliver patient-centered, coordinated care to those living with Long COVID, including the development and implementation of new models of care to help treat the complexity of symptoms those with Long COVID experience.

Organ Availability.—The agreement urges AHRQ to evaluate innovative approaches to enhance the availability of organs, otherwise encourage donation, and further improve the organ transplantation process, including through consultation with other Federal agencies.

People with Disabilities.—The agreement includes \$750,000 for AHRQ to work with stakeholders to develop a research agenda and report for dissemination on health promotion, disease prevention, and intervention strategies for people with disabilities.

Sepsis.—To better understand the disease burden of sepsis, the agreement includes \$750,000 and directs AHRQ to conduct a comprehensive set of studies that calculate the morbidity, readmissions, and mortality related to sepsis with respect to pediatrics, maternal sepsis, nursing home care, and rehabilitation, and the association of pandemic-related changes in the healthcare system on the burden of sepsis. The study should also examine the annual financial costs of sepsis in the United States.

CENTERS FOR MEDICARE & MEDICAID SERVICES (CMS) PROGRAM MANAGEMENT

Alzheimer's Disease (AD) Diagnostics.—CMS' bundled payment policy for advance radiopharmaceuticals in the hospital outpatient setting can make these diagnostic imaging services cost prohibitive for many hospitals and doctors, especially those providing care to racial and ethnic minorities, and patients in rural areas. The agreement directs CMS to review the utilization of AD diagnostics and consider potential modifications that could make access to advanced imaging for AD more equitable.

Cardiac Computed Tomography (CT).—The agreement notes that unstable and low Medicare payments for cardiac CT services is contributing to significant disparity in access to services among minority populations and encourages CMS to address this inequity.

Certified Community Behavioral Health Clinics (CCBHC).—The agreement continues to encourage CMS to work with SAMHSA to review and update the Department's approach to CCBHC certification activities. The agreement directs CMS and SAMHSA to provide an update on the review and implementation of the

CCBHC expansion included in the Bipartisan Safer Communities Act within 90 days of the date of enactment of this Act.

Computed Tomography (CT) Colonography.—The agreement encourages CMS to consider existing evidence to determine whether CMS should cover CT Colonography as a Medicare-covered colorectal cancer screening test under section 1861(pp)(1) of the Social Security Act.

Diabetes Technology.—The agreement is concerned about access to new technologies to treat diabetes and notes that CMS and FDA have not coordinated their efforts regarding these technologies, leading to a lack of certainty and predictability regarding coverage and payment policies. The agreement expects the report on this issue as requested in Public Law 117–103.

Evaluation and Management Services (E/M).—The agreement requests an update in the fiscal year 2024 Congressional Justification on a process to evaluate E/M services more regularly and comprehensively.

Rural Hospital Closures.—The agreement notes that 135 rural hospitals have closed in the past decade and many others are vulnerable to closure. The agreement directs CMS to provide feedback to the Committees on Appropriations, the Senate Committee on Finance, and the House Committee on Energy and Commerce on providing appropriate relief for struggling hospitals in rural and under-served communities.

Sepsis.—The agreement directs CMS, in collaboration with CDC, to use the measure development process to develop new or identify existing hospital quality measures for adult and pediatric sepsis that could be implemented through notice and comment rulemaking. This process should take into account the adult and pediatric measures that were successfully adopted and implemented in New York State. CMS should consult with the CDC to determine if CDC's National Healthcare Safety Network (NHSN) could include Adult Sepsis Event surveillance

and early identification of sepsis, perhaps leveraging new data interoperability standards. CMS, in coordination with the CDC, shall also develop new or identify existing processes to publicly report quantitative and qualitative information regarding sepsis care that may be reported through the NHSN and may track hospital implementation of quality improvement measures for adult and pediatric sepsis care.

Transitional Coverage for Emerging Technologies.—The agreement requests an update in the fiscal year 2024 Congressional Justification on this program and related CMS resources.

Whole Genome Sequencing.—The agreement notes a growing body of evidence that whole genome sequencing (WGS), whole exome sequencing, and gene panel testing can save lives and money when used to diagnose infants and children suspected of having a rare genetic disease. The agreement urges CMS to develop guidance for state health officials on best practices for incorporating these technologies into their Medicaid and CHIP programs as a first-line diagnostic for children who are suspected of having rare genetic diseases in the inpatient setting. This guidance should also include advice for States on how to encourage and incentivize managed care organizations to cover these diagnostic tools for this population. The agreement requests a report within 180 days of enactment on steps taken to develop such guidance. Additionally, the agreement understands that there are undiagnosed diseases that do not require hospital inpatient care and urges CMS to issue guidance on the Early and Periodic Screening, Diagnostic and Treatment Benefit on the usage of WGS, whole exome sequencing, and gene panel testing.

The agreement does not include directives for Contraceptive Access under the Affordable Care Act, as described in House Report 117–403.

The agreement does not include funding increases for new initiatives for the development of a patient advocate program or State All Payer Claims Databases, as described in House Report 117–403.

HEALTH CARE FRAUD AND ABUSE CONTROL

Senior Medicare Patrol.—Within the amount provided for CMS, the agreement includes \$35,000,000 for this program.

ADMINISTRATION FOR CHILDREN AND FAMILIES (ACF)

LOW INCOME HOME ENERGY ASSISTANCE (LIHEAP)

The agreement includes \$1,500,000,000 in this division, and \$2,500,000,000 under this heading in the Disaster Relief Supplemental Appropriations Act, 2023, to provide \$4,000,000,000 for the Low-Income Home Energy Assistance program, an increase of \$199,696,000 over the fiscal year 2022 enacted level. In addition to this funding, \$1,000,000,000 in supplemental funding is also provided in the Disaster Relief Supplemental Appropriations Act, 2023, to help lower-income families cover the costs of home heating and cooling.

The agreement includes \$1,700,000 in additional technical assistance funding for HHS to continue to develop a formula system to simplify the formulation process to enable ACF staff to provide estimates more readily when requested by the Committees. Once such a system is in place, the agreement instructs HHS to work collaboratively with the Committees to promptly respond to requests for estimates and to ensure no request shall be outstanding for longer than 10 calendar days.

The agreement continues bill language to reduce volatility in State allocations of LIHEAP funding in order to prevent States from experiencing significant reductions in funding between fiscal years.

REFUGEE AND ENTRANT ASSISTANCE

The agreement recognizes that funding for this account is highly dependent on estimates and that funding needs can fluctuate significantly based on factors largely outside of HHS' control. The agreement notes that there has been a significant increase in the number of Cuban entrants in fiscal year 2022 and through the first quarter of fiscal year 2023 who are categorically eligible for ORR-funded services. The agreement expects the Administration to provide timely estimates of funding needs along with the required monthly updates of such eligible populations.

Victims of Trafficking

Within the total for this program, the agreement includes no less than \$5,000,000 for the National Human Trafficking Hotline.

Unaccompanied Children

Confidentiality of Records.—The agreement recognizes that unaccompanied children often share extensive personal information to case managers, clinicians, or other adults while in Office of Refugee Resettlement (ORR) care, and expects ORR and its grantees and contractors to protect sensitive personal information, behavioral health records, and mental health records consistent with all applicable child welfare laws, regulations, and licensing requirements. The agreement expects ORR to ensure it is complying with its obligation to protect children's private and

confidential information, including information in significant incident reports, from unauthorized disclosure.

Services for Children.—The agreement includes no less than \$750,000,000 for post-release services, legal services, and child advocates, pending the availability of funds due to recent uncertainties in referrals and funding needs. The agreement understands the supply of service providers may be constrained in some areas, and encourages ORR to allow grantees to use flexibilities in contracting expenses, to the extent practicable, to build the capacity to ensure the necessary legal requirements are met to provide expanded services to children.

Sibling Placement.—The agreement continues to direct ORR to place siblings in the same facility, or with the same sponsor, to the extent practicable, and so long as it is appropriate and in the best interest of the child.

Spend Plan.—The agreement directs ORR to submit a comprehensive spend plan to the Committees every 60 days, incorporating all funding provided in this Act, and previous Acts. The agreement expects the plan to contain a report on facilities per House Report 117-403.

State-Licensed Shelters.—The agreement continues to direct HHS to prioritize licensed, community-based shelters and programs (including foster care and small group homes) over large-scale shelters, and to notify the Committees prior to all new funding opportunity announcements, grants or contract awards, or plans to lease, rent, or acquire real property. Further, the agreement strongly encourages ORR to more consistently and predictably post funding opportunity announcements, and to provide training and technical assistance to potential new providers with the goal of increasing the percentage of HHS' capacity in such small, community-based programs.

Unlicensed Facilities.—The agreement notes significant concern with the continued reliance on influx care facilities. The agreement expects that such facilities will only be used as a matter of last resort and at times when there is not sufficient capacity in State-licensed shelters and programs. The placement of children in such facilities when not absolutely necessary is counter to established child welfare best-practices. Further, it drains resources that could otherwise be spent on other activities, including expanding services available to children. Finally, it reduces funding available to help ensure that HHS can expand capacity when it is necessary.

The agreement expects any unlicensed facilities, when absolutely necessary to operate, to meet the statutory requirements included in this Act. In addition, the agreement includes the directives and reports required under this heading in House Report 117-403.

PAYMENTS TO STATES FOR THE CHILD CARE AND DEVELOPMENT BLOCK GRANT
The agreement directs ACF to include in future annual budget justifications
amounts spent on Federal administrative expenses, including total FTE and nonpersonnel allocations, funded through this account.

CHILDREN AND FAMILIES SERVICES PROGRAMS

Head Start.—The agreement encourages ACF to consider the unique challenges faced by Head Start grantees in remote and frontier areas when reviewing such grantees' compliance with health and dental screening requirements as part of the Designation Renewal System.

The agreement also encourages ACF to ensure that all Head Start grantees are aware of any funding opportunities, or funding otherwise available, for making capital improvements to their facilities. Further, ACF is encouraged to standardize this process so all grantees have equal opportunity to apply and are aware of priorities and eligible uses of such funds.

Preschool Development Grants.—The agreement encourages ACF to support States that choose to develop high-quality and culturally competent dual immersion preschool programs and recommends a focus on training, professional development, and postsecondary education for all caregivers, teachers, and directors to meet the needs of Dual Language Learners through dual language acquisition, engaging culturally and linguistically diverse families, home language support, and culturally and linguistically appropriate assessment.

