

HOMELAND SECURITY, 2021

\$69.8 Billion

(\$50.066 billion non-defense / \$2.551 billion defense / \$17.142 billion disaster cap)

BILL HIGHLIGHTS

- **Customs and Border Protection (CBP):** \$15.48 billion is recommended for CBP including \$1.96 billion, as requested, for 82 miles of border wall system. This level maintains support for border surveillance technology, as well as construction and facility improvements, and continues to prioritize the use of innovative technologies and capabilities to strengthen border security and facilitate legitimate travel and trade.
- **Immigration and Customs Enforcement (ICE):** \$8.8 billion is recommended for ICE including continued support for immigration enforcement activities consistent with FY20 enacted levels. The bill also sustains Homeland Security Investigation investments for combatting the opioid epidemic and cyber security investigations on the dark web.
- **Transportation Security Administration (TSA):** \$8.06 billion in gross discretionary funding is recommended for TSA, rejecting proposed aviation fee increases and reductions to frontline staffing levels. The bill supports operations and recommends targeted increases to adequately staff checkpoints and deploy necessary technologies to ensure aviation security is prioritized at all airports, including small and rural airports.
- **U.S. Coast Guard:** \$12.5 billion is recommended to support the Coast Guard's domestic and overseas missions. The recommendation supports ongoing acquisitions for vessel and aircraft recapitalization. In addition, the bill recommends necessary funds for significant shore infrastructure, cybersecurity, and IT enhancements.
- **U.S. Secret Service (USSS):** \$2.4 billion is recommended for USSS and includes full funding for protective services, protective countermeasures at the White House complex, and to support National Security Special Events. In addition, the recommendation makes critical investments in the Secret Service's ability to combat cyber-crimes, including enhancements to Electronics Crime Task Force program and the National Computer Forensics Institute.
- **Cybersecurity and Infrastructure Security Agency (CISA):** \$2.0 billion is recommended for CISA and includes \$1.2 billion in cybersecurity, \$140 million above the budget request amount, for the protection of civilian Federal networks. The bill also includes \$720 million for the National Cybersecurity Protection System and to maintain advances in Continuous Diagnostics and Mitigation.
- **Federal Emergency Management Agency (FEMA):** \$22.1 billion is recommended for FEMA including \$17.7 billion to support the Disaster Relief Fund. The recommendation provides \$3.1 billion in grants, sustaining support for SLTT governments, including \$560 million for State Homeland Security Grants; \$1.1 billion for SAFER, Assistance to Firefighters, and Emergency Management Performance grants; and increases for dam safety and regional grants.

- **U.S. Citizen and Immigration Service:** The bill includes \$119 million to support E-Verify employment eligibility determination activities.
- **Federal Law Enforcement Training Centers (FLETC):** \$330 million is recommended for FLETC, supporting continued training activities and the purchase of necessary dormitory space.
- **Science and Technology:** \$764 million is recommended for Science and Technology, including research initiatives related to opioid and fentanyl detection, port and coastal surveillance, University Programs, and canines, among other important research initiatives.
- **Countering Weapons of Mass Destruction (CWMD):** \$388M is recommended for CWMD, including funds to restore the Securing the Cities program that were eliminated in the budget request.