Child Abuse Prevention and Treatment Act Infant Plans of Safe Care.—The agreement continues \$60,000,000 to help States continue to develop and implement infant plans of safe care as required by section 106 of the Child Abuse Prevention and Treatment Act. The agreement also encourages HHS to provide technical assistance to States on best practices for developing notification systems that are distinct and separate from the system used in the State to report child abuse and neglect in order to promote a public health response to infants affected by substance use disorders.

Child Abuse Discretionary Activities.—The agreement includes \$2,000,000 for ongoing support for a national child abuse hotline to provide resources and intervention in all modalities, including chat, text, and call, to provide comprehensive capabilities to serve both youth and concerned adults facing child abuse and neglect.

The agreement includes \$2,000,000 for demonstration projects for serving children in foster care who have experienced severe trauma through trauma-informed interventions as directed in House Report 117-403.

Adoption Opportunities.—The agreement includes \$2,000,000 for the National Adoption Competency Mental Health Training Initiative.

Social Services Research and Demonstration.—The agreement continues funding for the Diaper Distribution Demonstration and Research Pilot and expects that \$10,000,000 of the funds made available for awards for direct services be made to approved but unfunded applicants of funding opportunity HHS-2022-ACF-OCS-EDA-0161, as well as technical assistance and evaluation activities for such grants. In addition, the agreement includes \$10,000,000 for a new competition, and directs ACF to prioritize awards to applicants with established partnerships with diaper distributing entities. The agreement further directs ACF to ensure that the grant application period is open for no less than 60 days.

The agreement includes \$2,000,000 for a Medical-Legal Partnership grant program as directed in House Report 117-403.

The agreement includes \$2,500,000 for a demonstration program to provide funding to owners of affordable housing properties to offer supportive services for their residents as directed in House Report 117-403.

The agreement includes \$3,000,000 to fund demonstrations of whole-family approaches to service delivery across benefit programs as described in the fiscal year 2023 budget request. ACF is encouraged to prioritize demonstration projects in States with large rural populations and with high rates of poverty.

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$107,848,000 for the projects, and in the amounts, specified in the table titled "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

Native American Programs.—The agreement includes \$15,000,000 for Native American language preservation activities, and not less than \$6,000,000 for language immersion programs authorized by section 803C(b)(7)(A)—(C) of the Native American Programs Act, as amended by the Esther Martinez Native American Language Preservation Act of 2006.

National Domestic Violence Hotline.—The agreement encourages the Hotline to explore evidence-based best practices for anti-violence intervention and prevention programs.

Family Violence Prevention and Services.—The agreement recognizes that women and girls of color are often disproportionally impacted by domestic violence and includes up to \$7,500,000 for development or enhancement of culturally specific services for survivors of domestic violence and sexual assault.

The agreement includes \$2,000,000 for the Native Hawaiian Resource Center on Domestic Violence.

The agreement includes up to \$5,000,000 for ACF to partner with technical assistance providers for a sexual assault technical assistance initiative as directed in House Report 117-403.

PROMOTING SAFE AND STABLE FAMILIES

Family First Clearinghouse.—The agreement provides an increase of \$4,000,000 to support evaluation and technical assistance for the evaluation of child and family services programs and encourages ACF, through the Office of Planning, Research, and Evaluation (OPRE), to improve transparency and establish technical assistance procedures to advise programs on effective application metrics and best practices, informed by research standards and accepted programs for the clearinghouse.

ADMINISTRATION FOR COMMUNITY LIVING (ACL) AGING AND DISABILITY SERVICES PROGRAMS

Protection of Vulnerable Older Americans.—Within the total, the agreement includes an increase of \$2,000,000 for the long-term care ombudsman program.

National Family Caregiver Strategy.—The agreement continues to provide \$400,000 for the Family Caregiving Advisory Council.

Aging Network Support Activities.—Within the total, the agreement provides \$8,500,000 to the Holocaust Survivor's Assistance program.

The agreement includes \$5,500,000 for the Care Corps grant program, with an increase of \$1,500,000 for subgrants to programs that are capable of building a network of screened and trained volunteer chaperones to accompany older adults and adults with disabilities in need to and from non-emergency medical appointments and outpatient procedures.

The agreement includes \$2,000,000 for a direct care workforce demonstration project to identify and reduce barriers to entry for a diverse and high-quality direct care workforce, and to explore new strategies for the recruitment, retention, and advancement opportunities needed to attract or retain direct care workers.

The agreement includes \$1,000,000 for an Interagency Coordinating Committee on Healthy Aging and Age-Friendly Communities as directed in House Report 117-403.

The agreement includes \$5,000,000 for a Research, Demonstration, and Evaluation Center for the Aging Network as directed in House Report 117-403.

Alzheimer's Disease Program.—Within the total, the agreement includes no less than \$2,000,000 for the National Alzheimer's Call Center.

Elder Rights Support.—The agreement includes \$15,000,000 for the nationwide Adult Protective Services formula grant program.

Paralysis Resource Center (PRC).—Within the total, the agreement directs not less than \$10,000,000 to the National PRC.

Developmental Disabilities Programs.—Within the total, the agreement includes not less than \$800,000 for technical assistance and training for the State Councils on Developmental Disabilities.

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$41,644,000 for the projects, and in the amounts, specified in the table titled "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT

Alzheimer's Disease National Plan.—The agreement notes the update of the National Plan to include promotion of healthy aging and directs the Secretary to include specific strategies to achieve this goal and to align specific, measurable, time-bound milestones with budget requests. Milestones should be developed in collaboration with a broad group of non-governmental stakeholders focused on each of the risk factors for Alzheimer's disease and related dementias.

Antimicrobial Resistance (AMR).—The agreement supports the Administration's proposal to combat antibiotic-resistant infections by encouraging the development of innovative antimicrobial drugs. The success of similar creative funding initiatives, such as Project BioShield, show the need for pursuing unique approaches to preparing for and countering serious threats to human health. The agreement directs the Department to brief the Committees within 60 days of enactment of this Act on the requirements for implementation of the proposal. The agreement also directs OASH, NIH, ASPR/BARDA, CDC, and AHRQ to jointly brief the Committees no later than 30 days after the enactment of this Act and each annual Appropriations Act thereafter detailing how HHS and its agencies are coordinating their AMR-related efforts, as well as domestic and international AMR trends. The briefing should include a comparison of actual performance for the most recent years available against the National targets established in the current National Action Plan for Combatting Antibiotic-Resistant Bacteria and whether those goals were achieved in the last fiscal year. Building on these results, agencies are directed to outline in briefings the focus of their plans for the next two fiscal years and how these are connected to longer-term objectives included in the current National Action Plan.

Bereavement and Grief Services.—The agreement directs the Office of the Assistant Secretary for Planning and Evaluation (ASPE), in collaboration with the Director of the CDC, the Director of the NIH, and the Assistant Secretary for Mental Health and Substance Use, to develop a report on the scope of need for high quality bereavement and grief services no later than 180 days after the date of enactment of this Act. The dual crises of COVID-19 and addiction have increased the need for bereavement care, and the agreement urges ASPE to evaluate the growing need for these services. The report shall provide a holistic evaluation of populations impacted and the scope of necessary interventions, including: (1) the

prevalence of certain disorders (e.g. post-traumatic stress disorder, complicated grief) that are resulting from both emergencies; (2) the need for support for health care workers and other highly impacted populations; and (3) the prevalence and outcomes of bereavement and grief services. Part of this work should focus on the role of hospice programs in supporting community bereavement and grief services.

Brain Aneurysm.—The agreement directs the Secretary to develop best practices on brain aneurysm detection and rupture for first responders, emergency room physicians, primary care physicians, nurses, and advanced practice providers.

Broadband Deployment Locations Map.—The agreement directs the Department to submit a report to the Committees not less than 120 days after the date of enactment of this Act detailing the steps it has taken to coordinate with the Federal Communications Commission and carry out its responsibilities to implement the Deployment Locations Map pursuant to Section 60105 of the Infrastructure Investment and Jobs Act (P.L. 117-58).

Children's Interagency Coordinating Council.—The agreement includes \$3,000,000 for the Children's Interagency Coordinating Council to foster greater coordination and transparency on child policy across agencies. The Council shall enter into agreement with NASEM to prepare a report to Congress analyzing federal policies that have affected child poverty. The study should rely on the U.S. Census Bureau Supplemental Poverty Measure, among other sources of information. The Council will also examine and periodically report on a broad array of cross-cutting issues affecting child well-being.

Ending the HIV Epidemic.—The agreement continues support for this initiative but is concerned by a lack of quantifiable data showing outcomes of a program started in 2019. Therefore, the agreement directs HHS to: (1) provide a

spend plan to the Committees no later than 60 days after enactment of this Act, to include resource allocation by State; (2) brief the Committees on the fiscal year 2023 plans no later than 90 days after enactment of this Act; (3) provide the Committees an update on the program's performance data since the beginning of the Initiative through the latest available data, making sure to address each of the Initiative's goals and performance metrics, no later than 180 days after enactment of this Act and updated annually throughout the life of the Initiative.

Herpes Simplex Virus (HSV)—The agreement expects OASH to develop a national strategic plan for the treatment and prevention of HSV types 1 and 2 as directed by P.L. 117-103. The agreement directs the department to update the Committees on this work within 30 days of enactment of this Act.

Federal Funds.—The agreement includes an increase of \$8,000,000 for administrative resources necessary for the operation of the Department.

Food as Medicine.—The agreement directs the Secretary, in consultation with other Federal agencies, to develop and implement a Federal strategy to reduce nutrition-related chronic diseases and food insecurity and improve health and racial equity in the U.S., including diet-related research and programmatic efforts that increase Americans' access to food as medicine, and healthy, nutritious, organic, and affordable foods, especially in at-risk communities. The agreement includes \$2,000,000 in the Office of the Secretary to establish a Food as Medicine pilot program, an integrative model for healthcare, that addresses food insecurity, social isolation, and chronic disease to advance health and racial equity. The model shall include the following as defined by the Secretary: a prescription of healthy produce; clinical nutrition training for healthcare providers; and nutritional and behavioral support for patients to integrate food interventions into daily habits. The Secretary may enter into competitively awarded contracts or cooperative

agreements with, or provide grants to, public or private organizations or agencies within varying States. Additionally, the agreement requests a report within one year of the date of enactment of this Act on the implementation of the Federal strategy and an examination of the status of each pilot project; a chart delineating funding provided to each pilot and how much of each pilot's funds remain unobligated; the results of the evaluation completed during the fiscal year; and to the maximum extent practicable the impact of the pilot project on appropriate health, nutrition, and associated behavioral outcomes among patients participating in the pilot project baseline information relevant to the stated goals and desired outcomes of the pilot project; and equivalent information about similar or identical measures among control or comparison groups that did not participate in the pilot project. Reports should continue annually until all funding is expended.

KidneyX.—The agreement includes \$5,000,000 to continue KidneyX.

Newborn Screening.—The agreement includes \$1,000,000 for the

Department to commission a study with the National Academy of Medicine to examine the current status of Newborn Screening systems, processes, and research and make recommendations for future improvements, as described under this heading in House Report 117-403.

Nonrecurring Expenses Fund.—The agreement directs HHS to prioritize current construction projects for completion, specifically the CDC NIOSH facility in Cincinnati, Ohio, and those facilities for the Indian Health Service and FDA. The agreement further directs HHS to provide quarterly reports for all ongoing projects. The report shall include the following for each project: agency project is funded under; a description for each project; the date the project was notified to the Committees; total obligations to date; obligations for the prior fiscal year; anticipated obligations for current fiscal year; and any expected future

obligations. For any project ongoing more than 3 years, the report should include a narrative describing the cause for delay and steps being taken by the agency to ensure prompt completion.

Further, upon CDC's completion of the purchase of property for the new mine safety research facility, the agreement directs HHS to fund the design and construction of the facility from the Nonrecurring Expenses Fund.

Obligation Reports.—The agreement directs the Secretary to submit electronically to the Committees an excel table detailing the obligations made in the most recent quarter for each office and activity funded under this appropriation not later than 30 days after the end of each quarter.

Office of the Assistant Secretary for Financial Resources (ASFR).—The agreement includes an additional \$300,000 to hire an appropriations attorney and directs ASFR to work with OGC to expeditiously fill this position upon enactment of this Act.

Office of the General Counsel (OGC).—The agreement repeats strong concerns made in the fiscal year 2022 explanatory statement that OGC must do a better job of supporting Congressional requests for technical assistance on matters that affect the Department. The agreement directs the General Counsel to prioritize the Committees' requests for legal and administrative information.

Pain Management.—The agreement remains deeply concerned about the epidemic of acute and chronic pain and its interrelationship with the opioid crisis. Within 180 days of the date of enactment of this Act, the Department is directed to provide the Committees a report on its progress to disseminate the HHS Pain Management Best Practices Inter-Agency Task Force report recommendations and an estimate of the resources required to generate a public awareness campaign on the differences between acute and chronic pain and the full range of treatment options.

Preventing Harmful Exposure to Phthalates.—The agreement directs the Secretary to submit to the Committees within 180 days of the date of enactment of this Act a public report outlining next steps for protecting the public from exposure to phthalates in food, including details on how and where these chemicals are getting into the food supply.

Questions for the Record.—The agreement notes the inclusion of section 527 of this Act, which requires the Department to provide answers to questions submitted for the record within 45 business days after receipt. The agreement expects the Secretary to notify the Committee at least 7 days in advance if the Department does not anticipate meeting this statutory requirement.

Staffing Reports.—The agreement includes a general provision requiring the Department to submit a biannual staffing report to the Committees. The Excel table shall include: the names, titles, grades, agencies, and divisions of all of the political appointees, special government employees, and detailees that were employed by or assigned to the Department during the previous 180 days.

Stillbirth Task Force.—The agreement includes an increase of \$1,000,000 for this activity as described under this heading in House Report 117-403.

Teen Pregnancy Prevention Program Evidence Review.—The agreement includes \$900,000 for the Assistant Secretary for Planning and Evaluation to conduct an independent, systematic, rigorous review of evaluation studies on such programs.

Tribal Set-aside.—The agreement includes an increase of \$2,000,000 for a Tribal set-aside within the Minority HIV/AIDS Prevention and Treatment program.

U.S.-Mexico Border Health Commission.—The agreement includes an increase of \$500,000.

Office of Minority Health (OMH)

Achieving Equitable Maternal Health Outcomes.—The agreement includes \$7,000,000 for awards to community based and other eligible organizations located in geographic areas with high rates of adverse maternal health outcomes, particularly among racial/ethnic minority families, as proposed in the fiscal year 2023 Congressional Justification.

Center for Indigenous Innovation and Health Equity.—The agreement continues to recognize the importance of advancing Indigenous solutions to achieve health equity and includes an increase of \$1,000,000 to support the work of the Center for Indigenous Innovation and Health Equity.

Language Access Services.—The agreement includes an increase of \$1,000,000 to research, develop, and test methods of informing limited English proficient individuals about their right to and the availability of language access services, in accordance with directives in House Report 117-403.

Lupus Initiative.—The agreement includes \$2,000,000 for the National Lupus Outreach and Clinical Trial Education Program and the goal of increasing minority participation in lupus clinical trials. OMH should continue to develop public-private partnerships, validate existing action plans, and engage the lupus community in order to facilitate the use and development of action plans to increase participation in clinical trials for all minority populations at highest risk of lupus including, Native Americans, Asians, Hispanics, and African Americans

Minority Leaders Development Program.—The agreement includes an increase of \$1,000,000 for the Minority Leaders Development Program, as described under this heading in House Report 117-403.

Office on Women's Health (OWH)

Breastfeeding Analysis.—The agreement includes \$1,250,000 for OWH to enter into an agreement with NASEM to provide an evidence-based, non-partisan analysis of the macroeconomic, health, and social costs of U.S. breastfeeding rates and national breastfeeding goals, as described under this heading in House Report 117-403.

Combatting Violence Against Women.—The agreement includes \$10,100,000 for the State partnership initiative to combat violence against women.

Interagency Coordinating Committee on the Promotion of Optimal Birth Outcomes.—The agreement includes an increase of \$1,000,000 for the Interagency Coordinating Committee on the Promotion of Optimal Birth Outcomes to oversee and coordinate the HHS Plan to Improve Maternal Health in America, as described in, and consistent with, Healthy Women, Healthy Pregnancies, Healthy Futures: Action Plan to Improve Maternal Health in America and as described under this heading in House Report 117-403.

Pregnant Women and Lactating Women Advisory Committee.—The agreement includes \$200,000 for the creation of an Advisory Committee to monitor and report on the implementation of the recommendations from the Task Force on Research Specific to Pregnant Women and Lactating Women, as described under this heading in House Report 117-403.

Women's Health Research Study.—The agreement directs the Secretary to coordinate with NIH and NASEM in support of research that explores persistent gaps of knowledge of women's health.

OFFICE OF THE NATIONAL COORDINATOR FOR HEALTH INFORMATION TECHNOLOGY (ONC)

The agreement includes not less than \$5,000,000 to support interoperability and information sharing efforts related to the implementation of Fast Healthcare Interoperability Resources standards or associated implementation standards.

The agreement notes the general provision limiting funds for actions related to promulgation or adoption of a standard providing for the assignment of a unique health identifier does not prohibit the Department from examining the issues around patient matching, and urges ONC to work with industry to develop matching standards that prioritize interoperability, patient safety, and patient privacy. The agreement directs ONC to promptly notify the Committees of any limitations with any directives included in House Report 117-403 or this explanatory statement.

PUBLIC HEALTH AND SOCIAL SERVICES EMERGENCY FUND

Office of the Assistant Secretary for Preparedness and Response (ASPR)

Al-enabled Pandemic Preparedness and Response.—The agreement recognizes that advancements in artificial intelligence (AI) show promise for the biosecurity of the U.S. The agreement directs ASPR to provide a report to the Committees no later than 120 days after enactment of this Act on the feasibility of creating an AI-enabled Pandemic Preparedness and Response Program, to be led by ASPR, supported by the Departments of Energy and Defense as necessary. The program would adopt and field AI programs to shield the nation against current and future bio-threats of any origin. It would use AI to develop and deliver capabilities of high value in the areas of accelerated vaccines, rapid therapeutics, global bio-threat surveillance, and rapid fielding. ASPR is directed to collaborate with the OCIO Chief AI Office on feasibility plans to setup this program, to include a professional judgement budget for the first three years.

CBRN Threats.—The agreement urges ASPR to prioritize the development and stockpiling of critical CBRN vaccines, treatments, diagnostics, and personal protective equipment (PPE) to ensure there is no disruption in the availability of these life-saving medical countermeasures (MCMs) in the Strategic National Stockpile. The agreement encourages ASPR to engage more frequently with private sector partners in the Broad Agency Announcement process to speed the development of new MCMs and stockpiling of existing MCMs against CBRN threats.

Commercialization of COVID-19 Vaccines and Therapeutics.—The agreement directs ASPR to provide a briefing to the Committees on the Department's plan to transition COVID-19 vaccines and therapeutics with FDA approval to the commercial market. Such briefing shall include a timeline for each product, for products that have FDA approval and those that have emergency use

authorization; possible costs associated with a transition from Federal purchasing to the private market; and details about how non-Federal purchasers will compete in the market. Such briefing shall be provided within 30 days of enactment of this Act and every 6 months thereafter until transition to the commercial market is complete.

Ensuring the Availability of Next Generation Masks and Respirators.—The agreement urges ASPR to assess its stockpile of reusable respirators and to conduct scenario-based modeling studies to determine the appropriate amount needed for the stockpile. ASPR is urged to consider creating Target Product Profiles (TPP) for respirators and masks and a process of recurring competitive bids for products meeting the increasingly stringent TPPs. ASPR is directed to submit a report to the Committees on these activities within 120 days of enactment of this Act.

Far-forward Patient Care.—The agreement notes that advancing and expanding far-forward patient care can significantly improve the delivery, cost, and outcomes for patients injured by natural or human-caused disasters.

Conducting traditional medical care closer to the point of injury can also have positive downstream effects on routine medical operations. ASPR is encouraged to consider establishing a Federally Funded Research and Development Center (FFRDC) in partnership with an academic medical center to improve far-forward care, transportation and coordination, and advanced technology that can provide additional solutions to future patient care. Furthermore, ASPR is also encouraged to consider leveraging this FFRDC to support the National Disaster Medical System by utilizing the experience and innovations produced by the Center.

Insulin Domestic Supply Chain.—The agreement encourages ASPR to review the potential for establishing an Insulin Center of Excellence, in recognition of the importance of developing a domestic supply chain for insulin. Such a Center would promote lower prices in the U.S. by addressing the entire life cycle of

insulin product and development, including research and development, clinical trials, production, and post-market studies.

Medical Distribution Supply Chain Task Force.—The agreement recognizes the importance of public-private partnerships in COVID-19 response efforts and recommends establishing a task force where government agencies and distribution experts can proactively prepare for the next public health emergency. The task force would allow pharmaceutical and medical distributors to participate in ongoing emergency preparedness planning and maintain relationships with government agencies, conduct tabletop exercises and emergency response planning, and report their work and findings to Congress.

Reporting.—In addition to the directives included in House Report 117-403, the agreement directs ASPR to include a summary of the details of its monthly obligations to the Committees in its monthly obligation report.

Operations

The agreement includes \$34,376,000 for activities within the Assistant Secretary's Immediate Office; the Office of the Chief Operating Officer; the Office of Acquisitions Management, Contracts, and Grants; and the Office of the Financial Planning and Analysis.

HHS Coordination Operations and Response Element (H-CORE)

The agreement includes \$75,000,000 to establish annual funding for operational coordination of readiness and response efforts. Within 30 days of enactment of this Act, the agreement directs the Secretary to provide the Committees with a detailed spend plan for fiscal year 2023 activities and to brief the Committees at least quarterly thereafter.

Preparedness and Emergency Operations

The agreement includes \$31,154,000 for Preparedness and Emergency Operations.

National Emergency Tele-critical Care Network (NETCCN).—The agreement includes \$6,500,000 to continue clinical deployments for the NETCCN, which has helped health systems respond to the COVID-19 public health emergency by accessing skilled telehealth providers, and directs ASPR to make NETCCN partners available to respond to other public health emergencies and disaster response efforts on an as-needed basis. The agreement directs ASPR to submit a spend plan and report to the Committees within 60 days of enactment of this Act on its plans for fully assuming and maintaining operations of the NETCCN from the U.S. Medical Research and Development Command Telemedicine and Advance Technology Research Center.

National Disaster Medical System

Mission Zero.—The agreement includes \$4,000,000 for civilian trauma centers to train and incorporate military trauma care providers and teams into care centers.

Pediatric Disaster Care.—The agreement includes \$7,000,000 for the Pediatric Disaster Care Centers of Excellence.

Public Health Preparedness Equipment.—The agreement includes \$20,000,000 for ASPR to invest in next generation air mobility solutions that will ensure more cost-effective health delivery systems.

Hospital Preparedness Program

The agreement includes \$305,055,000 for the Hospital Preparedness Program (HPP).

EMS Preparedness and Response Workforce Shortage.—The agreement urges ASPR to address the crippling EMS workforce shortage, including in underserved, rural, and tribal areas and/or address health disparities related to accessing prehospital ground ambulance healthcare services, including critical care transport.

Hospital Preparedness Program Cooperative Agreements.—The agreement includes \$240,000,000 for critical support to State, local, and regional partners to advance health care system preparedness and response.

National Special Pathogen System (NSPS).—The agreement includes \$7,500,000 for the National Emerging Special Pathogens Training and Education Center (NETEC) and \$21,000,000 to increase support for the Regional Emerging Special Pathogen Treatment Centers (RESPTCs) Program and Special Pathogen Treatment Centers (SPTCs) to prepare for future pandemic threats. The agreement requests both a written report and a briefing, within 90 days of enactment of this Act, and annual reports and briefings thereafter, on progress in establishing a robust NSPS and integrating NSPS with other health care delivery systems of care for emergencies, such as the trauma system.

Real-time Hospital Capacity Data.—The agreement continues to support ASPR's preparedness efforts and encourages increased support of real-time data tracking to improve overarching capacity issues experienced by hospitals and providers in all 50 States and the territories during community, State, regional, and national emergencies. The agreement urges ASPR to identify lessons learned and tools that have been developed for hospital data collection during the COVID-19 response for all-hazards hospital data collection and public health situational awareness.

Regional Disaster Health Response System.—The agreement includes \$7,000,000 for these cooperative agreements.

Biomedical Advanced Research and Development Authority (BARDA)

Antimicrobial and Antifungal Resistance.—The agreement continues to support advanced research and development of broad-spectrum antimicrobials and novel antifungal therapies, particularly for multi-drug resistant pathogens, and next-generation therapeutics that address the increasing incidence of antimicrobial resistance. The agreement requests the Department provide a briefing to the Committees within 60 days of enactment of this Act that details the budgetary requirements for implementation of the Administration's proposal to combat antibiotic-resistant infections. The agreement directs ASPR to work with other HHS agencies to provide the annual briefing described under the section of the explanatory statement dealing with the Office of the Secretary within 30 days of enactment of this Act.

Blood Supply.—The agreement encourages further development of freeze-dried hemostatic products, especially platelet-derived products, suitable for treatment of hemorrhagic disease, and use in general surgery, obstetrics, and trauma. The agreement further urges that, as a stopgap measure and pilot project, the Assistant Secretary, as soon as feasibly possible, support a pilot project to expand the manufacturing base for these products to develop adequate infrastructure to support a national inventory to accommodate predicted needs so that in the event of an overwhelming number of casualties, these research products could be used to fill the capability gap under the auspices of the Emergency Use Authorization Act.

Infectious Disease Outbreaks with Pandemic Potential.—The agreement encourages BARDA to engage in public-private partnerships to support advanced research and development of innovative platform technologies and MCM programs

focused on, but not limited to, vaccines, therapeutics, and other MCMs for emerging infectious diseases, including novel pathogens and viral families with pandemic potential. The agreement encourages ASPR to collaborate with other appropriate Federal departments, agencies, and offices, the private sector, and other stakeholders to identify promising MCMs and platform technologies that can be leveraged to address a range of potential pathogens, including virus families with significant pandemic potential. The agreement directs BARDA to prioritize expeditious development of such MCMs, innovative platform technologies, and novel multi-modal methods, and requests a briefing within 90 days of enactment of this Act to provide an update on the status of MCMs and platforms to address these threats.

Infectious Diseases.—The agreement supports robust funding for increased work to prepare for emerging infectious disease outbreaks and other naturally occurring threats to global health security. The agreement encourages BARDA to account for the constraints of different settings in its funding decisions to foster first-line tools that have wide applicability for many geographies, including low-resource settings in the U.S. and globally which may lack advanced health infrastructure. ASPR is encouraged to continue reporting and delineating its spending on emerging infectious diseases, pandemic influenza, and AR in its annual 5-year budget plan for MCM development. The agreement urges BARDA to publicly and regularly provide updated pathogen, product, and project-level data for all its funding, which it has done on its website for COVID-19 MCM investments, and to provide underlying data in tabular form. Such reporting helps clarify how ASPR is considering naturally occurring threats, including AR, in relation to other priority areas of MCM development, particularly given the inclusion of naturally occurring threats in the Strategic Initiatives section of the

Pandemic and All-Hazards Preparedness and Advancing Innovation Act (P.L. 116-22).

Nasal COVID-19 Vaccines.—The agreement notes with concern that the nation is falling behind other countries in the development and approval of COVID-19 nasal vaccines. The agreement urges BARDA to accelerate clinical trial opportunities to achieve FDA approval for a nasal COVID-19 vaccine for which there is already existing clinical efficacy and safety data.

Trusted Domestic Vaccine Supplier Capability.—The agreement continues to recognize the need for domestic manufacturing of key biological starting materials (KSM), including plasmid DNA and mRNA, antibodies, and other medical countermeasures, to ensure timely response to unanticipated health emergencies. Therefore, the agreement encourages the Department to expand domestic manufacturing of KSMs and collaborate with U.S. companies that have pharmaceutical capabilities to ensure the development and stockpiling of synthesized medicines for future pandemics and biothreats.

Policy and Planning

The agreement includes \$14,877,000 for Policy and Planning.

Project BioShield Special Reserve Fund

The agreement includes \$820,000,000 for Project BioShield.

Strategic National Stockpile (SNS)

The agreement includes \$965,000,000 for the SNS.

Acute Radiation Syndrome (ARS).—The agreement notes with concern that the SNS has not prioritized fully achieving the stockpiling requirement for FDA-approved MCMs for ARS. The agreement requests a report be provided to the Committees within 30 days of enactment of this Act that includes an update on: (i) existing procurements and stockpiled MCMs for ARS; (ii) ASPR's plans to ensure existing ARS products are maintained; and (iii) how ASPR intends to meet the Administration's goal of investing in U.S. jobs and infrastructure to ensure the continued availability of a diverse set of ARS countermeasures.

Distributor Interoperability for the SNS.—The agreement urges the SNS to work with all U.S.-based medical and pharmaceutical distributors on developing and maintaining IT connectivity. The agreement recognizes that distributors need to have and implement technology for IT interoperability so that their systems can connect with the SNS/HHS systems to participate in distribution efforts with the government.

Made in America Strategic National Stockpile.—The agreement notes concern about the nation's limited infrastructure to produce essential products such as medical devices, medical equipment, pharmaceuticals, and PPE, such as syringes. The agreement strongly urges the Secretary to develop a long-term sustainable procurement plan that gives preference to and results in purchases directly from domestic manufacturers of PPE or PPE raw materials to the maximum extent practicable.

Replenishing Influenza Antivirals.—The agreement strongly supports the Department's multi-year strategic initiative to supplement shelf-life extended flu antivirals in the stockpile with therapeutics that have not undergone extensions, in order to meet full stockpiling requirements. ASPR is urged to prioritize acquiring

influenza antivirals to the full stockpiling requirements that can be safely used in children under 12 and people that are pregnant.

Shelf-life Extension Program (SLEP) for Antivirals.—The agreement notes with concern that efforts to achieve cost savings through SLEP could negatively impact distribution of, patient adherence to, and ultimately consumer confidence in certain products in the SNS, particularly aged antivirals. Not later than 180 days after enactment of this Act, the Assistant Secretary is directed to conduct an audit of the SLEP for antivirals in the SNS and provide recommendations to safeguard SNS's ability to effectively respond to future severe influenza outbreaks in the U.S.

Supply Chain Risk Assessment.—The agreement urges ASPR to prioritize the identification of upstream pharmaceutical supply chain risks to reduce medicine supply disruptions while also providing evidence to inform public investment and policy reforms that build more resilience in the medical supply chain. This includes the ability to leverage integrated data analytics from a range of data sources to identify key risk indicators and improve both demand forecasting and capacity management. The agreement directs ASPR to identify opportunities to support the development of capabilities to continually assess the global supply chain for essential medicines that covers source location, volume, and the number of facilities involved in the product of APIs, finished dosage forms, and other required components.

Medical Reserve Corps (MRCs)

The agreement provides \$6,240,000 for the Medical Reserve Corps

Program. Funding for MRCs has historically been provided to local units quickly

and effectively, thereby allowing for grants to help build and sustain local communities' ability to prepare for and respond to emergencies. The agreement encourages ASPR to continue this locally driven approach and to allocate funding via established mechanisms that provide funds directly to local MRC unit, which are made up of representatives from their communities.

Preparedness and Response Innovation

The agreement provides \$3,080,000 for a bilateral cooperative program with the Government of Israel for the development of health technologies.

Cybersecurity

The agreement provides \$100,000,000 for information technology cybersecurity in the Office of the Chief Information Officer and HHS-wide to strengthen the Department's cybersecurity posture. These funds provide for continuous monitoring and security incident response coordination for the Department's computer systems and networks. The increase is expected to support the advancement of existing, and adoption of new, security technologies to protect the Department's information from the evolving number and complexity of cyber threats. The agreement directs the Department to identify ways to mitigate increasing cybersecurity threats that pose risks to HHS critical functions, services, and data, and provide a report with these recommendations to the Committees no later than 120 days after enactment of this Act.

In addition, the agreement provides \$21,900,000 for HHS Protect for the activities directed in House Report 117-403.

Office of National Security

The agreement provides \$8,983,000 for the Office of National Security.

Pandemic Influenza Preparedness

The agreement provides \$335,000,000 for the pandemic influenza preparedness program.

ADVANCED RESEARCH PROJECTS AGENCY FOR HEALTH

The agreement includes \$1,500,000,000 for ARPA–H. The agreement strongly encourages HHS to collaborate with the Defense Advanced Research Projects Agency (DARPA) to develop the foundational policies, procedures, and staff training for ARPA-H employees. The agreement believes ARPA-H will require a very different culture and mission than NIH's other 27 Institutes and Centers. To foster the development of an entrepreneurial culture, the agreement expects ARPA-H to be physically located away from the main NIH campus. The agreement directs NIH to brief the Committees no later than 30 days prior to conducting the location search on its criteria and the Committees should be notified of the decision no less than 5 days prior to a location being announced publicly. While the NIH workforce is composed of dedicated, talented, and frequently brilliant scientists, recruitment from the existing NIH workforce should be avoided. Instead, the agreement recommends that ARPA-H consider recruiting from industry, academia, and think tanks, as well as from proven advanced research project organizations. The agreement directs ARPA-H to provide quarterly briefings to the Committees on its establishment process, hiring, and scientific priorities and progress. These briefings should specifically address how

its activities may advance biomedical research and development and the mission to create breakthrough health technologies, as well as how to balance long-term scientific challenges with short-term research goals.

GENERAL PROVISIONS

Prevention and Public Health Fund.—The agreement includes the following allocation of amounts from the Prevention and Public Health Fund.

PREVENTION AND PUBLIC HEALTH FUND

		FY 2023
Agency	Budget Activity	Agreement
ACL	Alzheimer's Disease Program	\$14,700,000
ACL	Chronic Disease Self-Management	8,000,000
ACL	Falls Prevention.	5,000,000
CDC	Hospitals Promoting Breastfeeding	9,750,000
CDC	Diabetes	52,275,000
CDC	Epidemiology and Laboratory Capacity Grants	40,000,000
CDC	Healthcare Associated Infections	12,000,000
CDC	Heart Disease & Stroke Prevention Program	57,075,000
CDC	Million Hearts Program	5,000,000
CDC	Office of Smoking and Health	125,850,000

		FY 2023
Agency	Budget Activity	Agreement
		
CDC	Preventative Health and Health Services Block	
	Grants	160,000,000
CDC	Section 317 Immunization Grants	419,350,000
CDC	Lead Poisoning Prevention	17,000,000
CDC	Early Care Collaboratives	5,000,000
	•	
SAMHSA	Garrett Lee Smith-Youth Suicide Prevention	12,000,000

The agreement modifies a provision to rescind unobligated balances.

TITLE III

DEPARTMENT OF EDUCATION

EDUCATION FOR THE DISADVANTAGED

School Improvement.—The Department shall brief the Committees not later than 60 days after enactment of this Act on the Department's actions and plans for addressing the challenges identified in GAO's report on school improvement (GAO-21-199) and assisting state educational agencies (SEAs) and local educational agencies (LEAs) with implementing all of the school improvement requirements of the Elementary and Secondary Education Act (ESEA), including meaningful resource allocation reviews. The Department shall also increase transparency on the amount reserved by each State for the school improvement setaside, method of distribution to eligible LEAs, uses of such funds and the Department's actions and plans for supporting SEA and LEA implementation of ESEA school improvement requirements, including resource equity requirements, in the fiscal year 2024 and future Congressional Justifications.

Title I-A-Funded Services for Students Experiencing Homelessness.—The Department shall provide technical assistance to state and local Title I directors on the requirements and uses of funds under section 1113(c)(3)(A) to assist LEAs in effectively using such funds to support students experiencing homelessness. In addition, the Department shall describe actions taken and planned to address these issues in the fiscal year 2024 and future Congressional Justifications and work with SEAs to increase transparency on amounts reserved by LEAs under section 1113(c)(3)(A).

SCHOOL IMPROVEMENT PROGRAMS

Alaska Native Education Equity.—The Department is directed to make every effort to ensure that grants are awarded well in advance of the school year, to

maximize grantees' ability to hire the necessary staff and have their programs in place by the start of Alaska's school year in mid-August. The Department is directed to ensure that Alaska Native Tribes, Alaska Native regional non-profits, and Alaska Native corporations have the maximum opportunity to compete successfully for grants under this program by providing these entities multiple opportunities for technical assistance in developing successful applications for these funds, both in Alaska and through various forms of telecommunications. Finally, the Department is encouraged to include as many peer reviewers as possible who have experience with Alaska Native education and Alaska generally on each peer review panel.

Student Support and Academic Enrichment Grants Technical Assistance and Capacity Building.—The reservation for technical assistance (TA) and capacity building should be used to support SEAs and LEAs in carrying out authorized activities under this program identified by SEAs and LEAs, which may include support for fostering school diversity efforts across and within school districts. The agreement continues to direct the Department to prioritize its TA and capacity building support for SEAs and LEAs seeking to address such school diversity needs. In future Congressional Justifications, the Department shall continue to provide current and planned expenditures for this reservation and include a plan for how resources will be spent to provide TA and to build the capacity of SEAs and LEAs.

Education for Native Hawaiians—The Department shall award not less than \$10,000,000 of the funds made available for the Education for Native Hawaiians program under authority continued from last year's bill for construction, renovation, and modernization of any public elementary school, secondary school, or structure related to a public elementary school or secondary school, that serves a predominantly Native Hawaiian student body. The Department shall make this

funding competitively available to organizations in need of assistance with infrastructure improvement for increased capacity to serve a predominantly Native Hawaiian student body. The agreement also includes sufficient funding for the Native Hawaiian Education Council.

INDIAN EDUCATION

National Activities.—The increase for National Activities shall support new awards under the Native American Language Immersion competition and the State-Tribal Education Partnership program for up to five years.

Funds for the Native American Language Immersion program should continue to be allocated to all types of eligible entities, including both new and existing language immersion programs and schools, to support the most extensive possible geographical distribution and language diversity. In addition, the Department should continue to give the same consideration to applicants that propose to provide partial immersion schools and programs as to full immersion, as the local Tribes, schools, and other applicants know best what type of program will most effectively assist their youth to succeed. Further, the Department is directed to provide adequate notice, consultation, and technical assistance to support applications from and grants to a diverse range of language immersion schools and programs, including those serving Native Hawaiian and Alaska Native students.

Native American Language Resource Centers.—Within National Activities, the agreement includes \$1,500,000 for this activity described under this heading in House Report 117-403. Further, the Office of Indian Education is directed to consult with the Office of English Language Acquisition on the development, implementation and support for this program.

Special Programs for Indian Students.—The Department is directed to use no less than \$2,750,000 of funds available for the Demonstration Grants for Indian

Children and Youth program for a teacher retention-initiative to help address the shortage of Native American educators and expand their impact on Native American students' education. The initiative should support teacher leadership models to increase the retention of effective, experienced Native American teachers.

INNOVATION AND IMPROVEMENT

Education Innovation and Research (EIR).— Within the total for EIR, and including continuation awards, the agreement includes \$87,000,000 to provide grants for social and emotional learning (SEL) and \$87,000,000 for Science, Technology, Education, and Math (STEM) and computer science education activities. Within the STEM and computer science set-aside, awards should expand opportunities for underrepresented students such as minorities, girls, and youth from families living at or below the poverty line to help reduce the enrollment and achievement gap. To fulfill both set-asides, the agreement supports the prioritization of high-quality SEL and STEM proposals for both the early- and mid-phase evidence tiers. The agreement encourages the Department to take steps necessary to ensure the statutory set-aside for rural areas is met and that EIR funds are awarded to diverse geographic areas. The agreement expects the remainder of EIR funds to continue to support diverse and field-initiated interventions, rather than a single nationwide program or award focused solely on one area of educational innovation.

No later than 30 days after enactment of this Act, the Department is directed to have an initial consultation briefing with the Committees on the fiscal year 2023 competitions for EIR. Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out an EIR competition. In addition, the

Department shall provide a briefing and notice of grant awards to the Committees at least seven days before grantees are announced.

Supporting Effective Educator Development (SEED).—Within SEED, the Department is directed to support professional development that helps educators incorporate SEL practices into teaching, and to support pathways into teaching that provide a strong foundation in child development and learning, including skills for implementing SEL strategies in the classroom through a competitive preference priority as included in the fiscal year 2020 and 2022 competitions.

In addition, the SEED program is an ideal vehicle for helping ensure that more highly trained school leaders are available to serve in traditionally underserved LEAs. Therefore, the Secretary shall continue to support an absolute priority to support the preparation of principals and other school leaders and disseminate best practices from such grants.

American History and Civics National Activities.—After providing continuation awards, the agreement directs the Department to allocate all remaining resources in this program to run a new grant competition supporting evidence-based practices as described under this heading in House Report 117-403; however, eligible entities shall be those defined in section 2233(e) of ESEA. The Department also is directed to include a priority for applicants that propose evidence-based approaches to improving teaching and learning about the history and principles of the Constitution of the United States in any new competition.

Charter School Program.—Not later than 90 days after enactment, the Department is directed to brief the Committees on its actions and plans to provide adequate staff for and oversight of the Charter School Program (CSP); offer flexibility by allowing State entities to reserve a greater share of anticipated funds available over the life of the grant for technical assistance (TA) in the early years of the grant when such assistance is particularly needed, and improve the use of

and prepare additional reports on the use of such reserved funds, including disaggregated data as it relates to students with disabilities and English learners, that includes: a description of the State's objectives in providing TA to grantees and the activities identified to provide the required TA; and a description of the impact of State action(s), or if no known impact, an explanation as to why.

Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out a CSP competition.

Statewide Family Engagement Centers.—The agreement directs the Department to use the increase provided to award grants for high-quality applications that could not be funded during the prior year's grant competition.

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$200,443,000 for the projects, and in the amounts, specified in the table "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

SAFE SCHOOLS AND CITIZENSHIP EDUCATION

School Safety National Activities

The agreement includes \$216,000,000 for national activities, an increase of \$15,000,000, which shall be used by the Department for competitive grant competitions, technical assistance and capacity-building centers, or Project SERV.

Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out any new competition funded within School Safety National Activities. In addition, the Department shall provide a briefing and notice of grant awards to the Committees at least seven days before grantees are announced.

Promise Neighborhoods

The agreement provides a portion of funds for the second year of two-year extension grants to high quality Promise Neighborhood programs that have demonstrated positive and promising results through their initial implementation grant to strengthen grantee community's abilities to scale city and regional reinvestment strategies and allow for direct pipeline services. Further, the Department is directed to brief the Committees, prior to the publication of proposed priorities or a notice inviting applications, on potential changes to future grant competitions that would provide expiring and recently expired extension grant recipients operating in a particular neighborhood or community the opportunity to compete for a new grant to strengthen and further expand services in the same neighborhood or community, provided they can demonstrate successful outcomes and justify the need for new funding. Such briefing shall also cover how to maximize the planning time grantees have before implementation begins, and other actions to strengthen the long-term success of communities and neighborhoods assisted with grant funds. The Department shall provide a briefing on implementation plans for the Promise Neighborhoods program not later than 14 days prior to issuing a notice inviting applications for new awards or extension grants.

SPECIAL EDUCATION

Technical Assistance and Dissemination.—The agreement includes an increase of \$1,000,000 for OSEP's State Deaf-Blind Projects and the National Center on Deaf-Blindness to strengthen support of the abilities and needs of children with deaf-blindness, including through intervener services. The Department is directed to provide an update on actions and plans to ensure that intervener services are

available when recommended by the Individualized Education Program team and parents and families are aware of such services as early as possible in the fiscal year 2024 Congressional Justification. The Department also is directed to provide technical assistance and support to any State considering how to remove barriers like family fees and associated administrative requirements that deter families from accessing needed Part C services.

Education Materials in Accessible Formats for Students with Visual Impairments.—The agreement includes additional funding to make a broader range of educational materials available to students and to meet the needs of all eligible students, including pre-K and postsecondary students.

REHABILITATION SERVICES

The agreement directs the Department to provide a briefing to the Committees no later than 90 days after enactment on the planned uses of funds that remain available for obligation subsequent to the reallotment of funds to States pursuant to section 110(b) of the Rehabilitation Act, and to provide semi-annual briefings thereafter.

Disability Innovation Fund (DIF).—The agreement directs the Department to use a portion of DIF funds for competitive grants, to be awarded in coordination with the Office of Disability Employment Policy, to non-governmental entities in partnership with State Vocational Rehabilitation (VR) agencies for innovative strategies that significantly increase employment of adults with disabilities. The agreement expects this will focus on adults with disabilities who are not currently in the workforce. Grants shall be awarded to partnerships that support disabled adults in obtaining competitive integrated employment and advance their career trajectories. Strategies for improving employment outcomes for adults with

disabilities must have as their goal a significant effect on disability employment in the State or region. Funds should be used to develop new and innovative strategies for the recruitment, hiring, retention, and career advancement of disabled adults, spurring change in the State VR agency's strategies and ability to improve State disability employment outcomes.

Institute of Education Sciences (IES) Evaluation.—The agreement directs the Department to notify the Committees at least 15 days prior to transferring any funds to IES under the authority provided under this heading.

Randolph-Sheppard Program.—The agreement directs the Department to provide participants in the Randolph-Sheppard Program with technical assistance and support in applying for funding opportunities for innovative activities aimed at increasing competitive integrated employment. In addition, the agreement encourages the Department to use amounts available for evaluation and technical assistance to study the Randolph-Sheppard Program and innovative activities aimed at increasing competitive integrated employment.

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

American Printing House for the Blind.—The agreement includes \$6,000,000 to continue the Center for Assistive Technology Training regional partnership established in fiscal year 2019.

National Technical Institute for the Deaf (NTID).—The agreement includes \$9,500,000 to continue NTID's current Regional STEM Center.

Gallaudet University.—The agreement includes \$8,500,000, an increase of \$2,000,000, to continue and expand the current regional partnership through the Early Learning Acquisition Project.

CAREER, TECHNICAL, AND ADULT EDUCATION

Innovation and Modernization Grants.—The agreement includes \$25,000,000 within CTE National Programs for Innovation and Modernization grants.

Adult Education National Leadership Activities.—The agreement encourages the Department to support technical assistance that will help build the evidence-base of adult education programs, including supporting States in prioritizing rigorously evaluated programs.

STUDENT FINANCIAL ASSISTANCE

Pell Grants.—The agreement increases the maximum Pell grant award by \$500, to a total, including discretionary and mandatory funding, of \$7,395 for the 2023-2024 award year.

Federal Work Study.—Within the total for Federal Work Study, the agreement includes \$11,053,000 for the Work Colleges program authorized under section 448 of the Higher Education Act (HEA).

Pell Grant Restoration and Prison Education Program.—The agreement expects that the Department will continue the Second Chance Pell Experiment as the Department implements Pell Grants for Prison Education Programs (PEP). Expertise and best practices from Second Chance Pell should be used to develop guidance and technical assistance for the new PEP. The agreement further directs the Department to work with Second Chance Pell sites as they transition to the requirements under the new PEP to ensure that incarcerated students do not experience a gap in their educational programming. The Department should also convey to institutions of higher education that they should work to ensure that every student who participates in the new PEP is able to reenter their communities successfully post-release.

STUDENT AID ADMINISTRATION

The agreement directs the Department to provide a detailed spend plan of the planned uses of funds under this heading by major activity, and quarterly updates on its implementation. This should include, but not be limited to, detailed breakouts by baseline operations and development efforts; and servicing, student aid core systems, IT activities, and other Federal Student Aid activities. Further, this should include a crosswalk to activities funded under administrative costs and servicing activities, and any reallocation of funds between those two activities should be treated as a reprogramming of funds, and the Committees should be notified in advance of any such changes.

The agreement provides authority to extend current student loan servicing contracts in order to ensure an orderly transition to the Unified Servicing and Data Solution (USDS). The Department should notify the Committees at least 15 days prior to exercising that authority to extend current contracts. The agreement further directs the Department to provide quarterly briefings on progress related to implementation of USDS.

HIGHER EDUCATION

Aid for Institutional Development

Promoting Postbaccalaureate Opportunities for Hispanic Americans.—The Department is encouraged to prioritize awards for projects that support consortia of Hispanic-Serving Institutions that award PhDs to develop and test new models of cross-institutional intellectual, research, and resource-sharing communities, create mentorship programs for PhD students, support graduate research experiences, and other uses associated with the pursuit of PhDs by Hispanic students.

International Education and Foreign Language Studies

Domestic Programs.—The agreement directs the Department to allocate the increase of \$3,500,000 for Domestic Programs to the National Resource Centers program.

Minority Science and Engineering Improvement

Workforce Development.—The Department is encouraged to prioritize awards for projects that assist in workforce development programs in industrial engineering, emergency management, and emergency response. Further, programs that provide support for minority student internships with local industries, hospitals, and businesses should are encouraged to be prioritized.

Federal TRIO Programs

The agreement includes an increase of \$54,000,000 for TRIO which shall be used to provide increases to current TRIO grantees demonstrating substantial progress in meeting performance objectives and, to the extent practicable, to fund down the slates of unfunded, high-quality applications from prior-year competitions.

GEAR UP

The agreement includes an increase of \$10,000,000 for GEAR UP. The Department is directed to use the increase for a new fiscal year 2023 grant competition.

Child Care Access Means Parents in Schools (CCAMPIS)

The Department is directed to establish a flat maximum grant award reflective of the costs to provide high-quality child care to student parents, and to prioritize funding to IHEs based on the number of Pell grant recipients.

Fund for the Improvement of Postsecondary Education (FIPSE)

The agreement includes \$184,000,000 for FIPSE which shall be used by the Department as described in this statement.

Budget Activity	FY 2023 Agreement		
Basic Needs Grants	10,000,000		
Centers of Excellence for Veterans Student Success			
Program	9,000,000		
HBCU, TCU, and MSI Research and Development			
Infrastructure Grants	50,000,000		
Modeling and Simulation Programs	8,000,000		
Open Textbook Pilot	12,000,000		
Postsecondary Student Success Grants	45,000,000		
Rural Postsecondary and Economic Development			
Grant Program	45,000,000		

Budget Activity	FY 2023 Agreement		
Transitioning Gang-Involved Youth to Higher			
Education	5,000,000		

Basic Needs Grants.—The agreement includes \$10,000,000 for this activity described under this heading in House Report 117-403.

Centers of Excellence for Veterans Student Success Program.—The agreement includes \$9,000,000 for this activity described under this heading in House Report 117-403.

HBCU, TCU, and MSI Research and Development Infrastructure Grants.— The agreement includes \$50,000,000 for planning and implementation grants designed to promote transformational investments in research infrastructure at four-year HBCUs, TCUs, or other MSIs, either alone or as the lead entity in consortia.

Modeling and Simulation Programs.—The agreement includes \$8,000,000 for this activity described under this heading in House Report 117-403.

Open Textbook Pilot.—The agreement includes \$12,000,000 to continue the Open Textbook Pilot as described in House Report 117-403.

Postsecondary Student Success Grants.—The agreement includes \$45,000,000 for Postsecondary Student Success Grants (PSSG) as described in House Report 117-403, including requirements that the Department executes this program as a tiered-evidence competition in the same structure as EIR; that all grantees carry out rigorous independent evaluations of their projects; that the Office of Postsecondary Education consult the Office of Elementary and Secondary Education and the Institute of Education Sciences; and, to the extent practicable, that at least half of

all fiscal year 2023 PSSG resources support grants at the mid-phase or expansion levels. The agreement directs the Department to use all fiscal year 2023 PSSG resources to run a new competition as described in House Report 117-403 rather than funding additional awards from the fiscal year 2022 competition.

The agreement directs the Department to brief the Committees no later than 90 days after enactment of this Act on plans to carry out the PSGG competition, as well as a plan for evaluation and accountability, and to notify and brief the Committees at least seven days before grantees are announced.

Rural Postsecondary and Economic Development Grant Program.— The agreement includes \$45,000,000 for the Rural Postsecondary Economic Development Grant program.

Transitioning Gang-Involved Youth to Higher Education.—The agreement includes \$5,000,000 for this activity described under this heading in House Report 117-403.

National Center for Artificial Intelligence Learning.—The agreement is supportive of programs that enhance course training opportunities in artificial intelligence by supporting institutions of higher education in developing and providing 21st century degree programs and opportunities that increase student's employability across all disciplines through knowledge and skill enhancements of artificial intelligence.

Community Project Funding/Congressionally Directed Spending

The agreement includes \$429,587,000 for the projects, and in the amounts, specified in the table "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

HOWARD UNIVERSITY

The agreement includes \$354,018,000 for Howard University. Within the total, the agreement includes an additional \$100,000,000 to support construction of a new hospital.

INSTITUTE OF EDUCATION SCIENCES (IES)

Research, Development, and Dissemination.—To further support research needed to accelerate learning recovery from COVID-19 disruptions in instruction and eliminate longstanding achievement gaps, IES is directed to use a portion of its fiscal year 2023 appropriation to support a new funding opportunity for quick-turnaround, high-reward scalable solutions intended to significantly improve outcomes for students, which may include suggested research activities described in House Report 117-403. IES is further directed to describe actions and plans to support high-reward research on transformative solutions needed to significantly improve outcomes for all students in its current Operating Plan and in future Congressional Justifications, Operating Plans, and Biennial Reports.

The IES is directed to brief the Committees on plans for making new highreward research awards not less than two weeks before the publication of a funding opportunity notice. In addition, the IES shall provide a briefing and notice of awards to the Committees at least seven days before grantees are announced.

The agreement also recognizes the ongoing collaborative efforts between the Department of Education and the National Science Foundation (NSF), including two NSF National Artificial Intelligence Research Institutes focused on education. The agreement encourages the Department and IES to pursue additional collaboration with the NSF, which may include support for Centers for Transformative Education Research and Translation.

Statistics.—The agreement includes \$121,500,000 in program funding for the National Center for Education Statistics (NCES). The agreement directs all planned uses of funds to be described in the required operating plan. Should NCES decide to use resources for the School Pulse Panel, the agreement directs NCES to describe in such plan the policies and procedures in place for the School Pulse Panel to ensure that such information is collected and reported in a manner that is objective, secular, neutral, and nonideological; free of partisan political influence and racial, cultural, gender, or regional bias; and relevant and useful to practitioners, researchers, policymakers, and the public. Further, such operating plan should describe all topics planned for monthly collections in 2023.

Assessment.—The agreement includes \$185,000,000, including \$10,000,000 for research and development, for the Assessment program. Amounts and activities related to research and development investments are directed to be described separately in the required operating plan and future Congressional Justifications.

The operating plan required by House Report 117-403 shall include a description of actions implemented and planned to address each of the recommendations of the September 2022 National Assessment of Educational Progress (NAEP) Internal Controls Assessment Report and National Academies of Sciences, Engineering, and Medicine consensus study report entitled "A Pragmatic Future for NAEP: Containing Costs and Updating Technologies."

Program Administration.—IES and NCES are directed to also describe in the operating plan directed in House Report 117-403 implementation plans and associated timelines for recommendations of the National Academies of Sciences, Engineering, and Medicine in the "Future of Education Research at IES" and "A Vision and Roadmap for Education Statistics."

DEPARTMENTAL MANAGEMENT

Game-based Learning (GBL).—The agreement recognizes GBL in augmented reality and virtual reality as an instrument to foster engaged and immersive learning in elementary education and encourages the Department to consider incorporating evidence-based GBL as a priority in planned competitions in fiscal year 2023, as applicable.

Menstrual Hygiene Products.—The agreement continues to encourage the Department of Education, in consultation with the Department of Health and Human Services, to provide technical assistance and share best practices with institutions of higher education seeking to expand access to menstrual products for postsecondary students.

Nonrecurring Expenses Fund.—As part of the annual Congressional Justification, the Department is directed to include the anticipated balances available in and uses of the Nonrecurring Expenses Fund for the current and budget fiscal years. Additionally, the Department is directed to provide the Committees quarterly reports for all ongoing projects. The report shall include the following for each project: a description and timeline for each project; the date the project was notified to the Committees; total obligations to date; obligations for the prior fiscal year; anticipated obligations for current fiscal year; and any expected future obligations; and the total unobligated balance in the Fund.

Program Administration.—The agreement notes disappointment that despite a significant increase in funding in fiscal year 2022 for Program Administration after more than five years of level-funding, the Department transferred \$7,000,000 from the Pell Grant program for additional administrative expenses without any consultation with the Committees. Accordingly, for fiscal year 2023, the agreement

expects the Department to meet the administrative needs of the agency through the Program Administration appropriation provided in the Act, which includes an increase of \$32,000,000, and not by transferring funds from another account. Further, the agreement expects additional resources provided under this account to support expanded allotments for core agency career staff responsible for the execution of agency programs, including staffing within grants offices and within Budget Service. In addition, the agreement expects the agency to use such resources to effectively administer Community Project Funding/Congressionally Directed Spending grants in a timely manner.

In meeting the agreement's expectation that adequate career staff are allotted to effectively implement core agency programs, in fiscal year 2023, the Department should begin to rebalance the agency's ratio of career staff to non-career staff. The agreement notes that the Department used additional resources provided in fiscal year 2022 to, among other investments, increase its non-career staff on-board by 40 percent from September 2021 through December 2022. The agreement is concerned by the Department's prioritization of staffing resources in fiscal year 2022; therefore, in fiscal year 2023, the agreement expects the Department not to expand non-career staff on-board above December 2022 levels.

Further, the agreement directs the Department to brief the Committees on how its required staffing report operating plan will fill critical positions; invest in information technology necessary for providing effective monitoring and oversight of grants and programs; invest in information technology security; and address other challenges identified by the Inspector General in the 2022 Management Challenges report. Further, the Department should be prepared to discuss its efforts to begin rebalancing the agency's ratio of career staff to non-career staff.

Spending Transparency.—The Department is directed to strengthen its support for the timely and effective expenditure of Elementary and Secondary School Emergency Relief (ESSER) funds, including amounts dedicated to addressing student learning through the implementation of evidence based interventions to meet students' academic and mental health needs. The Department must also enhance transparency on key categories of actual and planned expenditure of ESSER funds at the national, state and local levels.

Staffing Report.—Not later than 30 days after enactment, the Department shall provide the Committees an operating plan identifying the total FTE and non-personnel allocations supported by the program administration appropriation in total for the Department, and FTE and non-personnel allocations for each program office supported by the program administration appropriation provided in this Act. In addition, the Department shall provide on a monthly basis the number of on-board staff, attrition, approved hires not yet on-boarded and projected full-year FTE usage, including approved hires, and actual non-personnel expenses, for each program office supported by, and in total for, the program administration appropriation provided in this Act. In addition, the Department shall separately identify in such plans and reports total FTE allocations supported by other funding sources.

State and Local Report Cards.—The Department is directed to, not later than 6 months after enactment of this Act, submit to the Committees and to the Committees of Health, Education, Labor, and Pensions of the Senate and of Education and Labor of the House of Representatives a report outlining actions taken to bring States into compliance with all ESEA annual reporting requirements, particularly for those States that have yet to come into full compliance with such requirements; common implementation obstacles facing

States in complying with such requirements; and efforts to improve the accessibility, quality, and utility of this information.

Supporting Principals and School Leaders.—Principals and school leaders are critical to both student outcomes and teacher retention. The Department is directed to issue guidance to SEAs and LEAs on the use of Federal funds across various programs, including Title I–A and Title II–A of the ESEA, for implementing evidence based-strategies to recruit, prepare, support, and retain strong principals and school leaders.

Teacher and School Leader Diversity Guidance.—Increasing educator diversity is critical to building a strong educator workforce that supports students and educators from all backgrounds. The Department is directed to release guidance on how formula funds across various programs, including Title I–A, Title II–A, Title III, Title V–B, and Title VI of the ESEA, Title III of the HEA, and Part B of the IDEA may be used by SEAs, LEAs and IHEs to increase teacher and school leader diversity, including through pre-service support, enhancing preparation, providing on the-job support, and strengthening retention and promotion policies.

GENERAL PROVISIONS

The agreement continues authority for pooled evaluation authority.

The agreement continues a provision regarding endowment income.

The agreement continues authority for the National Advisory Committee on Institutional Quality and Integrity.

The agreement continues authority for account maintenance fees.

The agreement modifies a provision rescinding fiscal year 2023 mandatory funding to offset the mandatory costs of increasing the discretionary Pell award.

The agreement continues a provision regarding authority to evaluate HEA authorized programs.

The agreement continues a provision providing an additional amount for the projects, and in the amounts, as specified in the table titled Community Project Funding/Congressionally Directed Spending in the explanatory statement accompanying this division.

The agreement includes a new provision regarding centralized support costs for the Institute of Education Sciences.

The agreement includes a new provision repealing a prohibition against the use of federal education funds by SEAs and LEAs for certain transportation activities.

The agreement modifies a provision rescinding unobligated discretionary balances previously appropriated for the Pell grant program.

TITLE IV

RELATED AGENCIES

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED Requested Reports.—The agreement continues to request the reports listed under this heading in the explanatory statement accompanying Public Law 117–103.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE (CNCS) OPERATING EXPENSES

Innovation, Demonstration, and Assistance Activities.—The agreement includes \$14,706,000 for innovation, assistance, and other activities. The agreement includes \$8,558,000 for the Volunteer Generation Fund and \$6,148,000 for National Days of Service including the September 11th National Day of Service and Remembrance and the Martin Luther King, Jr. National Day of Service. CNCS should prioritize making grants, entering into cooperative agreements, or providing other forms of support to eligible organizations with expertise in: representing families of victims of the September 11, 2001, terrorist attacks and other impacted constituencies; promoting the establishment of September 11 as an annually recognized National Day of Service and Remembrance; and organizing volunteers to engage in service to meet community needs and advance the life and teachings of Dr. Martin Luther King, Jr.

National and Community Service.—The agreement urges CNCS to continue to be a convener of the important work surrounding service learning and to support civic bridgebuilding activities.

Commission Investment Fund (CIF).—The agreement includes no less than the fiscal year 2022 level for the CIF.

Evaluation of Effective Interventions.—The agreement encourages CNCS to continue its use of randomized control trials to build causal evidence for effective interventions.

SALARIES AND EXPENSES

Financial Management and Accounting.—The agreement is concerned about deficiencies in audits from fiscal years 2017 to 2022 and includes funding for AmeriCorps to support the contracting of a dedicated project team, comprised of personnel with expertise in financial management and accounting. The agreement directs AmeriCorps to submit a report no later than 90 days after the date of enactment of this Act, and quarterly thereafter, detailing the agency's progress in addressing audit findings. The agreement further directs AmeriCorps to provide quarterly briefings in fiscal year 2023 to the Committees on Appropriations, the House Committee on Education and Labor, and the Senate Committee on Health, Education, Labor, and Pensions.

Institute of Museum and Library Services
The agreement includes funds for the following activities:

	FY 2023
Budget Activity	Agreement
Library Services Technology Act:	
Grants to States	\$180,000,000
Native American Library Services	5,763,000
National Leadership: Libraries	15,287,000
Laura Bush 21st Century Librarian	10,000,000

	FY 2023
Budget Activity	Agreement
Museum Services Act:	
Museums for America	30,330,000
Native American/Hawaiian Museum	
Services	3,772,000
National Leadership: Museums	9,348,000
African American History and Culture Act:	
Museum Grants for African American	
History & Culture	6,000,000
National Museum of the American Latino Act:	
Museum Grants for American Latino	
History & Culture	6,000,000
Research, Analysis, and Data Collection	\$5,650,000
Program Administration	22,650,000
TOTAL	294,800,000

Information Literacy Taskforce.—The agreement includes \$4,000,000 for the continuation and expansion of the Information Literacy Taskforce (Taskforce) in accordance with the priorities and guidelines described in the explanatory statement accompanying Public Law 117–103. Of these funds, \$2,000,000 shall be reserved for the development and implementation of two pilot grant programs. The first pilot program will have an associated evaluative component to test the implementation of the toolkits and community interventions disseminated by the Taskforce to aid in developing locally responsive tools and resources to bridge

information gaps. The Taskforce will support research and regularly convene grantees to identify and apply promising strategies and practices. The second pilot program will encourage, support, and promote information literacy, including reliable methods and processes for informed civic engagement among seniors and other segments of the population. The agreement directs IMLS to submit a report or provide a briefing to the Committees on the Taskforce's findings within one year of the date of enactment of this Act.

America 250.—The agreement recognizes IMLS's commitment to the 250th Anniversary of the founding of the United States in coordination with the Semiquincentennial Commission Act of 2016 and includes \$1,000,000 in preparation for the 250th Anniversary.

RAILROAD RETIREMENT BOARD

LIMITATION ON ADMINISTRATION

The agreement directs the Railroad Retirement Board (RRB) to provide annual updates on the project status of RRB's fully funded information technology modernization system, including timelines to completion, total anticipated cost of development, funding obligations, and contracts. Such annual update is requested no later than 180 days after enactment of this Act and should provide information for each fiscal quarter. Updates that include changes to project timelines to completion should explicitly state the nature of those changes.

SOCIAL SECURITY ADMINISTRATION (SSA) LIMITATION ON ADMINISTRATIVE EXPENSES

The agreement includes an increase of \$785,033,000 for SSA's administrative expenses to support increases in fixed costs across SSA, including for State Disability Determination Services (DDSs), and to increase staffing and invest in targeted IT systems with the goal of improving and enhancing service delivery to the public.

Disability Backlogs.—The agreement recognizes the pandemic created significant challenges for SSA, which has contributed to a significant increase in processing times for initial disability claims. The agreement includes funding for SSA to increase staffing, including in State DDSs, to help begin to address the growing backlog of initial disability claims. In addition, the agreement directs the Commissioner to continue to prioritize efforts to reduce wait time disparities across the country by directing resources and workload assistance, as necessary, to areas with greatest need. Finally, the agreement directs SSA to continue to provide monthly reports to the Committees on key agency performance metrics, including but not limited to initial disability claims, reconsiderations, and hearings, and to provide quarterly briefings to the Committees on its progress towards reducing the initial disability claims and hearings backlogs, as well as addressing other service delivery challenges.

Expanding Outreach to People with Disabilities.—The agreement strongly encourages SSA to expand outreach to potential beneficiaries, prioritizing underserved communities and individuals most likely to need support, and directs SSA to include information in its fiscal year 2024 Congressional Justification on such efforts.

Continuing Disability Reviews (CDR).—The agreement directs SSA to include in its annual CDR Report to Congress an evaluation of its CDR prioritization models.

Field Office and Resident Station Closures.—The agreement recognizes the essential role that field offices and resident stations play in the public's ability to access SSA benefits and services and strongly encourages the Commissioner to take every action possible to maintain operations at existing field offices and resident stations. The agreement urges SSA to ensure its policies and procedures for closing field offices and resident stations include at least 120 days advance notice to the public, SSA employees, Congress, and other stakeholders. Such notice should include a rationale for the proposed closure and an evaluation of the effects on the public and SSA operations. In addition, the agreement is concerned that the recent closure of a resident station due to staffing difficulties has created an undue burden for those who need access to in-person social security services. The agreement directs SSA to continue to engage with community leaders about how to provide suitable alternatives for in-person services and to report to the Committees within 90 days of enactment of this Act on the alternatives established.

Improving Ticket to Work Administration and Reducing Overpayments.—The agreement supports agency efforts to improve administrative processes that reduce overpayments, including in the Ticket to Work program, which can create significant challenges as beneficiaries attempt to return to work. SSA is directed to include information in its fiscal year 2024 Congressional Justification on such efforts.

Occupational Information System (OIS) and Medical-Vocational Guidelines.—
The agreement directs SSA to include information in its fiscal year 2024
Congressional Justification detailing efforts to fully implement OIS in coming years, including the status of implementation, the extent to which OIS is fully-operational, a timeline for moving from the Dictionary of Occupational Titles entirely to OIS, an action plan to accomplish said timeline, and other efforts to modernize medical-vocational guidelines.

Program Integrity.—The agreement includes a new proviso, which was requested in the fiscal year 2023 President's Budget proposal, to expressly prohibit funding made available under a cap adjustment to support program integrity activities from being reprogrammed or transferred for non-program integrity activities.

The agreement, however, clarifies that such proviso is not necessary because the Congress need not expressly prohibit actions that it has not authorized. Under the statutory terms of the appropriation, amounts provided for program integrity activities may not be reprogrammed to base activities (or to any other non-program integrity activity). That is because this appropriation account statutorily establishes a required appropriation amount for program integrity activities—in this bill, at \$1,784,000,000—which is provided by the sum of the amounts specified in the first proviso of the account's second paragraph.

Finally, the agreement notes the Congress has not been apprised of any applicable transfer authority available to SSA that the President's Budget proposal seeks to prevent.

Social Security Statements.—The agreement directs SSA to submit a report within 120 days of enactment of this Act with options for increasing the number of individuals receiving Social Security Statements annually by mail to ensure that individuals are informed of their Social Security contributions and benefits, and have an opportunity to review their earnings records and correct any errors in a timely manner.

Work Incentives Planning and Assistance (WIPA) and Protection and Advocacy for Beneficiaries of Social Security (PABSS).—The agreement includes \$23,000,000 for WIPA grants and \$10,000,000 for PABSS.

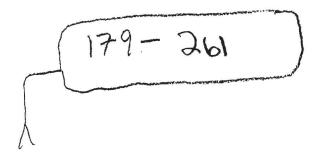

SOCIAL SECURITY ADMINISTRATION (SSA) OFFICE OF INSPECTOR GENERAL (OIG)

Combatting Social Security Impersonation Scams.—The agreement commends SSA OIG efforts to combat Social Security impersonation scams and urges SSA to continue prioritizing this effort and pursuing the criminals perpetuating the fraud.

TITLE V

GENERAL PROVISIONS

The agreement modifies a provision related to Performance Partnerships. The agreement modifies a provision to rescind unobligated balances. Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES

[Community Project Funding/Congressionally Directed Spending]

Agency	Account	Project	Amount	Requestor(s)		Organotion
